Method(s) Used to Secure Employment/Graduate School

Methodology

The Class of 2024 First Destination Survey was distributed by the Career Services Office to 573 undergraduate and graduate students who graduated from Saint Francis University in Summer 2023, December 2023, and May 2024. Each graduate received an email with a link to the survey and a paper copy of the survey by regular mail in October 2024. Two months later, in December 2024, each non-respondent was contacted again by email. Faculty, staff, advisors, and academic departments were then contacted to obtain any available post-graduation information for non-respondents. In addition to the mailing and faculty contact, follow-up emails were sent to non-respondents. Social media tools (LinkedIn, Facebook, and Instagram) and Google searches were also used to retrieve graduate information. The survey link was also accessible to alumni at www.francis.edu/career.
