Letter from the President

Saint Francis University’s 600-acre campus sits atop a gorgeous mountaintop in Loretto, PA. (near Pittsburgh). We’re one of the oldest Catholic universities in the country, and the oldest dedicated to Franciscan values. Our University is an inclusive learning community that welcomes all people. We are each unique, yet we share a common bond: a desire to be a better person tomorrow than we are today. Our University is ranked among the very best according to U.S. News and World Report. We provide more than 50 academic programs of study that fuel your mind and feed your soul. Saint Francis of Assisi, through his Catholic Franciscan mission, left us an abundance of clues for living a meaningful life. Through his Faith and Franciscanism, he pointed the way in arts, business, healthcare, and the environment. We are home to one of the smallest NCAA Division-I programs in the nation and recognized for academic excellence and sportsmanship! Go Red Flash!

The safety and security of every member of our SFU community is most important. The success of our faculty, staff and students relies on the continuous safety efforts by all. The University Police Department is staffed by a highly-trained police force that leads our campus safety effort. SFU’s innovative approach to campus safety includes the immersion of sworn officers in the living and learning spaces of our campus as mentors and problem-solvers. We also work closely with local law enforcement agencies to jointly police neighbors’ adjacent to our campus where many upper class students live. On and off campus, we have 24-hour police protection; an escort service for anyone who does not wish to walk alone; student police dispatchers; a safety committee made up of faculty and staff; as well as a state of the art mass notification system (RAVE) for distribution of emails and text messaging in case of an emergency. We are very fortunate that our Police, Residence Life and Student Development Departments work hand in hand to provide the utmost protection to all that call our campus...home. While SFU takes extraordinary steps to help create a campus culture built around safety, caring and cooperation, we cannot lose sight of the simple fact that no community is immune or completely safe from predators. We encourage you to use the information contained within this report to promote your own awareness and to continue to make the SFU community a place where education and Franciscan values flourish in a caring living and learning environment.

Fr. Malachi Van Tassell, T.O.R, Ph.D.
President, Saint Francis University
Preparation of the Annual Security and Fire Safety Report

Saint Francis University Police Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act as well as the Pennsylvania Crime Reporting Act. This report includes statistics from the previous three years concerning reported crimes that occurred on campus, in specific off-campus buildings or property owned, leased or controlled by the University, and on public property adjacent to the University. The University uses material, which has been gathered from information provided by numerous departments including University Police, Campus Security Authorities, Office of Residence Life, Student Conduct and Study Abroad; along with information provided by the Loretto Borough Police Department and the Pennsylvania State Police. Each of the departments were asked to provide updated policy information and crime data. The Annual Security and Fire Safety Report also includes institutional policies regarding campus safety, such as policies concerning sexual assault and harassment, stalking, domestic and dating violence, alcohol, and other drugs for both University campuses (Loretto, PA and Ambialet, France).

Saint Francis University makes their Annual Security and Fire Safety Report available to every member of the University community by October 1st of each year and explains the process on how to access the report. The Annual Security and Fire Safety Report is available at the University Police Department or online at www.francis.edu/Campus-Safety-and-Health

The following report has been provided as an overview of security, facts and information that will be helpful to you. Everyone on campus should be safety conscious and follow all safety and security procedures. If you have any questions or need additional information you may contact any departments mentioned in this report

Timely Warning Reports
In the event a situation arises at Saint Francis University and it constitutes an ongoing and continuing threat, the police captain in consultation with university administration, will be responsible for:
- Determining if a crime report is needed
- Preparing the content of the crime report
- Issuing Crime Alerts as promptly as reasonability possible to aid in the prevention of related events.

Determination
A crime alert will be issued when a serious, unresolved crime is committed on or adjacent to the university and the crime creates a serious or continuing threat to campus safety. Crime alerts will not be issued if, in the judgment of The Chief of Police the Director of Residence Life and Vice President for Innovative Partnerships & Student Development, that the crime is not considered to create a threat to the campus community.

Content
Crime reports will describe the alleged actor(s), the nature of the crime, date, time, location of the crime, and the type of safety measures that individuals should take in order to prevent similar occurrences. Crime Alerts will not contain any identifying information about the victim(s).

Distribution
Crime Alerts will be issued by the University Police Department through the university’s RAVE Alert mass notification system to students, faculty and staff. The chapel bell, assigned floor guardians and mass emails may also be used to notify of an immediate threat to campus.

Depending on the particular circumstances of the crime, especially in situations that could pose an immediate threat to the community and individuals, the Saint Francis Police Department may post a notice to provide the university community with more immediate notification on the University’s website at: [www.my.francis.edu](http://www.my.francis.edu). In such instances, a copy of the notice will be posted in each residence hall, at the entrance to all academic buildings, the dining hall, student center, along with numerous other high traffic areas on campus.

The location of the Saint Francis University Police Department and contact numbers will be included on the notice to facilitate timely communication with the investigating officers.
Emergency Notification and Evacuation Procedures

IMMEDIATE OR EMERGENCY NOTIFICATION, EMERGENCY RESPONSE, AND THE EMERGENCY MASS NOTIFICATION SYSTEM (RAVE)

In the event of an emergency, an effective Campus-wide communications process is vital in order to provide the greatest safety possible for the University community. As part of its Emergency Management Operations, the University has adopted a formalized procedure for issuing immediate notifications to the campus community.

The immediate notification capability of the emergency mass notification system is designed to assist the University in immediately notifying the campus community upon confirmation of a significant emergency or dangerous situation occurring on or near the campus that involves an immediate threat to the health or safety of students or employees. A threat is imminent when the need for action is instant, overwhelming, and leaves no moment for deliberation. Such situations would include, but are not limited to, a hazardous materials incident requiring shelter-in-place or evacuation, an armed intruder on or near campus, an approaching tornado, or a fire actively raging in a campus building.

The University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system to the appropriate segment or segments of the campus community, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate an emergency.

Immediate notification to the campus can be accomplished through a variety of communications methods, but the use of the emergency cell phone text, and all campus email, would be seen as the most common and quickest forms of communication under these circumstances. Confirmation typically involves the response and assessment of University Police officers, University officials, local police, or emergency responders.

When on-duty Police officers become aware of a situation that may warrant the issuing of an immediate notification, the on-duty Police Officer confirms (through response, investigation, or collaboration with emergency responders) that there is a significant emergency and then immediately contacts the Chief of Police. The Chief of Police will contact the Director of Residence Life and Vice President for Innovative Partnerships & Student Development, who will quickly evaluate the situation to determine if an alert is warranted, develops the content of the notification message, and then identifies the appropriate segment or segments of the campus community who will receive the notification. Notification message content is determined based on the type of incident, the context with which it is occurring, and the immediate danger or threat to the campus community and the need to advise campus community members to take action. The University will endeavor to make such notification sufficiently specific so as to enable recipients to take an appropriate response to the threat. Pre-canned messages have been prepared as part of the emergency notification system to aid in rapid communication processes. In situations lacking the presence of an imminent threat, the Chief of Police consults with the Director of Residence Life and Vice President for Innovative Partnerships & Student Development prior to an alert being issued.

Follow-up notices/communications will be provided as necessary during an active incident and may be provided by the Chief of Police and Director of Residence Life. When a threat is neutralized or effectively removed, campus community members will be appropriately informed via all or some of the aforementioned communications methods.

When the emergency mass notification system (RAVE) is activated using the, email, and cell phone text, University officials will notify campus community members of the emergency situation, its exact location, and will most likely request community members to protect themselves by evacuating the affected area if it is safe to do so and/or by employing the “shelter-in-place” concept.
Emergency Notification and Evacuation Procedures

Shelter-in-place means to take immediate shelter wherever you happen to be at the time of a shelter-in-place notification – in campus housing, in privately-owned housing near campus, in an academic or administrative building, etc. Community members should remain in a shelter-in-place status until the all-clear is communicated by emergency response personnel via an emergency rapid communications system(s).

University authorities may instruct campus community members to “shelter-in-place” if a condition exists that is potentially life threatening and has an immediate threat to the health and personal safety of the campus community. Immediate threats would include, but are not limited to: active shooter incidents, mass acts of violence, tornadoes, terrorist attacks, or hazardous materials incidents.

How to Shelter-In-Place:

• If you can safely evacuate a potentially dangerous or hazardous situation, do so immediately. If you cannot safely evacuate and you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel.
• Locate a room to shelter inside. It should be: – an interior room; – above ground level; and – without windows, or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
• Shut and lock, if possible, all windows (tighter seal) and close exterior doors. Doors and windows may need to be barricaded, if possible.
• Turn off air conditioners, heaters, and fans.
• Close vents to ventilation systems, as you are able.
• Make a list of people with you, and ask someone to call the list into POLICE OFFICER to inform them where you are sheltering.
• Turn on a radio or TV and listen for further instructions.
• Make yourself comfortable.

Off-campus Emergencies:
The University Police Department may sometimes receive emergency information from the Cambria County 911 Center regarding incidents in Cambria County that could imminently impact the safety of the St. Francis University community. When appropriate, University Police notifies the campus community of off-campus threats that could also represent a threat to the health or safety of students or employees.

Emergency Mass Notification System (RAVE) Testing and Registration:
The Emergency Mass Notification System (RAVE) will be tested at least each academic semester to ensure that all systems are working properly and that emergency managers maintain a working knowledge of the system. These tests will also be educational moments for the campus community to remind them that this system does exist, and that it is a working and functioning system that they can rely upon. In conjunction with at least one of the annual RAVE test notifications, information is shared with the campus community related to the campus’ emergency response and evacuation procedures.

Students, staff, and faculty are informed of the University’s RAVE program and evacuation processes annually during training and through written notification. This includes dissemination of information about how to respond during the activation of the RAVE in response to a significant incident on campus or within the immediate area of the campus that potentially directly impacts the safety of campus community members. These information sessions have been built into first-year orientation, residence life student staff training, and new employee/faculty orientations.
Emergency Notification and Evacuation Procedures

Police Officers additionally test evacuation procedures for all residence halls, and off campus properties owned or controlled by the University at least once each semester as part of Public Safety's fire drill and safe evacuation programs.

The RAVE processes are tested once each semester – including the activation of the cell phone/text messaging systems. These tests are usually announced tests, but they may be unannounced. Available student cell phone numbers are loaded into the cell/text notification system upon their registration for classes.

Faculty and Staff participation is optional. Faculty and Staff must register through RAVE:

- If you do not currently receive the RAVE notification, it shows you are not in the system and should sign up if you want to receive future notifications.
- Users should keep in mind that changes may take a few days to take effect.

The University’s means of communicating during an emergency situation include the following, although not all of these methods are always employed.

The communications method used would depend on the type of emergency:

- Cell phone Text
- All Campus Email Alerts
- Emergency Website, Facebook, and Twitter Accounts
- Public Media (TV, radio, news websites)
- Fire Alarm System Notification
- Public Address System from Siren and from Public Safety Vehicles
- Flyers posted throughout Campus
- Direct On-foot and In-person Notifications

EVACUATION PROCEDURES

St. Francis University Police shall be responsible for the safe evacuation of all persons utilizing the University’s facilities in the event of natural disasters, civil disturbances, and active threats. The level of necessity will determine the response by Police Officers. If large scale events occur that are beyond the resource capabilities of Police Officers and the University, officials will request assistance from outside emergency resources such as the Loretto Borough Police and Fire, State Police, Cambria County Emergency Management, and/or state departments of emergency management. The need to implement evacuation from a campus building or the entire campus shall be based upon information received by or furnished to St. Francis University.

The information may be in the form of instructions or advice from the Cambria County Emergency Management Agency, the Governor’s Office, or other officially recognized agency. Full or partial evacuations may be necessary as a protective action to reduce campus community members’ exposure to a hazard. Protective actions reduce TIME of exposure, create DISTANCE, or provide SHIELDING from a specific hazard. Hazards that may require an evacuation include:

- Fire
- HAZMAT release
- Bomb threat or suspicious device/package
- Hostile intruder
- Massive utility failure
- Severe weather conditions
- Hazard that renders facilities uninhabitable
Emergency Notification and Evacuation Procedures

**Exercise of Judgment and Contingencies:** The actions described are basically standard by nature. When situations arise for which the procedures to be followed are not fully prescribed in the University’s Emergency Operations Plan (EOP), responsible personnel will be expected to exercise good judgment, make appropriate decisions, and provide any support necessitated by the situation.

As part of the decision-making process relative to an evacuation, the evacuation must be able to be completed well before the arrival of a hazard. When there is little to no warning time, a shelter-in-place decision/order may be more appropriate. Additional factors to consider beyond warning time when deciding on whether or not to evacuate include:

- Size and geographical area affected
- Population density of the surrounding area
- Capacity and condition of the road network
- Are sufficient transportation resources available – University transportation, public transportation, and private transportation?
- Are there safe alternatives?
- Ability of campus facilities to provide shielding from the hazard
- Ability of facilities to support the population
- Local considerations and local police and emergency resources support

**Scope of an Evacuation:**
The scope of an evacuation can include a single building, a group of buildings, and/or a large geographical area. The scope could go beyond the borders of the institution, and/or the University may be impacted by an evacuation initiated by the local authorities. Size and scope considerations must be included in the overall decision-making process.

**Building Evacuation:**

- All building occupants are required to evacuate when the fire alarm sounds or upon the order of an authorized University official, such as a Police Officer.
- If time permits, stabilize lab procedures, turn off stoves and ovens, and unplug or disable any device that could make a dangerous situation even worse.
- Move to the closest exit and proceed down the EXIT stairwell in a safe and orderly manner. Take personal belongings with you. Do NOT use elevators.
- Remain at least three hundred (300) feet outside of the building and await further instructions. Keep roadways open, and beware of approaching emergency vehicles. Notify emergency responders of anyone trapped, especially anyone with a physical disability. Large-scale Campus Evacuation:
  - If evacuation of part or all of the campus is necessary, monitor text message/voice alert system, email, and the University’s website for additional information.
  - Those in need of transportation will be directed to areas to await transport to an off-campus site.
Emergency Notification and Evacuation Procedures

Large-scale Campus Evacuation:

- If evacuation of part or all of the campus is necessary, monitor text message/voice alert system, email, and the University’s website for additional information.
- Those in need of transportation will be directed to areas to await transport to an off-campus site.

Emergency Preparedness Overview

Emergency preparedness at St. Francis University is managed by the University’s Emergency Operations Plan (EOP) and Program and Emergency Response Team (ERT). Emergency operations planning at St. Francis University means preventing, preparing for, responding to, and recovering from any and all emergencies that could affect the St. Francis University and local St. Francis Borough communities.

It means having a comprehensive plan extending from all levels of emergency personnel, down through the individuals that make up our community, to prevent situations that cause emergencies; it means preparing people on the procedures to follow, should a crisis occur; it means having a well collaborated response approach from University and local officials and State and Federal agencies to effectively mitigate any crisis; and it means being ready and able to recover quickly from emergency events in order to keep the operations and business continuity of St. Francis University moving forward.

Emergency Response Team (ERT)

All emergency incidents occurring on campus or impacting the college campus community will be managed using the Incident Command System (ICS) and the National Incident Management System (NIMS), as outlined by Federal and State agencies.

The primary responsibility for responding to emergencies on St. Francis University’s campus rests with the University Police Department, local emergency services, and the President of the College. The Emergency Response Team - is the established protocol for managing all aspects of an incident. University Police, along with other College departments and the emergency services organizations, plays an essential role as the first line of defense. In responding to an emergency or disaster, ST. Francis University will make full use of the facilities, equipment, supplies, personnel, and resources of the College. The College President, as chief executive, has the authority to direct and coordinate disaster operations and may delegate this authority to an emergency manager. Incident Command is established when an authorized individual (Usually a University Police officer or supervisor, fire chief) is onsite and communicates their authority with all personnel involved.

