----- MORNING CLASSES 10 - 11:30 A.M. -----

Golf

Instructor Mr. Nicholas Wheeler
Whether you have golfed all your life or you have just decided to start playing, this class is for you. This class will cover rules, etiquette, short game and full swing. This is the perfect opportunity for everyone to improve current knowledge and skills.

Introduction to Digital Photography

Instructor Dr. Brent Ottaway
Photography is a wonderful hobby, and today's digital cameras make it easier than ever to take great pictures. This class will cover the fundamentals of digital photography: composing a pleasing photo, using basic features of digital cameras, and editing and storing the photos. Students who already dabble in photography are invited to bring some printed photos long with them on the first day of class.

Meet the Local Authors

Instructor Varied
Come and meet five local authors who will be discussing their works: Mr. Jerry Carnicella from Patton who is the author of *A Baby Boomer's Look Back* and *A Generation of Reflection*; Ms. Jean L. Croyle from Central City who wrote *Encounters*; the Rev. Noah S. Martin from Johnstown who authored *What to do While You Wait for the World to End*; Mr. Gerald Papson of Carrolltown, writer of both *The Line Gang* and *Hey Telephone Man*; and Ms. Patty Wilson of Osterburg who has written *The Big Book of Pennsylvania Ghost Stories*.

----- AFTERNOON CLASSES 12:30 - 2 P.M. -----

Dancing Young

Instructor Ms. Jan Davis
Over 50 doesn't have to mean over the hill. Learn how to stay young and stay fit with low impact dancing, jazzercise and line dancing. Basic dance steps will be introduced as well as stretching and toning. Put on your dance shoes and stay fit while having fun!

Understanding the World's Religions

Instructor Dr. Arthur Remillard
This class will introduce you to the beliefs, practices, and ethical foundations of the world's major religions, in particular, Hinduism, Buddhism, Judaism, Christianity, and Islam. Throughout the week, we will examine how practitioners of these religions orient themselves toward ultimate reality, and how these religious encounters shape and influence their daily actions. The principal objective of this course is to demonstrate the supreme significance that religion has played in shaping our world.

You Can Draw! Art for Beginners
