

ADCS Assessment Plan

Description of the ADCS AS in Business

The AS in Business through ADCS provides a strong fundamental business curriculum. The business core includes courses in accounting, business administration law, intro to business, finance, management, marketing, production, operations management, statistics, and technical literacy. It develops the necessary skills and competencies of an undergraduate business education at Saint Francis University.

ADCS Associate Degree in Business Administration Intended Student Learning Outcomes (ISLO)

1. Students will be able to demonstrate knowledge of the fundamental principles in business in the functional areas of accounting, business law, finance, management, and production/ operations.
2. Students will be able to demonstrate knowledge of the legal, ethical, and social environments of business.
3. Students will be able to demonstrate critical thinking by demonstrating their ability to use data and other decision-support tools in the process of effective decision making.
4. Students will be able to demonstrate the ability to communicate effectively and professionally.