If a situation arises on or around campus that could potentially threaten the health or safety of College community members, senior officers of the College, members of ERT, and members of Public Safety are immediately summoned as part of St Francis University’s crisis response procedure. University Police Officers, supervisors, and administrators are trained in crisis response and have the authority to take immediate action in response to an imminent crisis, using the Emergency Operations Plan (EOP) and departmental procedures as a guideline.
Emergency Notification and Evacuation Procedures

These actions may include:

- Deployment of additional Police officers
- Engagement of law enforcement officials
- Summoning of local, county, or state emergency management officials
- Enhanced patrol of the campus
- Closing of roads and entrances onto campus
- Securing of campus buildings and residence halls
- Evacuation of campus buildings and residence halls

There is one Incident Commander (IC) for an incident. When more than one jurisdiction or one agency is involved, a Unified Command structure will be established. Command will function from an Incident Command Post (ICP). Certain "triggering" conditions may dictate a broader institutional response. This broader response will be managed from an Emergency Operations Center (EOC) by the ERT.

When an Emergency Operations Center (EOC) is established, ERT will assume a policy, direction, and coordination role over the institution’s response and recovery. The EOC will act as an umbrella organization that brings together all of the elements necessary to support the incident and maintain ongoing operations. Command will remain with the Incident Commander or Unified Command group.

The ERT consists of two groups, the Core group and the Advisory group. The Core Group Members are the policy decision-makers and include the President and members of senior staff. The Advisory Group Members are the policy developers and implementers and include key department heads from organizations throughout the institution. The members of ERT are institutional emergency incident resources and potential responders; they are not persons to whom community members should report crimes.

TESTING, EXERCISE PREPAREDNESS DRILLS, AND TABLE-TOP EXERCISES

In accordance with the institution’s Emergency Operations Plan (EOP), St. Francis University will use its emergency procedures and plans for testing emergency notification, response, and evacuation. A Test is defined as regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities.

ERT will perform periodic table-top exercises (at least one per year) in order to practice the implementation of the campus’ emergency operations plan and supplement emergency policies and procedures and to assess and evaluate emergency plan capabilities. Additionally, divisional and department level exercises are regularly initiated to train staff personnel on emergency operations. During CERT exercises, the campus evacuation plan is either reviewed or practiced as part of the training session. The Executive Director of Public Safety, in coordination with the Office of the President, will be responsible for scheduling and conducting these table-top exercises. As a minimum, one CERT Table- Top exercise per academic year will occur with the entire CERT Group. Additionally, local emergency responders from the Fire and Police Departments, St. Francis Hospital, and Adams County Emergency Management Agency (EMA) will be invited to participate along with University officials during one table-top each year. Exercises can be either announced or unannounced.

After-Action Reports of Tests /Exercises: After-action reviews will be conducted following each test and/or exercise that documents the test/exercise, provides a description for each test/exercise, the date, time, whether the test was announced or unannounced, and an assessment of the lessons learned from the exercise.
Security and Access to Campus Facilities

Security and Building Access
Saint Francis University has installed and maintains all exterior lighting on campus grounds and around all buildings. While still maintaining a scenic campus setting, the university grounds crews keep all trees and shrubs trimmed to reduce safety concerns. Along with keeping the grounds pristine, the University Physical Plant also conducts an annual lighting survey on campus. This survey consists of all exterior lighting around buildings, walkways, streets and parking lots.

During the week there are numerous Saint Francis employees who work at addressing health, safety and maintenance issues on campus. They work alongside the University Police Department and Physical Plant to correct the issues in a timely manner.

As part of their duties, Residence Life staff members conduct health and safety inspections of their assigned residence hall. They have access to an online work-order system in order to get their concerns to the physical plant. The residence life staff also works closely with University Police in situations that constitute emergency maintenance or housekeeping issues as part of a 24-hour call out program.

University Building and Programs
With the exception of residence halls, Saint Francis University is open to the public during the day and evening while in session. On the days the University is officially closed, all buildings will be locked, and only those with granted access will be allowed in any university building. Students requiring housing over the break period, may make their request through the Residence Life Office 814-472-3029.

Some Saint Francis sponsored programs are open to the general public, while others are reserved to students with a valid Saint Francis ID. Some events may require additional security personnel to help with staffing during the event, such as football games.

Living at Saint Francis University
Saint Francis University Police Department, and the Office of Residence Life, work in corporation with each other in order to provide resident students with a safe and secure environment. It is important that students, faculty and staff members work together in order to enhance the quality of life, along with safety in the residence halls and off campus properties.

To house undergraduate students during the academic year, Saint Francis University maintains some 1,280 residential beds in 10 residence halls and 11 apartment style structures. They include singles, doubles, triples, suites, houses and apartments.

All of the 10 residence halls on campus and one off campus housing unit, along with two academic buildings are controlled by a card access system, which are all control by the Saint Francis Police Department and Information Technology Department. All residence hall entrance doors, along with numerous areas on and off campus are monitored by video surveillance, which is overseen and controlled by the University Police Department.

As part of their daily routine University Police officers are in all residence halls throughout their assigned shifts, in order to give an added sense of security to those residing in University housing.

Residence Hall Security
When resident students arrive on campus, for the first time or returning, they are provided with information regarding campus safety and residence hall security, such as:

- Who to call if there is an emergency
- What procedures to follow in the event of a fire
- Who to contact if they become locked out of their room or residence hall
- How to mark and keep valuables safe
- Visitation, alcohol and drug policies
- General campus safety, along with numerous other topics

During the mandatory first hall meeting of the semester, conducted by the Resident Assistant, students are able to become familiar with their surroundings inside the residence hall and the unique security features allowing them to help make Saint Francis University a safe and secure environment for all. All exterior entrance doors into the residence halls are controlled by card access readers 24-hours a day, seven days a week. Should you find a door into one of the residence halls not operating or securing properly, notify the Saint Francis University Police Department at 814-472-3360 from a non-campus phone, or by picking up the phone located in the call box outside of each residence hall. You may also notify your buildings resident assistant who will notify the proper authorities. Along with the card readers, all exterior doors of all on campus residence halls are monitored by video surveillance 24-hours a day, 7 days a week for added security for those students living in a University residence hall.

Residence Life Staff
The Residence Life Staff is made up of the following:

- Thirty-eight residence Assistants (RA’s)
- Three Residence Life Coordinators (RLC’s)
- One Graduate Assistant (GA)

All residence life staff undergo extensive training sessions throughout the academic year. These trainings include how to handle various emergency situations, de-escalation techniques, alcohol and drug, fire extinguisher, Campus Security Authority, medical, evacuation, etc. The Residence Life staff is available 24-hours a day, seven days a week in the residence halls. Residence Life Coordinators (RLC’s) along with completing nightly rounds also maintain scheduled day and evening office hours. Both the Resident Assistant and Residence Life Coordinator are on duty every night, including weekends and holidays during the academic semester. This allows them to assist the residence in any manner. The residence life duty schedule is posted in the residence hall they oversee.

Security Features for Student Rooms
Every room located inside the residential facilities has its own room key, which are coded with a core number, instead of a key code so if lost no one knows what room the key belongs to. The University advises not to attach room keys to your student ID card, due to if lost it would allow someone into your residence hall and your room.

All exterior doors are secured and controlled by electronic locks, accessible only by student ID cards. Each ID card is encoded specifically for that student's building and will not work to gain access into any other residence hall on campus.

Residence should always remember to lock their room doors and windows at all times and carry their key and ID with them at all times, even if only going across the hall or to the restroom. If you should become locked out of your room or building and your Resident Assistant is not on duty, there are phone boxes located outside each residence hall that will connect you directly to the on duty officer.

Housing Assignments and Change Requests (continued)
The office of Residence Life is responsible for making all housing assignments and determining the occupancy and capacity of any room or unit. Attempts will be made to honor roommate request, providing both students have notified the Office of Residence Life. Such requests will be honored on a space available basis. Students who have not expressed a roommate preference will be randomly assigned. The University will not discriminate in the basis of race, color, religion or nationality in the assignment of roommates.

Room changes will not be accommodated until after the first day of classes in any semester. Until that time, all students must remain in their official room assignments. Open room changes will be permitted for a one-week period and will be determined by housing administration. If a student changes room assignments without written approval, he/she will be in violation of their housing contract and will be subject to a $25.00 fine. In order to accommodate all students applying for housing, it may be necessary to assign students to temporary housing. Upperclassmen take part in a room draw process each Spring Semester to determine their living assignments and roommates for the following year.

If roommates are having issues with sharing a room, they should first try and resolve the issue amongst themselves. If it does not work, they will need to speak with one of the Resident Assistant’s in their assigned hall, in order to establish guidelines to make the living assignment work. If the steps set in the roommate mediation are unsuccessful, the student will have the right to meet with a Residence Life Coordinator to determine if a room change is necessary.

A. Statistics in these categories show arrest for all liquor, drug, and weapons law violations and include both student and nonstudent arrests. Students arrested for these violations are automatically referred to the Office of Student Conduct.

B. Hate Crime information includes crimes reported to Chart 1 (except liquor law, drug violations and weapons law) and any crime involving bodily injury, theft, simple assault, intimidation, or vandalism that exhibits evidence that the victim was intentionally selected because of their actual or perceived Race, Religion, Sexual Orientation, Gender, Ethnicity, National Origin, Disability, or Gender Identity. Hate crime information: for the last three reporting years (2014, 2015 and 2016) there was no hate crimes committed at Saint Francis University.

C. A report is considered as unfounded and removed from crime statistics when sworn or commissioned law enforcement officers have fully investigated the crime report and have determined the report to be false or baseless.
Determination of Reportable Locations

While Saint Francis University holds classes in various locations throughout the world, only two of our locations meet all of the reporting requirements set forth in the Campus Safety Act. The only sites that have an organized program of study and administrative personnel on-site are the Loretto, PA and Ambialet, France campuses. All of the policies and expectations of student conduct are followed regardless of which campus location the students are attending, along with enforcing all University policies the same educational programs are available to the students. While we are not required to track and report these numbers, any incident reported to the University from one of below mentioned will be included in this report.

The following will be included:

- Campuses’ with administration which are Saint Francis University located in both Loretto, PA and Ambialet, France
- Campuses’ without administration which are Jamaica Costa Rica, Bolivia, Peru, Nicaragua, London, St. Lucia, Spain, Penn Highlands Community College Johnstown, South Hills School of Business State College, South Hills School of Business Altoona, Greater Altoona Career and Technology Center, Chestnut Ridge Elementary, Clearfield County Career and Technology Center, Clearfield County Career and Technology Center, Richland High School, Mount Union High School, Glendale School District, Windber Elementary School, Sheetz Corporate Office Altoona, Concurrent Technology Corporation Johnstown

Notes for Saint Francis University’s Uniform Crime Reporting Act (Chart II)

A. Under the Uniform Crime Act (UCR) Part I Crimes guidelines, the crime of Rape includes Rape, Attempted Rape, and Sexual Assault.
B. Under UCR Part II Crime guidelines, Other Assaults include Simple Assaults as well as Harassment incidents involving a threat to assault
C. Under UCR Part II Crime guidelines, Sex Offenses (except Part I offenses) include Indecent Assault and Indecent Exposure.
D. All other Offenses (except traffic) include, but are not limited to, trespass and violation of city ordinance

Chart I: contains the statistics for those offenses reported to the Saint Francis University Police Department, the Loretto Borough, Pennsylvania State Police and other law enforcement authorities that have jurisdiction of areas where the University uses or has control over a given area, and the University personnel who have significant responsibilities for student life and campus activities.

Chart II: contains the statistics for those offenses reported to the Saint Francis University Police Department only as recorded for the Uniform Crime Report (UCR). These UCR statistics are derived, in part, from patrol areas in areas which are not adjacent to campus.

Chapter 3 of the Pennsylvania Uniform Crime Reporting Act requires the release of crime statistics and crime rates to students and employees, and it also requires that the statistics be available to applicants and new employees upon request. The crime rate is determined by a formula specified by the Uniform Crime Reporting Act and is calculated by dividing the number of reported crimes by the number of full-time equivalent students and employees, then multiplying that number by 100,000.

It is important to understand that the crime classifications for which colleges and universities must provide statistics differ under state and federal law. Statistics for certain crime classification might appear to be different. For example the federal statistics for motor vehicle theft differ from the state statistics for the same category because the federal classification includes attempted motor vehicle theft, while state law requires institutions to separately report attempted motor vehicle thefts. Saint Francis University complies with its record-keeping and reporting requirements under applicable laws, including protecting personally identifying information about the survivor.

Those under the minimum legal drinking age of twenty-one are not permitted to possess or consume alcohol anywhere on University property or at University sponsored events. All Saint Francis University residence halls are substance free, meaning no alcohol is permitted regardless of your age. Consumption of alcoholic beverages is prohibited for all students regardless of their age in all property owned, leased or subject to the control of the University, or as part of any of its activities, including, but not limited to off-campus activities sponsored by the University or engaged in by any recognized student organization. Students found to be where alcohol is present or being consumed will be in violation of the Saint Francis University alcohol policy. Students over the age of twenty-one who live in HATP units, upon review of their status, may request an exception in accordance to the HATP alcohol policy. The sale or furnishing of alcoholic beverages of any kind, to a person under the age of twenty-one, aside from being a violation of state law is also considered to be a more serious violation of the University’s alcohol policy.

Students who are of the legal drinking age may not share or provide alcohol to any students, employees or guests who are under twenty-one years of age. Drinking games, and simulated drinking games are prohibited on University property.

The University has full discretion in determining what events will permit the possession, consumption, of alcohol by persons of the legal drinking age. For more information, see the University’s Social Event Policy.

Drug and Alcohol Education Programming
Saint Francis University offers numerous programs throughout the academic year on Drug and Alcohol awareness which are open to all University students.

- **SOAR Presentations:** Every year Saint Francis University presents Summer Orientation sessions with the parents of all incoming Freshman students on the significance of alcohol use for University students. There we review University policy’s on alcohol use and talk about shared local resources both on and off campus. Parents are encouraged and given tips on how to initiate a dialog with their student about alcohol and drug use. Presented by numerous administrative members of the University.
- **What is the True Cost of Underage Drinking:** The true cost of underage drinking is much more than purchasing the alcohol, dealing with the hangover or paying for the damages you may have done. Hear straight from District Judge John Prebish Jr.; Liquor Control Enforcement representative; Associate Dean of Students, Ms. Lynne Banks; Director of Residence Life, Mr. Don Miles, and head of University Police, Captain Chris Lytle, as to what is truly at stake for you. This training is required for all freshmen and is available upon request to all University members.
- **Beer Goggles:** Students were encouraged to volunteer to perform field sobriety test, while wearing Beer Goggles. This is program was presented by the Public Health Program and was open to all University students.
- **Alcohol Jeopardy:** Students participate in a game show style event in the Residence Hall, this program is open to any group upon request. Presented by Saint Francis Drug/Alcohol Services.
- **A Community in Crisis, Opioid Addiction and Abuse:** Presented by Conemaugh Health Systems. The program focused on the opioid epidemic on both a national and local level, with the far-reaching impact on the community. This open to all students and the local residents.

Saint Francis University restricts the use of alcohol at all events involving groups while on university property. Furthermore, alcohol is prohibited in all residence halls on campus. Policies on Hazing

Anti-Hazing Policy
Saint Francis University has a zero tolerance policy relating to hazing. Hazing is considered a violation of the University’s Anti-Hazing Policy and Student Code of Conduct and is absolutely prohibited. Hazing may also be considered a criminal offense in the Commonwealth of Pennsylvania. Throughout the academic semesters, anti-hazing programing is offered for various groups on campus. These efforts are designed to educate the Saint Francis University community about hazing, the potential consequences or engaging in hazing and how to report incidents of suspected hazing. Students and others are encouraged to report any and all incidents relating to hazing, that may jeopardize the health, safety and wellbeing of the members of the community, by contacting the Saint Francis Police at 814-472-3360 or the Office of Student Conduct at 814-472-3002.

