## Method(s) Used to Secure Employment/Graduate School

### Methodology

The Class of 2023 First Destination Survey was distributed by the Career Services Office to 657 undergraduate and graduate students who graduated from Saint Francis University in August 2022, December 2022, and May 2023. \* Each graduate received an email with a link to the survey and a paper copy of the survey by regular mail in October 2023. Two months later, in December 2023, each non-respondent was contacted again by email. Faculty, staff, advisors, and academic departments were then contacted to obtain any available post-graduation information for non-respondents. In addition to the mailings and faculty contact, follow-up emails were sent to non-respondents. Social media tools (LinkedIn, Facebook, and Instagram) and Google searches were also used to retrieve graduate information. The survey link was also accessible to alumni at [www.francis.edu/career](http://www.francis.edu/career).

*\*The definition of the Class of 2023 was changed to match with the Registrar repeating August 2022 that was included in the Class of 2022 First Destination Report.*
