**BECOME THAT SUCCESSFUL STUDENT**

All of us – parents, faculty, and advisors – want our students to transition successfully to Saint Francis University both academically and personally and become engaged in academic and campus life during their academic career, all leading to their success later in careers, families, and communities. We are committed to every student having the necessary programs, resources, and support throughout their entire college years, with a special emphasis on the first year. This panel discussion will address the expectations of our First-Year Experience, the support services available to help students meet their academic responsibilities, and many suggestions to ease the transition.

**STUDENT SUPPORT SERVICES**

The overall wellness and safety of our students is a primary concern for all our staff and faculty. We know this concern is shared by families and our students. This panel of administrators will address wellness issues, campus safety and security, health services, community standards and expectations, and the overall atmosphere of community life. Questions to the panel are encouraged, and we propose conversation on the values and principles of our campus community.