Hazing is Defined as Follows
Any act likely to cause physical or psychological harm or social ostracism to any person within the university community, when related to the admission, initiation, pledging, joining, or any other group-affiliation activity on the basis of actual or perceived membership in a protected class; Hazing is also illegal under Pennsylvania state law and prohibited by University policy.

Hazing According to the Commonwealth of Pennsylvania
Any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student or which willfully destroys or removes public or private property for the purpose of initiation or admission into or affiliation with, or as a condition for continued membership in, any organization operating under the sanction of or recognized as an organization by an institution of higher education. The term shall include, but not be limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or any other forced physical activity which could adversely affect the physical health and safety of the individual, and shall include any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual, or any willful destruction or removal of public or private property.
For purposes of this definition, any activity as described in this definition upon which the initiation or admission into or affiliation with or continued membership in an organization is directly or indirectly conditioned shall be presumed to be “forced” activity, the willingness of an individual to participate in such activity notwithstanding. Therefore, any student who causes or participated in hazing may be subject to appropriate University discipline and/or subject to criminal prosecution.

Myths About Hazing
- Hazing builds unity
- The new members want to be hazed
- I went through it, so they should do it to, its tradition
- I’ll never get caught or turned in
- If they agree, then we’re not hazing
- Hazing is the only method for holding new members accountable
- Hazing practices preserve the uniqueness and exclusiveness of the group
- Hazing continues because everyone in the group supports it
- Hazing only “a little bit” is not really that bad
- Enduring hazing is a sign of strength

SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS
Saint Francis University prohibits the crimes of domestic violence, dating violence, sexual assault, and stalking (as defined by the Clery Act) and reaffirms its commitment to maintaining a campus environment that emphasizes the dignity and worth of all members of the university community. Toward that end, Saint Francis University issues this statement of policy to inform the campus community of our programs to address domestic violence, dating violence, sexual assault and stalking as well as the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to a University official.

Federal Clery Act Definitions of Domestic Violence, Dating Violence, Sexual Assault, and Stalking

Jurisdictional Definitions of Domestic Violence, Dating Violence, Sexual Assault, and Stalking

• Sexual Assault: The state of Pennsylvania defines sexual assault as follows:
  o Rape — Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. Statutory offenses (no force used — victim under age of consent) are excluded.
  o Sex offenses (except rape, prostitution, and commercialized vice) — Statutory rape, offenses against chastity, common decency, morals, and the like. Attempts are included.

Domestic Violence/Abuse: Pennsylvania law defines domestic abuse as knowingly, intentionally or recklessly causing bodily injury of any kind, causing fear of bodily injury of any kind, assault (sexual or not sexual), rape, sexually abusing minor children, or knowingly engaging in a repetitive conduct toward a certain person that puts them in fear of bodily injury. These acts can take place between family or household members, sexual partners or those who share biological parenthood in order to qualify as domestic abuse.

• Dating Violence: The state of Pennsylvania does not have a definition of dating violence.

Jurisdictional Definitions of Domestic Violence, Dating Violence, Sexual Assault, and Stalking (continued)

**Stalking:** Pennsylvania law defines stalking when a person either:

1. engages in a course of conduct or repeatedly commits acts toward another person, including following the person without proper authority, under circumstances which demonstrate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person; or
2. engages in a course of conduct or repeatedly communicates to another person under circumstances which demonstrate or communicate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person.

**Consent:** The state of Pennsylvania defines ineffective consent as:

- **Ineffective consent** — Unless otherwise provided by this title or by the law defining the offense, assent does not constitute consent if:
  1. it is given by a person who is legally incapacitated to authorize the conduct charged to constitute the offense;
  2. it is given by a person who by reason of youth, mental disease or defect or intoxication is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense;
  3. it is given by a person whose improvident consent is sought to be prevented by the law defining the offense; or
  4. it is induced by force, duress or deception of a kind sought to be prevented by the law defining the offense.

The state additionally provides descriptors commonly associated with consent as part of its full definition when describing the offense of Rape.

**Rape Offense defined** — A person commits a felony of the first degree when the person engages in sexual intercourse with a complainant:

1. By forcible compulsion;
2. By threat of forcible compulsion that would prevent resistance by a person of reasonable resolution;
3. Who is unconscious or where the person knows that the complainant is unaware that the sexual intercourse is occurring;
4. Where the person has substantially impaired the complainant's power to appraise or control his or her conduct by administering or employing, without the knowledge of the complainant, drugs, intoxicants or other means for the purpose of preventing resistance;
5. Who suffers from a mental disability which renders the complainant incapable of consent.

Further, under Clery and UCR (Uniform Crime Reporting) definitions, the Pennsylvania Crimes Code sections relating to sexual assault (PA CS Title 18, Subsection 3124.1), involuntary deviate sexual intercourse (PA CS Title 18, Subsection 3123) and aggravated indecent assault (PA CS Title 18, Subsection 3125) are considered rape for the purposes of Clery and PA UCR reporting.

**Other Sex Offenses** (except rape, prostitution, and commercialized vice) — Statutory rape, offenses against chastity, common decency, morals, and the like. Attempts are included

SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

Saint Francis University’s Definition of Consent as it Relates to Sexual Activity is as follows:
Consent is informed, freely given and mutually understood. Consent requires an affirmative act or statement by each participant. If coercion, intimidation, threats and or physical force are used, there is no consent. If a person is mentally or physically incapacitated or impaired so that the person cannot understand the fact, nature or extent of the sexual situation, there is not consent; this includes conditions due to alcohol or drug consumption or being asleep or unconscious. Whether one has taken advantage of a position of influence over another may be a factor in determining consent.

Sexual Activity Requires Consent
Consent consists of an outward demonstration indicating that an individual has freely chosen to engage in sexual activity. Consent is demonstrated through mutually understandable words and/or actions that clearly indicate a willingness to engage freely in sexual activity. Relying on non-verbal communication can lead to misunderstandings. Consent may not be inferred from silence, passivity, lack of resistance or lack of active response alone. A person who does not physically resist or verbally refuse sexual activity is not necessarily giving consent. In the absence of an outward demonstration, consent does not exist. If at any time it is reasonably apparent that either party is hesitant, confused or uncertain, both parties should stop and obtain mutual verbal consent before continuing sexual activity.

Consent to engage in sexual activity must be knowing and voluntary. Consent to engage in sexual activity must exist from the beginning to end of each instance of sexual activity, and for each form of sexual contact. Consent to one form of sexual contact does not constitute consent to all forms of sexual contact. For example, an individual may agree to kiss but choose not to engage in touching of the intimate parts or sexual intercourse. An individual should obtain consent before moving from one act to another.

A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of a relationship, there must be mutually understandable communication that clearly indicates willingness to engage in sexual activity each time such activity occurs.

Consent may be withdrawn by either party at any time. Withdrawal of consent must also be outwardly demonstrated by words or actions that clearly indicate a desire to end sexual activity. Once withdrawal of consent has been expressed, sexual activity must cease.

In the state of Pennsylvania, consent can never be given by minors under the age of 16.

Consent is not effective if it results from the use or threat of physical force, intimidation, or coercion, or any other factor that would eliminate an individual’s ability to exercise his or her own free will to choose whether or not to have sexual contact. Coercion includes the use of pressure and/or oppressive behavior, including express or implied threats of harm, severe and/or pervasive emotional intimidation, which places an individual in fear of immediate or future harm or physical injury or causes a person to engage in unwelcome sexual activity. A persons words or conduct amount to coercion if they wrongfully impair the others freedom of will and ability to choose whether or not to engage in sexual activity.

An individual who is incapacitated is not able to make rational, reasonable judgments and therefore is incapable of giving consent. Incapacitation is the inability, temporarily or permanently, to give consent, because the individual is mentally and/or physically helpless due to drug or alcohol consumption, either voluntarily or involuntarily, or the individual is unconscious, asleep or otherwise unaware that the sexual activity is occurring. In addition, an individual is incapacitated if he/she/they demonstrate that they are unaware of where they are, how they got there, or why or how they became engaged in a sexual interaction. Where alcohol is involved, incapacitation is a state beyond drunkenness or intoxication.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

Saint Francis University’s Definition of Consent as it Relates to Sexual Activity is as follows (continued):
Some indicators of incapacitation may include, but are not limited to, lack of control over physical movements, lack of awareness of circumstances or surroundings, or the inability to communicate for any reason. An individual may experience a blackout state in which he/she/they appear to be giving consent, but do not actually have conscious awareness or the ability to consent. It is especially important, therefore, that anyone engaging in sexual activity be aware of the other persons’ level of intoxication. The relevant standard that will be applied is whether the Respondent knew, or a sober reasonable person in the same position should have known, that the other party was incapacitated and therefore could not consent to the sexual activity.

How to Be an Active Bystander:
Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”1 We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list2 of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, call University Police at (814) 472-3360 or the local police by dialing 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Be direct, delegate responsibility, or cause a distraction when you see a person secludes, hits on, tries to make out with, or has sex with people who are incapacitated.
3. Intervene when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on- or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction
With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don’t know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have cab money and/or an on-demand driver app loaded.
- Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
- Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around may help you to find a way out of a bad situation.
- Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
- Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
- Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
- Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
- If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
- If you need to get out of an uncomfortable or scary situation, here are some things that you can try:
  - Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
  - Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
  - Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
  - Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

Risk Reduction (continued)

• Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phoneneary?
• If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Programs to Prevent Domestic Violence, Dating Violence, Sexual Assault, and Stalking:
The University engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that:

A. Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
B. Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Saint Francis University’s educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students that:

A. Clearly communicate that the institution prohibits the crimes of domestic violence, dating violence, sexual assault, and stalking (as defined by the Clery Act);
B. Provide the definitions of domestic violence, dating violence, sexual assault, and stalking according to any applicable jurisdictional definitions of these terms;
C. Define consent and describe what behaviors and actions constitute consent, in reference to sexual activity as defined by the student and employee codes of conduct;
D. Provide a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;
E. Provide information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence;
F. Provide an overview of information contained in the Annual Security and Fire Safety Report in compliance with the Clery Act;
G. Provide information regarding:
   1. procedures victims should follow if a crime of domestic violence, dating violence, sexual assault, or stalking occurs (as described in “Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs” elsewhere in this Annual Report);
   2. how the institution will protect the confidentiality of victims and other necessary parties (as described in “Assistance for Victims: Rights and Options” elsewhere in this Annual Report);

Campaign strategies employed include face-to-face presentations, online training programs, printed materials, self-defense programming, and related lectures. The University additionally provides educational/informational sessions for contractors and conference services staff on Clery Act-specific policies and crime reporting practices, along with information related to the Department of Education’s Office of Civil Rights Title IX Guidance.

Ongoing prevention and awareness campaigns include self-defense programming; domestic violence month events and activities; sexual assault and awareness month, which includes presentations and an annual “Take Back the Night” event; relationship violence bystander intervention programming; programming specific to developing healthy relationships.

The following are some specific examples of annual programs currently offered by the university. This list is not all inclusive:

- Orientation Programming
  Incoming first year students participate in a series of information sessions about the Clery Act and Title IX information, in addition to learning about the Sexual Misconduct Policy, bystander intervention, and resources. New faculty and employees receive Clery Act and Title IX information during their orientation programs.
- Extended Orientation Programming
- Equalogy – It Happened One Night
  One Night is an original play about rape among friends. In the course of being entertained, audience members will have an opportunity to consider common misconceptions about rape. The program also covers: legal, medical, and community options available to rape victims, how drugs and alcohol are often used to increase vulnerability, risk-reduction techniques, and ways to support victims and work to end rape.
- Online student educational program: eCHECKUP TO GO Sexual Violence Prevention program contains information about dating violence, sexual assault, stalking, and domestic violence. It is designed to augment SFU campus's policies, procedures and programming to address the Campus SaVE Act requirements. This program is available for all students to complete. Course credit is given to all first year students to complete the assessment.
- Bystander Intervention: provide programming that defines sexual harassment and provides real life examples to increase understanding about consent. Content and interactive scenarios to identify signs of abusive behaviors and personalized strategies to prevent harm. The 5 steps research identifies as necessary to increase bystander intervention. Scenarios to build skill, confidence and

Procedures victims should follow if Domestic Violence, Dating Violence, Sexual Assault or Stalking Occurs:
After an incident of sexual assault, dating violence, or domestic violence, the victim should consider seeking medical attention as soon as possible at the Conemaugh Memorial Medical Center. Sexual Assault Nurse Examiners (SANE) at the hospital are trained and certified in physical evidentiary recovery kit collection. Evidence may be collected, even if the victim chooses not to make a report to law enforcement.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours, so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring, or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infections. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs, or other copies of documents, if they have any, that would be useful to University adjudicators/investigators or local police.

Involvement of Law Enforcement and Campus Authorities:
Although the University strongly encourages all members of its community to report violations of this policy to University Police and to Pennsylvania State Police, it is the victim’s choice whether or not to make such a report. Furthermore, victims have the right to decline to notify law enforcement. However, the Saint Francis University Police will assist any victim with notifying law enforcement if the victim so desires. The Pennsylvania State Police can be reached directly by calling (814) 471-6500 during normal business hours, or 911 during off hours or in emergency situations; or in person at the Pennsylvania State Police located at 100 Casale Ct, Ebensburg, PA 15931. Additional information about the Pennsylvania State Police department may be found online at https://www.psp.pa.gov/.

NOTE: In the State of Pennsylvania, employees of institutions of higher learning who suspect incidents of child abuse (including incidents of suspected child sex abuse) must report such incidents to the Department of Public Welfare’s Child Line (800-932-0313), the police having jurisdiction, and then to their supervisor. Pennsylvania recognizes matriculated students under the age of 18 as “children” for purposes of this law and, as such, the university is mandated to report a criminal complaint of abuse or sexual abuse involving any student victim under the age of 18 immediately to ChildLine and the police having jurisdiction. Law Enforcement authorities may notify the victim’s parents or guardians as stipulated by law.

Reporting Incidents of Domestic Violence, Dating Violence, Sexual Assault, and Stalking:
If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Director (office: 232 Padua Hall; phone: 814-472-3002) by calling, writing or coming into the office to report in person. Reports of all domestic violence, dating violence, sexual assault, and stalking made to Saint Francis University Police will automatically be referred to the Title IX Director for review. The Title IX Coordinator is not a confidential reporting entity and is required to report criminal incidents to University Police.

Procedures the University Will Follow When a Crime of Domestic Violence, Dating Violence, Sexual Assault, or Stalking is Reported:
The University has procedures in place that serve to be sensitive to victims who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges; as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services on- and/or off campus; as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The University will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to local law enforcement. This information is available to all Employees and Students via the Title IX website. Students and employees should contact the Title IX Coordinator (office: 232 Padua Hall; phone: 814-472-3002) by calling, writing, or coming into the office to report in person. The Title IX Coordinator will collaborate and coordinate with the Student Conduct Office for student cases and the Directors of Human Resources for employee cases.
If a report of domestic violence, dating violence, sexual assault, or stalking is reported to the University, below are the procedures that the University will follow.

