Indicators Used

INDICATOR	DESCRIPTION AND HOW IT WAS CALCULATED
Career Placement Rate	The Career Placement Rate is determined through a comprehensive survey of 2023 graduates conducted by the Saint Francis University Office of Career Services and reported in its published <i>Class of 2023 Final Destination Report</i> . The survey determines a successful career placement as being either a full-time job in the graduate’s field of study, in a related field, or continued study in graduate school within 6

	<p>months of graduation. The <i>survey response rates</i> for graduates ranged from 83% to 100% across the business programs in the most recent survey administered. Saint Francis University regularly achieves high response rates for this survey that measures a critical success metric for the Shields School of Business. There is a usual year-lag in the graduation year report compared to the Academic Year it is reported for. More simply, it collects outplacement data for the 2023 graduation year during the 2023-2024 Academic Year. Saint Francis University is currently tabulating the career outplacement rates for the 2024 graduating class.</p>
