Important Questions	Answers	Why This Matters:
What is the overall deductible?	Benefit Period deductible Participating Provider and Non-Participating Provider Combined: \$1,600 Individual/ \$3,200 Family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes. Deductible does not apply to Preventive care .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment (copay) or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Participating Provider : (coinsurance only) \$0 Individual/ \$0 Family (All Inclusive) \$1,600 Individual/ \$3,200 Family Non-Participating Provider : (coinsurance only) \$1,500 Individual/ \$3,000 Family (All Inclusive) Not Applicable	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums , balance-billing charges (unless balanced billing is prohibited), and health care this plan does not cover.	Even though you pay these expenses they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See www.upmchealthplan.com or call 1-888-876-2756 for a list of in-network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