Facilitated Anonymous/Confidential Reporting through the Counseling Center/University Health Center/Pastoral Counselors:
Certified Counselors assigned to the Counseling Center, licensed medical staff assigned to the University Health Center and practicing pastoral counselors are confidential resources and do not report incidents. In their capacity and function, they do not make identifiable reports of incidents to the official on-campus resources unless the student specifically requests them to do so; however, the University encourages counselors to inform students that they can report incidents of crime to University Police, which can be done directly or anonymously. Students may request the Counseling Center to facilitate anonymous reporting using an internal form designed to capture general details about the incident (date, time, location, and brief description of the incident type) for inclusion in the University’s Annual Security and Fire Safety Report. The University does not provide confidential or anonymous reporting outside of these entities. The amount of detail provided may enable the University to initiate an investigation into the circumstances surrounding the report. Such an investigation may jeopardize the anonymity of the reporting person or complainant.

The Cambria County Victims Service Counseling Center which is a 24 hour rape crisis hotline provides confidential reporting as well as Conemaugh Memorial Medical Center, located in Johnstown PA.

Employee Assistance Program:
Saint Francis University also provides an Employee Assistance Program (EAP) for use by employees. The EAP is available to provide full-time employees assistance with such problems as sexual or physical abuse, depression, marital and relationship conflict, stress, grief, critical incident stress, anxiety, and other personal matters. All full-time employees, regardless of performance, are eligible. The contact number of the EAP is listed in the Resources section of this annual report.

All information relating to an employee's EAP participation is strictly confidential. Only the EAP provider maintains EAP records. The EAP provider does not release specific information about an employee's use of EAP services, unless the employee gives his or her advance written consent. The EAP does not report incidents to any Official On-Campus Resources unless the employee specifically gives them permission to do so.

Assistance for Victims - Rights & Options:
Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the University will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options.

Such written information will include:
- the procedures victims should follow if a crime of dating violence, domestic violence, sexual assault, or stalking has occurred;
- information about how the institution will protect the confidentiality of victims and other necessary parties;
- a statement that the institution will provide written notification to students and employees about victim services in the institution and in the community;
- a statement regarding the institution's provisions about options for, available assistance in, and how to request accommodations and protective measures; and
- an explanation of the procedures for institutional disciplinary action.

Rights of Victims and the Institution's Responsibilities for Orders of Protection, No-Contact Orders, Restraining Orders, or Similar Lawful Orders Issued by a Criminal, Civil, or Tribal Court or by the Institution:
Saint Francis University complies with Pennsylvania State law in recognizing orders of protection.

Any person who obtains an order of protection from Pennsylvania or any reciprocal state should provide a copy to the Saint Francis University Police and the Office of the Title IX Coordinator. A complainant may then meet with University to develop a Safety Action Plan, which is a plan for University Police and the victim to reduce the risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom/work site location, or working with Academic Advising on alternative class possibilities, allowing a student to complete assignments from home, allowing an employee to develop a flexible work schedule, etc. The University cannot apply for a legal order of protection, No Contact order, or restraining order for a victim from the applicable jurisdiction(s).

In Pennsylvania, a victim of domestic violence, dating violence, sexual assault, or stalking has the right to file a petition with the courts requesting protection through PFAs, SVPOs, and/or PFIs, which could include the following:

- An order restraining the abuser from further acts of abuse;
- An order directing the abuser to leave the victim's household/place of residence;
- An order directing the abuser to refrain from stalking or harassing the victim or other designated persons;
- Other protections based on issues related to cohabitation, residency, employment, and child custody.

When an abuser is not a present or past member of the victim's household or family, adults and minors can petition for a Sexual Violence Protection Order (SVPO). For example, a SVPO could be granted for a victim who is sexually assaulted by a coworker and who has no other relationship with the coworker – is not now or never was a family relation, spouse, dating partner, or member of the same household.

Protection from Abuse (PFA):
A protection from abuse order is a paper that is signed by a judge that tells or informs the abuser to stop the abuse or face serious legal consequences. It offers civil legal protection from sexual or relationship violence to both female and male victims. In Pennsylvania, there are a few different types of protection from abuse orders (PFA).

These include:

- Emergency Order – Immediate protection when the courts are closed. A victim can contact the local police by dialing 911, and the police will connect the victim with the on-call magisterial district judge. The judge may grant an emergency order through this emergency process based on the facts of the case.
- Ex Parte Temporary Order – “Ex parte” means the judge will make a decision regarding a PFA, based only on the information provided by the victim, without the abuser being in court.
- Final PFA – A judge can grant a final protection from abuse order after a hearing involving the victim, abuser, witnesses, testimony, and evidence.
Violence Against Women (VAWA)

SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

Protection of Victims of Sexual Violence or Intimidation (PSVI) Act:
The Protection of Victims of Sexual Violence or Intimidation (PSVI) Act defines sexual violence as conduct between persons who are not family or household members that constitutes one of the following crimes:

- Sexual offenses
- Endangering the welfare of children if the offense involved sexual contact with the victim
- Corruption of minors
- Sexual abuse of children
- Unlawful contact with minor
- Sexual exploitation of children

Sexual Violence Protection Order (SVPO):
An SVPO is a civil order designed to protect victims of sexual violence from further abuse and/or intimidation, regardless of whether or not criminal charges have been filed against the perpetrator. Adults and minors (with a parent or guardian to file on their behalf) can petition for an SVPO. Similar in many ways to a Protection from Abuse order or PFA, the key difference is that there is no relationship requirement between the alleged perpetrator and the victim. (While PFAs require an intimate or household relationship between the two parties, an SVPO does not, and is available to all victims of sexual violence.) Examples of situations where the SVPO may be appropriate relief:

- A victim is sexually assaulted by a co-worker (not related or in a relationship; not household members)
- A student is sexually assaulted by another student
- A tenant is fondled by a landlord
- A university student (an adult) who was sexually assaulted experiences harassment from the perpetrator’s friends after reporting the assault

Protection from Intimidation (PFI) Order:
Definition of intimidation under the PSVI Act can be described as harassment or stalking (according to statutes) of a minor (under the age of 18) by an adult (18 or older), when there is no family, dating, intimate, or household relationship between them. The PFI order was created to protect minors who have experienced harassment or stalking when the offender is age 18 or older. An adult (parent or guardian) must petition for the PFI order on the minor’s behalf. Examples of situations where the PFI order may be the appropriate relief:

- A child victim whose offender repeatedly drives by the bus stop
- A teen athlete is stalked by an adult coach
- A teen is harassed online by a teacher

Both SVPOs and PFIs prohibit an offender from having any contact with the victim. Protections can include preventing the offender from entering the victim’s home, workplace, or school. Both orders can also be expanded to prevent intimidation/contact from a third party on behalf of the offender, or extend to protection to related parties, such as parents, siblings, or children of the victim. The SVPO and PFI orders may be entered for up to 36 months.

DPS will help put victims who are interested in pursuing a PFA, PSVI, or SVPO in contact with local courts or the local advocacy center of Survivors, Inc. Any student who obtains a protection order from Pennsylvania or any reciprocal State should provide a copy to DPS and the Office of Student Rights and Responsibilities. DPS will help facilitate the reporting of PFA violations to the local police.
Violence Against Women (VAWA)

SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

While not the same as a state-mandated protection order, the University can issue a No Contact Directive. This includes, but is not limited to, communication that is written, verbal, or physical. Written communication is understood to include all electronic means of communication, including, but not limited to: email, instant messaging, and text messaging. Verbal communication is understood to include phone calls and voice mail messages. A No Contact order may include additional restrictions and terms.

If the University receives a report that such an institutional No Contact order has been violated, the University will initiate disciplinary proceedings appropriate to the status of the accused (student, employee, etc.) and will impose sanctions if the accused is found responsible for violating the No Contact order.

Accommodations and Protective Measures Available for Victims:
Upon receipt of a report of domestic violence, dating violence, sexual assault, or stalking, Saint Francis University will provide written notification to students and employees about accommodations available to them, including academic, living, transportation, and working situations. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations, and how to request accommodations and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations).

At the victim’s request, and to the extent of the victim’s cooperation and consent, University offices will work cooperatively to assist the victim in obtaining accommodations. If reasonably available, a victim may be offered changes to academic, living, working, or transportation situations regardless of whether the victim chooses to report the crime to law enforcement.

Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with a safety escort, etc. Issuance of a full, partial, or modified persona non grata (PNG – barring notice) to the respondent may also be appropriate.

To request changes to academic, living, transportation, and/or working situations, or protective measures, a victim should:
Students: Contact the Title IX Coordinator and/or the Student Conduct Office for assistance.
Employees/Faculty: Contact the Office of Human Resources and/or the Office of Vice President for Academic Affairs Office (depending upon employment status).

If the victim wishes to receive assistance in requesting these accommodations, the victim should contact the Title IX Coordinator and/or University Police.
Violence Against Women (VAWA)

Confidentiality:
Victims may request that directory information on file with the University be withheld by request. This request can be made to the Registrar’s Office in person by visiting the 318 Scotus Hall or by calling (814) 472-3009.
Employees can contact the Office of Human Resources to make a similar request regarding directory information at (814) 472-3264.

Regardless of whether a victim has opted-out of allowing the University to share “directory information,” personally identifiable information (PII) about the victim and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know; i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures. Need to know basis is determined by the Title IX Office or the Student Conduct Office depending on which office is processing the matter. By only sharing personally-identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The University does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime and Fire Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Campus Safety Alert is issued on the basis of a report of domestic violence, dating violence, sexual assault, or stalking, the name of the victim and other personally identifiable information about the victim will be withheld; this could include the specific location where an incident is reported to have occurred when reporting the location could inadvertently identify the victim.

On- and Off-campus Services for Victims:
Upon receipt of a report of domestic violence, dating violence, sexual assault, or stalking, Saint Francis University will provide written notification to students and employees about existing assistance with and/or information about obtaining resources and services, including counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and assistance in notifying appropriate local law enforcement. If a sexual assault or rape should occur on campus, staff on-scene, including DPS, will offer the victim a wide variety of services. This information regarding “resources” is not provided to infer that those resources are “crime reporting entities” for Saint Francis University.

Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

Adjudication of Violations:

1. Overview
Saint Francis University will act on any formal or informal notice/complaint of violation of the policy on Equal Opportunity, Harassment, and Non-discrimination (“the Policy”) that is received by the Title IX Coordinator or any other Official with Authority.

Procedure below applies only to qualifying allegations of sexual harassment (including sexual assault, dating violence, domestic violence, and stalking as defined above) involving students, staff, administrator, or faculty members.
If other policies are invoked, such as policies on protected class harassment or discrimination above, please see Process B for a description of the procedures applicable to the resolution of such offenses. Process B can also apply to sexual harassment (including sexual assault, dating violence, domestic violence, and stalking, as defined above) when jurisdiction does not fall within Process A, as determined by the Title IX Coordinator.

Unionized/other categorized employees are subject to the terms of their agreements/employees’ rights to the extent those agreements do not conflict with federal or state compliance obligations.
The procedures below may be used to address collateral misconduct arising from the investigation of or occurring in conjunction with reported misconduct (e.g., vandalism, physical abuse of another). All other allegations of misconduct unrelated to incidents covered by the Policy will be addressed through procedures elaborated in the student, faculty, and staff handbooks.

2. Notice/Complaint
Upon receipt of a complaint or notice to the Title IX Coordinator of an alleged violation of the Policy, the Title IX Coordinator initiates a prompt initial assessment to determine the next steps Saint Francis University needs to take.

Title IX Coordinator will initiate at least one of three responses:

1) Offering supportive measures because the Complainant does not want to file a formal complaint; and/or
2) An informal resolution (upon submission of a formal complaint); and/or
3) A Formal Grievance Process including an investigation and a hearing (upon submission of a formal complaint).

Saint Francis University uses a Formal Grievance Process to determine whether or not the Policy has been violated. If so, Saint Francis University will promptly implement effective remedies designed to ensure that it is not deliberately indifferent to harassment or discrimination, their potential recurrence, or their effects.

3. Initial Assessment
Following receipt of notice or a complaint of an alleged violation of this Policy, the Title IX Coordinator engages in an initial assessment, typically within one to five business days in duration. The steps in an initial assessment can include:

• If notice is given, the Title IX Coordinator seeks to determine if the person impacted wishes to make a formal complaint, and will assist them to do so, if desired.
• If they do not wish to do so, the Title IX Coordinator determines whether to initiate a complaint because a violence risk assessment indicates a compelling threat to health and/or safety.
• If a formal complaint is received, the Title IX Coordinator assesses its sufficiency and works with the Complainant to make sure it is correctly completed.
• The Title IX Coordinator reaches out to the Complainant to offer supportive measures.
Violence Against Women (VAWA)

SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

- The Title IX Coordinator works with the Complainant to ensure they are aware of the right to have an Advisor.
- The Title IX Coordinator works with the Complainant to determine whether the Complainant prefers a supportive and remedial response, an informal resolution option, or a formal investigation and grievance process.
- If a supportive and remedial response is preferred, the Title IX Coordinator works with the Complainant to identify their wishes, assesses the request, and implements accordingly. No Formal Grievance Process is initiated, though the Complainant can elect to initiate one later, if desired.
  - If an informal resolution option is preferred, the Title IX Coordinator assesses whether the complaint is suitable for informal resolution, [which informal mechanism may serve the situation best or is available] and may seek to determine if the Respondent is also willing to engage in informal resolution.
  - If a Formal Grievance Process is preferred, the Title IX Coordinator determines if the misconduct alleged falls within the scope of Title IX:

    ➢ If it does, the Title IX Coordinator will initiate the formal investigation and grievance process, directing the investigation to address:
      - an incident, and/or
      - a pattern of alleged misconduct, and/or
      - a culture/climate issue, based on the nature of the complaint.

    ➢ If it does not, the Title IX Coordinator determines that Title IX does not apply and will “dismiss” that aspect of the complaint, if any, assesses which policies may apply, and refers the matter for resolution under Process B. Please note that dismissing a complaint under Title IX is solely a procedural requirement under Title IX, and does not limit Saint Francis University’s authority to address a complaint with an appropriate process and remedies.

a. Violence Risk Assessment
In many cases, the Title IX Coordinator may determine that a Violence Risk Assessment (VRA) should be conducted by the Behavioral Intervention Team (BIT) as part of the initial assessment. A VRA can aid in ten critical and/or required determinations, including:

- Emergency removal of a Respondent on the basis of immediate threat to physical health/safety;
- Whether the Title IX Coordinator should pursue/sign a formal complaint absent a willing/able Complainant;
- Whether to put the investigation on the footing of incident and/or pattern and/or climate;
- To help identify potential predatory conduct;
- To help assess/identify grooming behaviors;
- Whether it is reasonable to try to resolve a complaint through informal resolution, and what modality may be most successful;
- Whether to permit a voluntary withdrawal by the Respondent;
- Whether to impose transcript notation or communicate with a transfer Saint Francis University about a Respondent;
- Assessment of appropriate sanctions/remedies (to be applied post-hearing); and/or
- Whether a Clery Act Timely Warning/Trespass border/Persona-non-grata is needed.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

Threat assessment is the process of evaluating the action ability of violence by an individual against another person or group following the issuance of a direct or conditional threat. A VRA is a broader term used to assess any potential violence or danger, regardless of the presence of a vague, conditional, or direct threat.

VRAs require specific training and are typically conducted by psychologists, clinical counselors, social workers, case managers, law enforcement officers, student conduct officers, or other BIT/CARE team members. A VRA authorized by the Title IX Coordinator should occur in collaboration with the BIT/CARE or threat assessment team. Where a VRA is required by the Title IX Coordinator, a Respondent refusing to cooperate may result in a charge of failure to comply within the appropriate student or employee conduct process.

A VRA is not an evaluation for an involuntary behavioral health hospitalization (e.g., 5150 in California, Section XII in Massachusetts, Baker Act in Florida), nor is it a psychological or mental health assessment. A VRA assesses the risk of actionable violence, often with a focus on targeted/predatory escalations, and is supported by research from the fields of law enforcement, criminology, human resources, and psychology.

