## Method(s) Used to Secure Employment/Graduate School

### Method(s) Used to Secure Employment/ Graduate School

## Methodology

The Class of 2025 First Destination Survey was distributed by the Career Services Office to 534 undergraduate and graduate students who graduated from Saint Francis University in August 2024, December 2024, and May 2025.<sup>1</sup> Each graduate received an email with a link to the survey and a paper copy of the survey by regular mail in October 2025. Two months later, in December 2025, each non-respondent was contacted again by email. Faculty, staff, advisors, and academic departments were then contacted to obtain any available post-graduation information for non-respondents. In addition to the mailings and faculty contact, follow-up emails were sent to non-respondents. Social media tools (LinkedIn, Facebook, and Instagram), Handshake, and Google searches were also used to retrieve graduate information. The survey link was also accessible to alumni at [www.francis.edu/career](http://www.francis.edu/career).

1. As recommended by the National Association of Colleges and Employers (NACE), the First Destination Report focuses on undergraduate and graduate outcomes and does not include data related to certificates and certifications earned.