More about Saint Francis University’s process for VRA can be found below in Appendix E.

b. Dismissal (Mandatory and Discretionary)
Saint Francis University must dismiss a formal complaint or any allegations therein if, at any time during the investigation or hearing, it is determined that:

1) The conduct alleged in the formal complaint would not constitute sexual harassment as defined in the Policy above, even if proved; and/or
2) The conduct did not occur in an educational program or activity controlled by Saint Francis University (including buildings or property controlled by recognized student organizations), and/or Saint Francis University does not have control of the Respondent; and/or
3) The conduct did not occur against a person in the United States; and/or
4) At the time of filing a formal complaint, a complainant is not participating in or attempting to participate in the education program or activity of Saint Francis University.

Saint Francis University may dismiss a formal complaint or any allegations therein if, at any time during the investigation or hearing:

1) A Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the formal complaint or any allegations therein; or
2) The Respondent is no longer enrolled in or employed by Saint Francis University; or
3) Specific circumstances prevent Saint Francis University from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon any dismissal, Saint Francis University will promptly send written notice of the dismissal and the rationale for doing so simultaneously to the parties.

This dismissal decision is appealable by any party under the procedures for appeal below. [The decision not to dismiss is also appealable by any party claiming that a dismissal is required or appropriate.] A Complainant who decides to withdraw a complaint may later request to reinstate it or refile it.

4. Counterclaims
Saint Francis University is obligated to ensure that the grievance process is not abused for retaliatory purposes.

Saint Francis University permits the filing of counterclaims but uses an initial assessment, described above, to assess whether the allegations in the counterclaim are made in good faith. Counterclaims by a Respondent may be made in good faith, but are, on occasion, also made for purposes of retaliation, instead. Counterclaims made with retaliatory intent will not be permitted.

Counterclaims determined to have been reported in good faith will be processed using the grievance procedures below. Investigation of such claims may take place after resolution of the underlying initial allegation, in which case a delay may occur.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

Counterclaims may also be resolved through the same investigation as the underlying allegation, at the discretion of the Title IX Coordinator. When counterclaims are not made in good faith, they will be considered retaliatory and may constitute a violation of this policy.

5. Right to an Advisor
The parties may each have an Advisor of their choice present with them for all meetings, interviews, and hearings within the resolution process, if they so choose. The parties may select whoever they wish to serve as their Advisor, as long as the Advisor is eligible and available.
Choosing an Advisor who is also a witness in the process creates potential for bias and conflict-of-interest. A party who chooses an Advisor who is also a witness can anticipate that issues of potential bias will be explored by the Hearing Decision-maker.
Saint Francis University may permit parties to have more than one Advisor upon special request to the Title IX Coordinator. The decision to grant this request is at the sole discretion of the Title IX Coordinator and will be granted equitably to all parties.

a. Who Can Serve as an Advisor
The Advisor may be a friend, mentor, family member, attorney, or any other individual a party chooses to advise, support, and/or consult with them throughout the resolution process. The parties may choose Advisors from inside or outside Saint Francis University community.
The Title IX Coordinator will also offer to assign a trained Advisor for any party if the party so chooses. If the parties choose an Advisor from the pool available from Saint Francis University, the Advisor will be trained by Saint Francis University and be familiar with Saint Francis University’s resolution process.
If the parties choose an Advisor from outside the pool of those identified by Saint Francis University, the Advisor may not have been trained by Saint Francis University and may not be familiar with Saint Francis University policies and procedures.
Parties also have the right to choose not to have an Advisor in the initial stages of the resolution process, prior to a hearing.

b. Advisor’s Role in Meetings and Interviews
The parties may be accompanied by their Advisor in all meetings and interviews at which the party is entitled to be present, including intake and interviews. Advisors should help the parties prepare for each meeting and are expected to advise ethically, with integrity, and in good faith.
Saint Francis University cannot guarantee equal Advisory rights, meaning that if one party selects an Advisor who is an attorney, but the other party does not or cannot afford an attorney, Saint Francis University is not obligated to provide an attorney.
Where applicable under state law or Saint Francis University policy, Advisors or attorneys are permitted to fully represent their advisees or clients in resolution proceedings, including all meetings, interviews, and hearings. Although Saint Francis University prefers to hear from parties directly, in these cases, parties are entitled to have evidence provided by their chosen representatives.

c. Advisors in Hearings/Saint Francis University-Appointed Advisor
Under U.S. Department of Education regulations under Title IX, a form of indirect questioning is required during the hearing, but must be conducted by the parties’ Advisors. The parties are not permitted to directly question each other or any witnesses. If a party does not have an Advisor for a hearing, Saint Francis University will appoint a trained Advisor for the limited purpose of conducting any questioning of the other party and witnesses.
A party may reject this appointment and choose their own Advisor, but they may not proceed without an Advisor. If the party’s Advisor will not conduct questioning, Saint Francis University will appoint an Advisor who will do so thoroughly, regardless of the participation or non-participation of the advised party in the hearing itself. Extensive questioning of the parties and witnesses will also be conducted by the Decision-maker(s) during the hearing.
d. Advisor’s Role in Meetings and Interviews
The parties may be accompanied by their Advisor in all meetings and interviews at which the party is entitled to be present, including intake and interviews. Advisors should help the parties prepare for each meeting and are expected to advise ethically, with integrity, and in good faith.
Saint Francis University cannot guarantee equal Advisory rights, meaning that if one party selects an Advisor who is an attorney, but the other party does not or cannot afford an attorney, Saint Francis University is not obligated to provide an attorney.
Where applicable under state law or Saint Francis University policy, Advisors or attorneys are permitted to fully represent their advisees or clients in resolution proceedings, including all meetings, interviews, and hearings. Although Saint Francis University prefers to hear from parties directly, in these cases, parties are entitled to have evidence provided by their chosen representatives.

e. Pre-Interview Meetings
Advisors may request to meet with the administrative officials conducting interviews/meetings in advance of these interviews or meetings. This pre-meeting allows Advisors to clarify and understand their role and Saint Francis University’s policies and procedures.

f. Advisor Violations of Saint Francis University Policy
All Advisors are subject to the same Saint Francis University policies and procedures, whether they are attorneys or not. Advisors are expected to advise their advisees without disrupting proceedings. [Advisors should not address Saint Francis University officials in a meeting or interview unless invited to (e.g., asking procedural questions).] The Advisor may not make a presentation or represent their advisee during any meeting or proceeding and may not speak on behalf of the advisee to the Investigator(s) or other Decision-maker(s) except during a hearing proceeding, during indirect questioning.
The parties are expected to ask and respond to questions on their own behalf throughout the investigation phase of the resolution process. Although the Advisor generally may not speak on behalf of their advisee, the Advisor may consult with their advisee, either privately as needed, or by conferring or passing notes during any resolution process meeting or interview. For longer or more involved discussions, the parties and their Advisors should ask for breaks to allow for private consultation.
Any Advisor who oversteps their role as defined by this policy will be warned only once. If the Advisor continues to disrupt or otherwise fails to respect the limits of the Advisor role, the meeting will be ended, or other appropriate measures implemented. Subsequently, the Title IX Coordinator will determine how to address the Advisor’s non-compliance and future role.

g. Sharing Information with the Advisor
Saint Francis University expects that the parties may wish to have Saint Francis University share documentation and evidence related to the allegations with their Advisors. Parties may share this information directly with their Advisor or other individuals if they wish. Doing so may help the parties participate more meaningfully in the resolution process.
Saint Francis University also provides a consent form that authorizes Saint Francis University to share such information directly with their Advisor. The parties must either complete and submit this form to the Title IX Coordinator or provide similar documentation demonstrating consent to a release of information to the Advisor before Saint Francis University is able to share records with an Advisor.

h. Privacy of Records Shared with Advisor
Advisors are expected to maintain the privacy of the records shared with them. These records may not be shared with third parties, disclosed publicly, or used for purposes not explicitly authorized by Saint Francis University. Saint Francis University may seek to restrict the role of any Advisor who does not respect the sensitive nature of the process or who fails to abide by Saint Francis University’s privacy expectations.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

i. Expectations of an Advisor
Saint Francis University generally expects an Advisor to adjust their schedule to allow them to attend Saint Francis University meetings when planned, but may change scheduled meetings to accommodate an Advisor’s inability to attend, if doing so does not cause an unreasonable delay.
Saint Francis University may also make reasonable provisions to allow an Advisor who cannot attend in person to attend a meeting by telephone, video conferencing, or other similar technologies as may be convenient and available.

j. Expectations of the Parties with Respect to Advisors
A party may elect to change during the process and is not obligated to use the same Advisor throughout. The parties are expected to inform the Investigator(s) of the identity of their Advisor at least two (2) business days before the date of their first meeting with Investigators (or as soon as possible if a more expeditious meeting is necessary or desired).
The parties are expected to provide timely notice to the Title IX Coordinator if they change Advisors at any time. It is assumed that if a party changes Advisors, consent to share information with the previous Advisor is terminated, and a release for the new Advisor must be secured. Parties are expected to inform the Title IX Coordinator of the identity of their hearing Advisor at least two (2) business days before the hearing.

k. Assistance in Securing an Advisor
Saint Francis University does not maintain a listing of local attorneys who may offer discounted or pro bono services.
For representation, Respondents may wish to contact organizations such as:
• FACE (http://www.facecampusequality.org)
• SAVE (http://www.saveservices.org).
Complainants may wish to contact organizations such as:
• The Victim Rights Law Center (http://www.victimrights.org),
• The National Center for Victims of Crime (http://www.victimsofcrime.org), which maintains the Crime Victim’s Bar Association.
• The Time’s Up Legal Defense Fund: https://nwlc.org/times-up-legal-defense-fund/

6. Resolution Processes
Resolution proceedings are private. All persons present at any time during the resolution process are expected to maintain the privacy of the proceedings in accordance with Saint Francis University policy. Although there is an expectation of privacy around what Investigators share with parties during interviews, the parties have discretion to share their own knowledge and evidence with others if they so choose, with the exception of information the parties agree not to disclose related to Informal Resolution, discussed below. Saint Francis University encourages parties to discuss any sharing of information with their Advisors before doing so.

a. Informal Resolution
Informal Resolution can include three different approaches:
• When the Title IX Coordinator can resolve the matter informally by providing supportive measures (only) to remedy the situation.
• When the parties agree to resolve the matter through an alternate resolution mechanism as described below, [including mediation, restorative practices, etc.], usually before a formal investigation takes place; see discussion in b., below.
• When the Respondent accepts responsibility for violating policy, and desires to accept a sanction and end the resolution process; similar to above, but usually occurs post-investigation; see discussion in c., below.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

To initiate Informal Resolution, a Complainant needs to submit a formal complaint, as defined above. A Respondent who wishes to initiate Informal Resolution, should contact the Title IX Coordinator. It is not necessary to pursue Informal Resolution first in order to pursue a Formal Grievance Process, and any party participating in Informal Resolution can stop the process at any time and begin or resume the Formal Grievance Process.

Prior to implementing Informal Resolution, Saint Francis University will provide the parties with written notice of the reported misconduct and any sanctions or measures that may result from participating in such a process, including information regarding any records that will be maintained or shared by Saint Francis University. Saint Francis University will obtain voluntary, written confirmation that all parties wish to resolve the matter through Informal Resolution before proceeding and will not pressure the parties to participate in Informal Resolution.

b. Alternate Resolution Mechanism
Alternate Resolution is an informal process mechanism, including mediation or restorative practices, etc. by which the parties reach a mutually agreed upon resolution of an allegation is reached. All parties must consent to the use of an Alternate Resolution mechanism.

The Title IX Coordinator may look to the following factors to assess whether Alternate Resolution is appropriate, or which form of Alternate Resolution may be most successful for the parties:

- The parties’ amenability to Alternate Resolution;
- Likelihood of potential resolution, taking into account any power dynamics between the parties;
- The parties’ motivation to participate;
- Civility of the parties;
- Results of a violence risk assessment/ongoing risk analysis;
- Disciplinary history;
- Whether an emergency removal is needed;
- Skill of the Alternate Resolution facilitator with this type of allegation;
- Complaint complexity;
- Emotional investment/capability of the parties;
- Rationality of the parties;
- Goals of the parties;
- Adequate resources to invest in Alternate Resolution (time, staff, etc.)

The ultimate determination of whether Alternate Resolution is available or successful is to be made by the Title IX Coordinator. The Title IX Coordinator maintains records of any resolution that is reached, and failure to abide by the resolution agreement may result in appropriate responsive/disciplinary actions. Results of complaints resolved by Informal Resolution or Alternate Resolution are not appealable.

c. Respondent Accepts Responsibility for Alleged Violations
The Respondent may accept responsibility for all or part of the alleged policy violations at any point during the resolution process. If the Respondent indicates an intent to accept responsibility for all of the alleged misconduct, the formal process will be paused, and the Title IX Coordinator will determine whether Informal Resolution can be used according to the criteria in that section above.

If Informal Resolution is applicable, the Title IX Coordinator will determine whether all parties and Saint Francis University are able to agree on responsibility, sanctions, and/or remedies. If so, the Title IX Coordinator implements the accepted finding that the Respondent is in violation of Saint Francis University policy and implements agreed-upon sanctions and/or remedies, in coordination with other appropriate administrator(s), as necessary.

This result is not subject to appeal once all parties indicate their written assent to all agreed upon terms of resolution. When the parties cannot agree on all terms of resolution, the Formal Grievance Process will resume at the same point where it was paused. When a resolution is accomplished, the appropriate sanction or responsive

**SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS**

Actions are promptly implemented in order to effectively stop the harassment or discrimination, prevent its recurrence, and remedy the effects of the discriminatory conduct, both on the Complainant and the community.

**d. Negotiated Resolution**

The Title IX Coordinator, with the consent of the parties, may negotiate and implement an agreement to resolve the allegations that satisfies all parties and Saint Francis University. Negotiated Resolutions are not appealable.

**7. Grievance Process Pool**

The Formal Grievance Process relies on a pool of administrators (“the Pool”) to carry out the process. Members of the Pool are announced in an annual distribution of this policy to all students, parents/guardians of students, employees, prospective students, and prospective employees. The list of Pool members and a description of the Pool can be found at www.francis.edu/titleix.pool.

**a. Pool Member Roles**

Members of the Pool are trained annually, and can serve in in the following roles, at the direction of the Title IX Coordinator:

- To provide appropriate intake of and initial guidance pertaining to complaints
- To act as an Advisor to the parties
- To serve in a facilitation role in Informal Resolution or Alternate Resolution if appropriately trained in appropriate resolution modalities (e.g., mediation, restorative practices)
- To perform or assist with initial assessment
- To investigate complaints
- To serve as a hearing facilitator (process administrator, no decision-making role)
- To serve as a Decision-maker regarding the complaint
- To serve as an Appeal Decision-maker

**b. Pool Member Appointment**

The Title IX Coordinator, in consultation with the President, appoints the pool, which acts with independence and impartiality. Although members of the Pool are typically trained in a variety of skill sets and can rotate amongst the different roles listed above in different cases, Saint Francis University can also designate permanent roles for individuals in the Pool, using others as substitutes or to provide greater depth of experience when necessary. This process of role assignment may be the result of particular skills, aptitudes, or talents identified in members of the Pool that make them best suited to particular roles.

**c. Pool Member Training**

The Pool members receive annual training [jointly or based on their respective roles]. This training includes, but is not limited to:

- The scope of Saint Francis University’s Discrimination and Harassment Policy and Procedures
- How to conduct investigations and hearings that protect the safety of Complainants and Respondents, and promote accountability
- Implicit bias
- Disparate treatment and impact
- Reporting, confidentiality, and privacy requirements
- Applicable laws, regulations, and federal regulatory guidance
- How to implement appropriate and situation-specific remedies
- How to investigate in a thorough, reliable, and impartial manner
- How to uphold fairness, equity, and due process
- How to weigh evidence
- How to conduct questioning
- How to assess credibility

Specific training is also provided for Appeal Decision-makers, intake personnel, Advisors (who are Saint Francis University employees), and Chairs. All Pool members are required to attend these trainings annually. The materials used to train all members of the Pool are publicly posted.

d. Pool Membership
Pool members are usually appointed to three-year terms. Individuals who are interested in serving in the Pool are encouraged to contact the Title IX Coordinator.

The Title IX Coordinator will provide written notice of the investigation and allegations (the “NOIA”) to the Respondent upon commencement of the Formal Grievance Process. This facilitates the Respondent’s ability to prepare for the interview and to identify and choose an Advisor to accompany them. The NOIA is also copied to the Complainant, who is to be given advance notice of when the NOIA will be delivered to the Respondent.
The NOIA will include:
• A meaningful summary of all of allegations,
• The identity of the involved parties (if known),
• The precise misconduct being alleged,
• The date and location of the alleged incident(s) (if known),
• The specific policies implicated,
• A description of the applicable procedures,
• A statement of the potential sanctions/responsive actions that could result,
• A statement that Saint Francis University presumes the Respondent is not responsible for the reported misconduct unless and until the evidence supports a different determination,
• A statement that determinations of responsibility are made at the conclusion of the process and that the parties will be given an opportunity to inspect and review all directly related and/or relevant evidence obtained during the review and comment period,
• A statement about Saint Francis University’s policy on retaliation,
• Information about the privacy of the process,
• Information on the need for each party to have an Advisor of their choosing and suggestions for ways to identify an Advisor,
• A statement informing the parties that Saint Francis University’s Policy prohibits knowingly making false statements, including knowingly submitting false information during the resolution process,
• Detail on how the party may request disability accommodations during the interview process,

- A link to Saint Francis University’s VAWA Brochure,
- The name(s) of the Investigator(s), along with a process to identify, in advance of the interview process, to the Title IX Coordinator any conflict of interest that the Investigator(s) may have, and
- An instruction to preserve any evidence that is directly related to the allegations.

Amendments and updates to the NOIA may be made as the investigation progresses and more information becomes available regarding the addition or dismissal of various charges.

Notice will be made in writing and may be delivered by one or more of the following methods: in person, [mailed to the local or permanent address(es) of the parties as indicated in official Saint Francis University records], or emailed to the parties’ Saint Francis University-issued email or designated accounts. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered.

9. Resolution Timeline
Saint Francis University will make a good faith effort to complete the resolution process within a sixty-to-ninety (60-90) business day time period, including appeal, which can be extended as necessary for appropriate cause by the Title IX Coordinator, who will provide notice and rationale for any extensions or delays to the parties as appropriate, as well as an estimate of how much additional time will be needed to complete the process.

10. Appointment of Investigators
Once the decision to commence a formal investigation is made, the Title IX Coordinator appoints Pool members to conduct the investigation (typically using a team of two Investigators), usually within two (2) business days of determining that an investigation should proceed.

11. Ensuring Impartiality
Any individual materially involved in the administration of the resolution process [including the Title IX Coordinator, Investigator(s), and Decision-maker(s)] may neither have nor demonstrate a conflict of interest or bias for a party generally, or for a specific Complainant or Respondent.

The Title IX Coordinator will vet the assigned Investigator(s) to ensure impartiality by ensuring there are no actual or apparent conflicts of interest or disqualifying biases. The parties may, at any time during the resolution process, raise a concern regarding bias or conflict of interest, and the Title IX Coordinator will determine whether the concern is reasonable and supportable. If so, another Pool member will be assigned and the impact of the bias or conflict, if any, will be remedied. If the source of the conflict of interest or bias is the Title IX Coordinator, concerns should be raised with the University President or his designee.

The Formal Grievance Process involves an objective evaluation of all relevant evidence obtained, including evidence that supports that the Respondent engaged in a policy violation and evidence that supports that the Respondent did not engage in a policy violation. Credibility determinations may not be based solely on an individual’s status or participation as a Complainant, Respondent, or witness.

Saint Francis University operates with the presumption that the Respondent is not responsible for the reported misconduct unless and until the Respondent is determined to be responsible for a policy violation by the applicable standard of proof.

12. Investigation Timeline
Investigations are completed expeditiously, normally within thirty (30) business days, though some investigations may take weeks or even months, depending on the nature, extent, and complexity of the allegations, availability of witnesses, police involvement, etc.

Saint Francis University will make a good faith effort to complete investigations as promptly as circumstances permit and will communicate regularly with the parties to update them on the progress and timing of the investigation.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

13. Delays in the Investigation Process and Interactions with Law Enforcement
Saint Francis University may undertake a short delay in its investigation (several days to a few weeks) if circumstances require. Such circumstances include, but are not limited to: a request from law enforcement to temporarily delay the investigation, the need for language assistance, the absence of parties and/or witnesses, and/or accommodations for disabilities or health conditions.
Saint Francis University will communicate in writing the anticipated duration of the delay and reason to the parties, and provide the parties with status updates if necessary. Saint Francis University will promptly resume its investigation and resolution process as soon as feasible. During such a delay, Saint Francis University will implement supportive measures as deemed appropriate.

Saint Francis University action(s) or processes are not typically altered or precluded on the grounds that civil or criminal charges involving the underlying incident(s) have been filed or that criminal charges have been dismissed or reduced.

14. Steps in the Investigation Process
All investigations are thorough, reliable, impartial, prompt, and fair. Investigations involve interviews with all relevant parties and witnesses; obtaining available, relevant evidence; and identifying sources of expert information, as necessary.
All parties have a full and fair opportunity, through the investigation process, to suggest witnesses and questions, to provide evidence and expert witnesses, and to fully review and respond to all evidence on the record.
The Investigator(s) typically take(s) the following steps, if not already completed (not necessarily in this order):
- Determine the identity and contact information of the Complainant.
- In coordination with campus partners (e.g., the Title IX Coordinator), initiate or assist with any necessary supportive measures.
- Identify all policies implicated by the alleged misconduct and notify the Complainant and Respondent of all of the specific policies implicated.
- Assist the Title IX Coordinator with conducting a prompt initial assessment to determine if the allegations indicate a potential policy violation.
- Commence a thorough, reliable, and impartial investigation by identifying issues and developing a strategic investigation plan, including a witness list, evidence list, intended investigation timeframe, and order of interviews for all witnesses and the parties.
- Meet with the Complainant to finalize their interview/statement, if necessary.
- Prepare the initial Notice of Investigation and Allegation (NOIA). The NOIA may be amended with any additional or dismissed allegations.
  - Notice should inform the parties of their right to have the assistance of an Advisor, who could be a member of the Pool or an Advisor of their choosing, present for all meetings attended by the party.
- Provide each interviewed party and witness an opportunity to review and verify the Investigator’s summary notes (or transcript) of the relevant evidence/testimony from their respective interviews and meetings.
- Make good faith efforts to notify the parties of any meeting or interview involving the other party, in advance when possible.
- When participation of a party is expected, provide that party with written notice of the date, time, and location of the meeting, as well as the expected participants and purpose.
- Interview all available, relevant witnesses and conduct follow-up interviews as necessary.
- Allow each party the opportunity to suggest witnesses and questions they wish the Investigator(s) to ask of the other party and witnesses, and document in the report which questions were asked, with a rationale for any changes or omissions.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

- Complete the investigation promptly and without unreasonable deviation from the intended timeline.
- Provide regular status updates to the parties throughout the investigation.
- Prior to the conclusion of the investigation, provide the parties and their respective Advisors (if so desired by the parties) with a list of witnesses whose information will be used to render a finding.
- Write a comprehensive investigation report fully summarizing the investigation, all witness interviews, and addressing all relevant evidence. Appendices including relevant physical or documentary evidence will be included.
- The Investigator(s) gather, assess, and synthesize evidence, but make no conclusions, engage in no policy analysis, and render no recommendations as part of their report.
- Prior to the conclusion of the investigation, provide the parties and their respective Advisors (if so desired by the parties) a secured electronic or hard copy of the draft investigation report, as well as an opportunity to inspect and review all of the evidence obtained as part of the investigation that is directly related to the reported misconduct, including evidence upon which Saint Francis University does not intend to rely in reaching a determination, for a ten (10) business day review and comment period so that each party may meaningfully respond to the evidence. The parties may elect to waive the full ten days. Each copy of the materials shared will be watermarked on each page with the role of the person receiving it (e.g., Complainant, Respondent, Complainant’s Advisor, Respondent’s Advisor).
- The Investigator(s) may elect to respond in writing in the investigation report to the parties’ submitted responses and/or to share the responses between the parties for additional responses.
- The Investigator(s) will incorporate relevant elements of the parties’ written responses into the final investigation report, include any additional relevant evidence, make any necessary revisions, and finalize the report. The Investigator(s) should document all rationales for any changes made after the review and comment period.
- The Investigator(s) shares the report with the Title IX Coordinator and/or legal counsel for their review and feedback.
- The Investigator will incorporate any relevant feedback, and the final report is then shared with all parties and their Advisors through secure electronic transmission or hard copy at least ten (10) business days prior to a hearing. The parties are also provided with a file of any directly related evidence that was not included in the report.

15. Role and Participation of Witnesses in the Investigation
Witnesses (as distinguished from the parties) who are employees of Saint Francis University are expected to cooperate with and participate in Saint Francis University’s investigation and resolution process. Failure of such witnesses to cooperate with and/or participate in the investigation or resolution process constitutes a violation of policy and may warrant discipline.
Although in-person interviews for parties and all potential witnesses are ideal, circumstances (e.g., study abroad, summer break) may require individuals to be interviewed remotely. Skype, Zoom, FaceTime, WebEx, or similar technologies may be used for interviews if the Investigator(s) determine that timeliness or efficiency dictate a need for remote interviewing. Saint Francis University will take appropriate steps to reasonably ensure the security/privacy of remote interviews.
Witnesses may also provide written statements in lieu of interviews or choose to respond to written questions, if deemed appropriate by the Investigator(s), though not preferred. If a witness submits a written statement but does not intend to be and is not present for cross examination (indirect questioning) at a hearing, their written statement may not be used as evidence.

16. Recording of Interviews
No unauthorized audio or video recording of any kind is permitted during investigation meetings. If Investigator(s) elect to audio and/or video record interviews, all involved parties must be made aware of, and consent to, audio and/or video recording.

17. Evidentiary Considerations in the Investigation
The investigation does not consider: 1) incidents not directly related to the possible violation, unless they evidence a pattern; 2) the character of the parties; or 3) questions and evidence about the Complainant’s sexual predisposition or prior sexual behavior, unless such questions and evidence about the Complainant’s prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant’s prior sexual behavior with respect to the Respondent and are offered to prove consent.

18. Referral for Hearing
Provided that the complaint is not resolved through Informal Resolution, once the final investigation report is shared with the parties, the Title IX Coordinator will refer the matter for a hearing.
The hearing cannot be less than ten (10) business days from the conclusion of the investigation – when the final investigation report is transmitted to the parties and the Decision-maker – unless all parties and the Decision-maker agree to an expedited timeline.
The Title IX Coordinator will select an appropriate Decision-makers from the Pool depending on whether the Respondent is an employee or a student. Allegations involving student-employees in the context of their employment will be directed to the appropriate Decision-makers depending on the context and nature of the alleged misconduct.

19. Hearing Decision-maker Composition
Saint Francis University will designate a three-member panel from the Pool, at the discretion of the Title IX Coordinator. The single Decision-maker will also Chair the hearing. With a panel, one of the three members will be appointed as Chair by the Title IX Coordinator.
The Decision-maker(s) will not have had any previous involvement with the investigation. The Title IX Coordinator may elect to have an alternate from the Pool sit in throughout the resolution hearing process in the event that a substitute is needed for any reason.
Those who have served as Investigators will be witnesses in the hearing and therefore may not serve as Decision-makers. Those who are serving as Advisors for any party may not serve as Decision-makers in that matter.
The Title IX Coordinator may not serve as a Decision-maker or Chair in the matter but may serve as an administrative facilitator of the hearing if their previous role(s) in the matter do not create a conflict of interest. Otherwise, a designee may fulfill this role. The hearing will convene at a time determined by the Chair or designee.

20. Evidentiary Considerations in the Hearing
Any evidence that the Decision-maker(s) determine(s) is relevant and credible may be considered. The hearing does not consider: 1) incidents not directly related to the possible violation, unless they evidence a pattern; 2) the character of the parties; or 3) questions and evidence about the Complainant’s sexual predisposition or prior sexual behavior, unless such questions and evidence about the Complainant’s prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant’s prior sexual behavior with respect to the Respondent and are offered to prove consent.
Saint Francis University uses a progressive discipline system. Previous disciplinary action of any kind involving the Respondent may be considered in determining an appropriate sanction upon a determination of responsibility. This information is only considered at the sanction stage of the process, and is not shared until then.
The parties may each submit a written impact statement prior to the hearing for the consideration of the Decision-maker(s) at the sanction stage of the process when a determination of responsibility is reached.
After post-hearing deliberation, the Decision-maker renders a determination based on the preponderance of the evidence; whether it is more likely than not that the Respondent violated the Policy as alleged.

21. Notice of Hearing

No less than ten (10) business days prior to the hearing, the Title IX Coordinator or the Chair will send notice of the hearing to the parties. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered. The notice will contain:

- A description of the alleged violation(s), a list of all policies allegedly violated, a description of the applicable procedures, and a statement of the potential sanctions/responsive actions that could result.
- The time, date, and location of the hearing and a reminder that attendance is mandatory, superseding all other campus activities.
- Any technology that will be used to facilitate the hearing.
- Information about the option for the live hearing to occur with the parties located in separate rooms using technology that enables the Decision-maker(s) and parties to see and hear a party or witness answering questions. Such a request must be raised with the Title IX Coordinator at least five (5) business days prior to the hearing.
- A list of all those who will attend the hearing, along with an invitation to object to any Decision-maker on the basis of demonstrated bias. This must be raised with the Title IX Coordinator at least two (2) business days prior to the hearing.
- Information on how the hearing will be recorded and on access to the recording for the parties after the hearing.
- A statement that if any party or witness does not appear at the scheduled hearing, the hearing may be held in their absence, and the party’s or witness’s testimony and any statements given prior to the hearing will not be considered by the Decision-maker(s). For compelling reasons, the Chair may reschedule the hearing.
- Notification that the parties may have the assistance of an Advisor of their choosing at the hearing and will be required to have one present for any questions they may desire to ask. The party must notify the Title IX Coordinator if they do not have an Advisor, and Saint Francis University will appoint one. Each party must have an Advisor present. There are no exceptions.
- A copy of all the materials provided to the Decision-maker(s) about the matter, unless they have been provided already.
- An invitation to each party to submit to the Chair an impact statement pre-hearing that the Decision-maker will review during any sanction determination.
- An invitation to contact the Title IX Coordinator to arrange any disability accommodations, language assistance, and/or interpretation services that may be needed at the hearing, at least seven (7) business days prior to the hearing.
- Mobile phones/devices cannot be brought into the hearing.

Hearings for possible violations that occur near or after the end of an academic term (assuming the Respondent is still subject to this Policy) and are unable to be resolved prior to the end of term will typically be held immediately after the end of the term or during the summer, as needed, to meet the resolution timeline followed by Saint Francis University and remain within the 60-90 business day goal for resolution.

In these cases, if the Respondent is a graduating student, a hold may be placed on graduation and/or official transcripts until the matter is fully resolved (including any appeal). A student facing charges under this Policy is not in good standing to graduate.

22. Alternative Hearing Participation Options
If a party or parties prefer not to attend or cannot attend the hearing in person, the party should request alternative arrangements from the Title IX Coordinator or the Chair at least five (5) business days prior to the hearing.

The Title IX Coordinator or the Chair can arrange to use technology to allow remote testimony without compromising the fairness of the hearing. Remote options may also be needed for witnesses who cannot appear in person. Any witness who cannot attend in person should let the Title IX Coordinator or the Chair know at least five (5) business days prior to the hearing so that appropriate arrangements can be made.

23. Pre-Hearing Preparation
The Chair, or hearing facilitator after any necessary consultation with the parties, Investigator(s) and/or Title IX Coordinator, will provide the names of persons who will be participating in the hearing, all pertinent documentary evidence, and the final investigation report to the parties at least ten (10) business days prior to the hearing. Any witness scheduled to participate in the hearing must have been first interviewed by the Investigator(s) [or have proffered a written statement or answered written questions], unless all parties and the Chair assent to the witness’s participation in the hearing. The same holds for any evidence that is first offered at the hearing. If the parties and Chair do not assent to the admission of evidence newly offered at the hearing, the Chair may delay the hearing and instruct that the investigation needs to be re-opened to consider that evidence.

The parties will be given a list of the names of the Decision-maker(s) at least five (5) business days in advance of the hearing. All objections to any Decision-maker must be raised in writing, detailing the rationale for the objection, and must be submitted to the Title IX Coordinator as soon as possible and no later than one day prior to the hearing. Decision-makers will only be removed if the Title IX Coordinator concludes that their bias or conflict of interest precludes an impartial hearing of the allegation(s).

The Chair, only with full agreement of the parties, may decide in advance of the hearing that certain witnesses do not need to be present if their testimony can be adequately summarized by the Investigator(s) in the investigation report or during the hearing.

At each pre-hearing meeting with a party and their Advisor, the Chair will consider arguments that evidence identified in the final investigation report as relevant is, in fact, not relevant. Similarly, evidence identified as directly related but not relevant by the Investigator(s) may be argued to be relevant. The Chair may rule on these arguments pre-hearing and will exchange those rulings between the parties prior to the hearing to assist in
preparation for the hearing. The Chair may consult with legal counsel and/or the Title IX Coordinator, or ask either or both to attend pre-hearing meetings. The pre-hearing meeting(s) will not be recorded.

25. Hearing Procedures
At the hearing, the Decision-maker(s) has the authority to hear and make determinations on all allegations of discrimination, harassment, and/or retaliation and may also hear and make determinations on any additional alleged policy violations that have occurred in concert with the discrimination, harassment, and/or retaliation, even though those collateral allegations may not specifically fall within the Policy on Equal Opportunity, Harassment, and Non-discrimination.
Participants at the hearing will include the Chair, any additional panelists, the hearing facilitator, the Investigator(s) who conducted the investigation, the parties or three (3) organizational representatives when an organization is the Respondent, Advisors to the parties, any called witnesses, the Title IX Coordinator, and anyone providing authorized accommodations or assistive services.
The Chair will answer all questions of procedure. Anyone appearing at the hearing to provide information will respond to questions on their own behalf.
The Chair will allow witnesses who have relevant information to appear at a portion of the hearing in order to respond to specific questions from the Decision-maker(s) and the parties and the witnesses will then be excused.

26. Joint Hearings
In hearings involving more than one Respondent or in which two (2) or more Complainants have accused the same individual of substantially similar conduct, the default procedure will be to hear the allegations jointly. However, the Title IX Coordinator may permit the investigation and/or hearings pertinent to each Respondent to be conducted separately if there is a compelling reason to do so. In joint hearings, separate determinations of responsibility will be made for each Respondent with respect to each alleged policy violation.

27. The Order of the Hearing – Introductions and Explanation of Procedure
The Chair explains the procedures and introduces the participants. This may include a final opportunity for challenge or recusal of the Decision-maker(s) on the basis of bias or conflict of interest. The Chair will rule on any such challenge unless the Chair is the individual who is the subject of the challenge, in which case the Title IX Coordinator will review and decide the challenge.
The Hearing facilitator then conducts the hearing according to the hearing script. At the hearing, recording, witness logistics, party logistics, curation of documents, separation of the parties, and other administrative elements of the hearing process are managed by a non-voting hearing facilitator appointed by the Title IX Coordinator. The hearing facilitator may attend to: logistics of rooms for various parties/witnesses as they wait; flow of parties/witnesses in and out of the hearing space; ensuring recording and/or virtual conferencing technology is working as intended; copying and distributing materials to participants, as appropriate, etc.

28. Investigator Presents the Final Investigation Report
The Investigator(s) will then present a summary of the final investigation report, including items that are contested and those that are not, and will be subject to questioning by the Decision-maker(s) and the parties (through their Advisors). The Investigator(s) will be present during the entire hearing process, but not during deliberations.
Neither the parties nor the Decision-maker(s) should ask the Investigator(s) their opinions on credibility, recommended findings, or determinations, and the Investigators, Advisors, and parties will refrain from discussion of or questions about these assessments. If such information is introduced, the Chair will direct that it be disregarded.
29. Testimony and Questioning
Once the Investigator(s) present their report and are questioned, the parties and witnesses may provide relevant information in turn, beginning with the Complainant, and then in the order determined by the Chair. The parties/witnesses will submit to questioning by the Decision-maker(s) and then by the parties through their Advisors (“cross-examination”).
All questions are subject to a relevance determination by the Chair. The Advisor, who will remain seated during questioning, will pose the proposed question orally, electronically, or in writing (orally is the default, but other means of submission may be permitted by the Chair upon request if agreed to by all parties and the Chair), the proceeding will pause to allow the Chair to consider it (and state it if it has not been stated aloud), and the Chair will determine whether the question will be permitted, disallowed, or rephrased.
The Chair may invite explanations or persuasive statements regarding relevance with the Advisors, if the Chair so chooses. The Chair will then state their decision on the question for the record and advise the party/witness to whom the question was directed, accordingly. The Chair will explain any decision to exclude a question as not relevant, or to reframe it for relevance.
The Chair will limit or disallow questions on the basis that they are irrelevant, unduly repetitious (and thus irrelevant), or abusive. The Chair has final say on all questions and determinations of relevance, subject to any appeal. The Chair may consult with legal counsel on any questions of admissibility. The Chair may ask Advisors to frame why a question is or is not relevant from their perspective, but will not entertain argument from the Advisors on relevance once the Chair has ruled on a question.
If the parties raise an issue of bias or conflict of interest of an Investigator or Decision-maker at the hearing, the Chair may elect to address those issues, consult with legal counsel, and/or refer them to the Title IX Coordinator, and/or preserve them for appeal. If bias is not in issue at the hearing, the Chair should not permit irrelevant questions that probe for bias.

30. Refusal to Submit to Cross-Examination and Inferences
If a party or witness chooses not to submit to cross-examination at the hearing, either because they do not attend the meeting, or they attend but refuse to participate in questioning, then the Decision-maker(s) may not rely on any prior statement made by that party or witness at the hearing (including those contained in the investigation report) in the ultimate determination of responsibility. The Decision-maker(s) must disregard that statement.
Evidence provided that is something other than a statement by the party or witness may be considered.
If the party or witness attends the hearing and answers some cross-examination questions, only statements related to the cross-examination questions they refuse to answer cannot be relied upon. However, if the statements of the party who is refusing to submit to cross-examination or refuses to attend the hearing are the subject of the allegation itself (e.g., the case is about verbal harassment or a quid pro quo offer), then those statements are not precluded from admission. Similarly, statements can be relied upon when questions are posed by the Decision-maker(s), as distinguished from questions posed by Advisors through cross-examination.
The Decision-maker(s) may not draw any inference solely from a party’s or witness’s absence from the hearing or refusal to answer cross-examination or other questions.
If charges of policy violations other than sexual harassment are considered at the same hearing, the Decision-maker(s) may consider all evidence it deems relevant, may rely on any relevant statement as long as the opportunity for cross-examination is afforded to all parties through their Advisors, and may draw reasonable inferences from any decision by any party or witness not to participate or respond to questions.
If a party’s Advisor of choice refuses to comply with Saint Francis University’s established rules of decorum for the hearing, Saint Francis University may require the party to use a different Advisor. If a Saint Francis University-provided Advisor refuses to comply with the rules of decorum, Saint Francis University may provide that party with a different Advisor to conduct cross-examination on behalf of that party.

SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

31. Recording Hearings
Hearings (but not deliberations) are recorded by Saint Francis University for purposes of review in the event of an appeal. The parties may not record the proceedings and no other unauthorized recordings are permitted. The Decision-maker(s), the parties, their Advisors, and appropriate administrators of Saint Francis University will be permitted to listen to the recording in a controlled environment determined by the Title IX Coordinator. No person will be given or be allowed to make a copy of the recording without permission of the Title IX Coordinator.

32. Deliberation, Decision-making, and Standard of Proof
The Decision-maker(s) will deliberate in closed session to determine whether the Respondent is responsible or not responsible for the policy violation(s) in question. If a panel is used, a simple majority vote is required to determine the finding. The preponderance of the evidence OR clear and convincing evidence standard of proof is used. The hearing facilitator will attend the deliberation by the Chair, but is there only to facilitate procedurally, not to address the substance of the allegations.

When there is a finding of responsibility on one or more of the allegations, the Decision-maker(s) may then consider the previously submitted party impact statements in determining appropriate sanction(s).

The Chair will ensure that each of the parties has an opportunity to review any impact statement submitted by the other party(ies). The Decision-maker(s) may – at their discretion – consider the statements, but they are not binding. The Decision-maker(s) will review the statements and any pertinent conduct history provided by appropriate administrator and will determine the appropriate sanction(s) in consultation with other appropriate administrators, as required.

The Chair will then prepare a written deliberation statement and deliver it to the Title IX Coordinator, detailing the determination, rationale, the evidence used in support of its determination, the evidence disregarded in its determination, credibility assessments, and any sanctions. This report is typically should not exceed three (3) to five (5) pages in length and must be submitted to the Title IX Coordinator within two (2) business days of the end of deliberations, unless the Title IX Coordinator grants an extension. If an extension is granted, the Title IX Coordinator will notify the parties.

33. Notice of Outcome
Using the deliberation statement, the Title IX Coordinator will work with the Chair to prepare a Notice of Outcome. The Notice of Outcome will then be reviewed by legal counsel. The Title IX Coordinator will then share the letter, including the final determination, rationale, and any applicable sanction(s) with the parties and their Advisors within seven (7) business days of receiving the Decision-maker(s)’ deliberation statement. The Notice of Outcome will then be shared with the parties simultaneously. Notification will be made in writing and may be delivered by one or more of the following methods: in person, mailed to the local or permanent address of the parties as indicated in official Saint Francis University records, or emailed to the parties’ Saint Francis University-issued email or otherwise approved account. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered.

The Notice of Outcome will articulate the specific policy(ies) reported to have been violated, including the relevant policy section, and will contain a description of the procedural steps taken by Saint Francis University from the receipt of the misconduct report to the determination, including any and all notifications to the parties, interviews with parties and witnesses, site visits, methods used to obtain evidence, and hearings held. The Notice of Outcome will specify the finding on each alleged policy violation; the findings of fact that support the determination; conclusions regarding the application of the relevant policy to the facts at issue; a statement of, and rationale for, the result of each allegation to the extent Saint Francis University is permitted to share such information under state or federal law; any sanctions issued which Saint Francis University is permitted to share according to state or federal law; and any remedies provided to the Complainant designed to ensure access to Saint Francis University’s educational or employment program or activity, to the extent Saint Francis University is
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

permitted to share such information under state or federal law (this detail is not typically shared with the Respondent unless the remedy directly relates to the Respondent).

The Notice of Outcome will also include information on when the results are considered by Saint Francis University to be final, any changes that occur prior to finalization, and the relevant procedures and bases for any available appeal options.

34. Statement of the Rights of the Parties
The right to an equitable investigation and resolution of all credible allegations of prohibited harassment or discrimination made in good faith to Saint Francis University officials.

  o Assistance from Saint Francis University staff in completing the relocation

35. Sanctions
Factors considered when determining a sanction/responsive action may include, but are not limited to:
- The nature, severity of, and circumstances surrounding the violation(s)
- The Respondent’s disciplinary history
- Previous allegations or allegations involving similar conduct
- The need for sanctions/responsive actions to bring an end to the discrimination, harassment, and/or retaliation
- The need for sanctions/responsive actions to prevent the future recurrence of discrimination, harassment, and/or retaliation
- The need to remedy the effects of the discrimination, harassment, and/or retaliation on the Complainant and the community
- The impact on the parties
- Any other information deemed relevant by the Decision-maker(s)

The sanctions will be implemented as soon as is feasible, either upon the outcome of any appeal or the expiration of the window to appeal without an appeal being requested.

The sanctions described in this policy are not exclusive of, and may be in addition to, other actions taken or sanctions imposed by external authorities.

a. Student Sanctions
The following are the general sanctions that usually may be imposed upon students or organizations singly or in combination:
- Warning: A formal statement that the conduct was unacceptable and a warning that further violation of any Saint Francis University policy, procedure, or directive will result in more severe sanctions/responsive actions.
- Required Counseling: A mandate to meet with and engage in either Saint Francis University-sponsored or external counseling to better comprehend the misconduct and its effects.
- Probation: A written reprimand for violation of institutional policy, providing for more severe disciplinary sanctions in the event that the student or organization is found in violation of any institutional policy, procedure, or directive within a specified period of time. Terms of the probation will be articulated and may include denial of specified social privileges, exclusion from co-curricular activities, exclusion from athletic practice/competition, exclusion from organizational
Violence Against Women (VAWA)

leadership roles, exclusion from designated areas of campus, no-contact orders, and/or other measures deemed appropriate. Saint Francis reserves the right to remove any scholarship dollars associated with any activity in cases where exclusions are put in practice.

- Suspension: Termination of student status for a definite period of time not to exceed two years and/or until specific criteria are met. Students who return from suspension are automatically placed on probation through the remainder of their tenure as a student at Saint Francis University.

- Expulsion: Permanent termination of student status and revocation of rights to be on campus for any reason or to attend Saint Francis University-sponsored events. This sanction will be noted permanently as a Conduct Expulsion on the student’s official transcript.

- Revocation of Degree: Saint Francis University reserves the right to revoke a degree previously awarded from Saint Francis University for fraud, misrepresentation, and/or other violation of Saint Francis University policies, procedures, or directives in obtaining the degree, or for other serious violations committed by a student prior to graduation.

- Organizational Sanctions: Deactivation, loss of recognition, loss of some or all privileges (including Saint Francis University registration) for a specified period of time. Saint Francis University reserves the right to remove any university funding or funding as the result of Student Activity Fees from any student organization found in violation of policy.

- Other Actions: In addition to or in place of the above sanctions, Saint Francis University may assign any other sanctions as deemed appropriate.

36. Withdrawal or Resignation While Charges Pending

a. Students
If a student has an allegation pending for violation of the Policy on Equal Opportunity, Harassment, and Non-discrimination, Saint Francis University may place a hold on a student’s ability to graduate and/or to receive an official transcript/diploma.
Should a student decide to not participate in the resolution process, the process proceeds absent their participation to a reasonable resolution. Should a student Respondent permanently withdraw from Saint Francis University, the resolution process ends, as Saint Francis University no longer has disciplinary jurisdiction over the withdrawn student. However, Saint Francis University will continue to address and remedy any systemic issues, variables that may have contributed to the alleged violation(s), and any ongoing effects of the alleged harassment, discrimination, and/or retaliation. The student who withdraws or leaves while the process is pending may not return to Saint Francis University. Such exclusion applies to all campuses of Saint Francis University. A hold will be placed on their ability to be readmitted. They may also be barred from Saint Francis University property and/or events.

b. Employees
Should an employee Respondent resign with unresolved allegations pending, the resolution process ends, as Saint Francis University will continue to address and remedy any systemic issues, variables that contributed to the alleged violation(s), and any ongoing effects of the alleged harassment or discrimination.
The employee who resigns with unresolved allegations pending is not eligible for rehire with Saint Francis University or any campus of Saint Francis University, and the records retained by the Title IX Coordinator will reflect that status.
All Saint Francis University responses to future inquiries regarding employment references for that individual will include that the former employee resigned during a pending disciplinary matter.

37. Appeals
Any party may file a request for appeal (“Request for Appeal”), but it must be submitted in writing to the Title IX Coordinator within three (3) days of the delivery of the Notice of Outcome.

An Appeal Decision-maker will be designated by the Title IX Coordinator. No appeal panelists will have been involved in the process previously, including any dismissal appeal that may have been heard earlier in the process.
The Request for Appeal will be forwarded to the Appeal Decision maker for consideration to determine if the request meets the grounds for appeal (a Review for Standing).

a. Grounds for Appeal
Appeals are limited to the following grounds:
(A) Procedural irregularity that affected the outcome of the matter;
(B) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
(C) The Title IX Coordinator, Investigator(s), or Decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the specific Complainant or Respondent that affected the outcome of the matter.

If any of the grounds in the Request for Appeal do not meet the grounds in this Policy, that request will be denied by the Appeal Decision-maker and the parties and their Advisors will be notified in writing of the denial and the rationale.
Violence Against Women (VAWA)

SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

If any of the grounds in the Request for Appeal meet the grounds in this Policy, then the Appeal Decision-maker will notify the other party(ies) and their Advisors, the Title IX Coordinator, and, when appropriate, the Investigators and/or the original Decision-maker(s).

The other party(ies) and their Advisors, the Title IX Coordinator, and, when appropriate, the Investigators and/or the original Decision-maker(s) will be mailed, emailed, and/or provided a hard copy of the request with the approved grounds and then be given seven (7) business days to submit a response to the portion of the appeal that was approved and involves them. All responses will be forwarded by the Decision-maker to all parties for review and comment.

The non-appealing party (if any) may also choose to raise a new ground for appeal at this time. If so, that will be reviewed to determine if it meets the grounds in this Policy by the Appeal Decision-maker and either denied or approved. If approved, it will be forwarded to the party who initially requested an appeal, the Investigator(s) and/or original Decision-maker(s), as necessary, who will submit their responses in seven (7) business days, which will be circulated for review and comment by all parties.

Neither party may submit any new requests for appeal after this time period. The Appeal Decision-maker will collect any additional information needed and all documentation regarding the approved grounds and the subsequent responses will be forwarded to the Appeal Decision-maker, who will render a decision in no more than seven (7) business days, barring exigent circumstances. All decisions are by majority vote and apply the preponderance of the evidence.

A Notice of Appeal Outcome will be sent to all parties simultaneously, including the decision on each approved ground and rationale for each decision. The Notice of Appeal Outcome will specify the finding on each ground for appeal, any specific instructions for remand or reconsideration, any sanctions that may result which Saint Francis University is permitted to share according to state or federal law, and the rationale supporting the essential findings to the extent Saint Francis University is permitted to share under state or federal law.

Notification will be made in writing and may be delivered by one or more of the following methods: in person, mailed to the local or permanent address of the parties as indicated in official institutional records, or emailed to the parties’ Saint Francis University-issued email or otherwise approved account. Once mailed, emailed and/or received in-person, notice will be presumptively delivered.

b. Sanctions Status During the Appeal

Any sanctions imposed as a result of the hearing are stayed during the appeal process. Supportive measures may be reinstated, subject to the same supportive measure procedures above.

If any of the sanctions are to be implemented immediately post-hearing, but pre-appeal, then emergency removal procedures (detailed above) for a hearing on the justification for doing so must be permitted within 48 hours of implementation.

Saint Francis University may still place holds on official transcripts, diplomas, graduations, and course registration pending the outcome of an appeal when the original sanctions included separation.

c. Appeal Considerations

- Decisions on appeal are to be deferential to the original decision, making changes to the finding only when there is clear error and to the sanction(s)/responsive action(s) only if there is a compelling justification to do so.
- Appeals are not intended to provide for a full re-hearing (de novo) of the allegation(s). In most cases, appeals are confined to a review of the written documentation or record of the original hearing and pertinent documentation regarding the specific grounds for appeal.
- An appeal is not an opportunity for Appeal Decision-makers to substitute their judgment for that of the original Decision-maker(s) merely because they disagree with the finding and/or sanction(s).
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

- The Appeal Decision-maker may consult with the Title IX Coordinator on questions of procedure or rationale, for clarification, if needed. Documentation of all such consultation will be maintained.
- Appeals granted based on new evidence should normally be remanded to the original Investigator(s) and/or Decision-maker(s) for reconsideration. Other appeals may be remanded at the discretion of the Title IX Coordinator or, in limited circumstances, decided on appeal.
- Once an appeal is decided, the outcome is final: further appeals are not permitted, even if a decision or sanction is changed on remand (except in the case of a new hearing). When appeals result in no change to the finding or sanction, that decision is final. When an appeal results in a new finding or sanction, that finding or sanction can be appealed one final time on the grounds listed above and in accordance with these procedures.
- In rare cases where a procedural [or substantive] error cannot be cured by the original Decision-maker(s) (as in cases of bias), the appeal may order a new hearing with a new Decision-maker(s).
- The results of a remand to a Decision-maker(s) cannot be appealed. The results of a new hearing can be appealed, once, on any of the three available appeal grounds.
- In cases in which the appeal results in reinstatement to Saint Francis University or resumption of privileges, all reasonable attempts will be made to restore the Respondent to their prior status, recognizing that some opportunities lost may be irreparable in the short term.

38. Long-Term Remedies/Other Actions
Following the conclusion of the resolution process, and in addition to any sanctions implemented, the Title IX Coordinator may implement additional long-term remedies or actions with respect to the parties and/or the campus community that are intended to stop the harassment, discrimination, and/or retaliation, remedy the effects, and prevent reoccurrence.

These remedies/actions may include, but are not limited to:
- Referral to counseling and health services
- Referral to the Employee Assistance Program
- Education to the individual and/or the community
- Permanent alteration of housing assignments
- Permanent alteration of work arrangements for employees
- Provision of campus safety escorts
- Climate surveys
- Policy modification and/or training
- Provision of transportation accommodations
- Implementation of long-term contact limitations between the parties
- Implementation of adjustments to academic deadlines, course schedules, etc.

At the discretion of the Title IX Coordinator, certain long-term support or measures may also be provided to the parties even if no policy violation is found.

When no policy violation is found, the Title IX Coordinator will address any remedies owed by Saint Francis University to the Respondent to ensure no effective denial of educational access.

Saint Francis University will maintain the privacy of any long-term remedies/actions/measures, provided privacy does not impair Saint Francis University’s ability to provide these services.

39. Failure to Comply with Sanctions and/or Interim and Long-term Remedies and/or Responsive Actions
All Respondents are expected to comply with the assigned sanctions, responsive actions, and/or corrective actions within the timeframe specified by the final Decision-maker(s) (including the Appeal Chair/Panel).
Failure to abide by the sanction(s)/action(s) imposed by the date specified, whether by refusal, neglect, or any other reason, may result in additional sanction(s)/action(s), including suspension, expulsion, and/or termination from Saint Francis University. A suspension will only be lifted when compliance is achieved to the satisfaction of the Title IX Coordinator.

40. Recordkeeping
Saint Francis University will maintain for a period of at least seven years’ records of:

1. Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript required under federal regulation;
2. Any disciplinary sanctions imposed on the Respondent;
3. Any remedies provided to the Complainant designed to restore or preserve equal access to Saint Francis University’s education program or activity;
4. Any appeal and the result therefrom;
5. Any Informal Resolution and the result therefrom;
6. All materials used to train Title IX Coordinators, Investigators, Decision-makers, and any person who facilitates an Informal Resolution process. Saint Francis University will make these training materials publicly available on Saint Francis University’s website. (Note: If Saint Francis University does not maintain a website, Saint Francis University must make these materials available upon request for inspection by members of the public.); and
7. Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, including:
   a. The basis for all conclusions that the response was not deliberately indifferent;
   b. Any measures designed to restore or preserve equal access to Saint Francis University’s education program or activity; and
   c. If no supportive measures were provided to the Complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Saint Francis University will also maintain any and all records in accordance with state and federal law.

41. Disabilities Accommodations in the Resolution Process
Saint Francis University is committed to providing reasonable accommodations and support to qualified students, employees, or others with disabilities to ensure equal access to Saint Francis University’s resolution process. Anyone needing such accommodations or support should contact the Director of Disability Services or the appropriate HR individual if an employee, who will review the request and, in consultation with the person requesting the accommodation and the Title IX Coordinator, determine which accommodations are appropriate and necessary for full participation in the process.

42. Revision of this Policy and Procedures
This Policy and procedures supersede any previous policy(ies) addressing harassment, sexual misconduct, discrimination, and/or retaliation under Title IX and will be reviewed and updated annually by the Title IX Coordinator. Saint Francis University reserves the right to make changes to this document as necessary, and once those changes are posted online, they are in effect.

During the resolution process, the Title IX Coordinator may make minor modifications to procedures that do not materially jeopardize the fairness owed to any party, such as to accommodate summer schedules. The Title IX Coordinator may also vary procedures materially with notice (on the institutional website, with the appropriate, effective date identified) upon determining that changes to law or regulation require policy or procedural alterations not reflected in this Policy and procedures.

If government laws or regulations change – or court decisions alter – the requirements in a way that impacts this document, this document will be construed to comply with the most recent government regulations or holdings. This document does not create legally enforceable protections beyond the protection of the background state and federal laws which frame such policies and codes, generally.

SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

For Non Qualifying allegations of Sexual Harassment under Title IX:
Saint Francis will act on any formal or informal notice/complaint of a violation of the policy on Equal Opportunity, Harassment and Non-Discrimination that is received by the Title IX Coordinator or any other official with authority by applying these procedures known as Process A. For allegations of Sexual Harassment that do not qualify under Process A, the procedures described below apply to all allegations of harassment or discrimination on the basis of protected class status involving students, staff, faculty members, or third parties, with the exception of at-will employees. These procedures may also be used to address collateral misconduct arising from the investigation of, or occurring in conjunction with, harassing or discriminatory conduct (e.g., vandalism, physical abuse of another). All other allegations of misconduct unrelated to incidents covered by this policy will be addressed through the procedures elaborated in the respective student, faculty, and staff handbooks.

1. Initial Assessment
Following intake, receipt of notice, or a complaint of an alleged violation of Saint Francis University’s non-discrimination Policy, the Title IX Coordinator engages in an initial assessment, which is typically one to five business days in duration. The steps in an initial assessment can include:

- The Title IX Coordinator reaches out to the Complainant to offer supportive measures.
- The Title IX Coordinator works with the Complainant to ensure they have an Advisor.
- The Title IX Coordinator works with the Complainant to determine whether the Complainant prefers a supportive response or an Administrative Resolution.
  - If a supportive and remedial response is preferred, the Title IX Coordinator works with the Complainant to identify their wishes and then seeks to facilitate implementation. The Administrative Resolution process is not initiated, though the Complainant can elect to initiate it later, if desired.
  - If an Informal Resolution option is preferred, the Title IX Coordinator assesses whether the complaint is suitable for informal resolution, [which informal mechanism may serve the situation best or is available] and may seek to determine if the Respondent is also willing to engage in Informal Resolution.
  - If Administrative Resolution is preferred, the Title IX Coordinator initiates the investigation process and determines whether the scope of the investigation will address:
    - Incident, and/or
    - A potential pattern of misconduct, and/or
    - A culture/climate issue.
- In many cases, the Title IX Coordinator may determine that a Violence Risk Assessment (VRA) should be conducted by the Saint Francis University Behavioral Intervention Team as part of the initial assessment. A VRA can aid in ten critical and/or required determinations, including:
  - Interim suspension of a Respondent who is a threat to health/safety;
  - Whether the Title IX Coordinator should pursue Administrative Resolution absent a willing/able Complainant;
  - Whether to put the investigation on the footing of incident and/or pattern and/or climate;
  - To help identify potentially predatory conduct;
  - To help assess/identify grooming behaviors;
  - Whether a Complaint is amenable to Informal Resolution, and what modality may be most successful;
  - Whether to permit a voluntary withdrawal by the Respondent;
  - Whether to impose transcript notation or communicate with a transfer Saint Francis University about a Respondent;
Violence Against Women (VAWA)

SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

- Assessment of appropriate sanctions/remedies;
- Whether a Clery Act Timely Warning/Trespass order/Persona-non-grata is needed.

More about Saint Francis University’s process for VRA can be found in Appendix D.

Based on the initial assessment, Saint Francis University will initiate one of two responses:

- **Informal Resolution** – typically used for less serious offenses and only when all parties agree to Alternate Resolution, or when the Respondent is willing to accept responsibility for violating policy. This can also include a remedies-only response.
- **Administrative Resolution** – investigation of policy violation(s) and recommended finding, subject to a determination by the Title IX Coordinator and the opportunity to appeal to an Appeal Decision-maker.

The investigation and the subsequent Administrative Resolution determine whether the non-discrimination policy has been violated. If so, Saint Francis University will promptly implement effective remedies designed to end the discrimination, prevent recurrence, and address the effects. The process followed considers the preference of the parties but is ultimately determined at the discretion of the Title IX Coordinator. At any point during the initial assessment or formal investigation, if the Title IX Coordinator determines that reasonable cause does not support the conclusion that policy has been violated, the process will end, and the parties will be notified. The Complainant may request that the Title IX Coordinator review the reasonable cause determination and/or re-open the investigation. This decision lies in the sole discretion of the Title IX Coordinator, but the request is usually only granted in extraordinary circumstances.

2. Resolution Process Pool

The resolution processes rely on a pool of officials (“Pool”) to carry out the process. Members of the Pool are announced in an annual distribution of this Policy to all students and their parents/guardians, employees, prospective students, and prospective employees. The list of members and a description of the Pool can be found at [www.francis.edu/titleix](http://www.francis.edu/titleix). Members of the Pool are trained annually in all aspects of the resolution process and can serve in any of the following roles, at the direction of the Title IX Coordinator:

- To provide sensitive intake for and initial advice pertaining to the allegations
- To act as optional process Advisors to the parties
- To facilitate Informal Resolution
- To investigate allegations
- To serve as a Decision-maker
- To serve as an Appeal Decision-maker

The Title IX Coordinator, in consultation with the President, carefully vets Pool members for potential conflicts of interest or disqualifying biases and appoints the Pool, which acts with independence and impartiality. Pool members receive annual training organized by the Title IX Coordinator, including a review of Saint Francis University policies and procedures as well as applicable federal and state laws and regulations so that they are able to appropriately address allegations, provide accurate information to members of the community, protect safety, and promote accountability. The Pool members receive annual training jointly OR specific to their role. This training includes, but is not limited to:

- The scope of Saint Francis University’s Discrimination and Harassment Policy and Procedures
- How to conduct investigations and hearings that protect the safety of Complainants and Respondents and promote accountability
- Implicit bias
- Disparate treatment and impact
- Reporting, confidentiality, and privacy requirements
Violence Against Women (VAWA)

- Applicable laws, regulations, and federal regulatory guidance
- How to implement appropriate and situation-specific remedies
- How to investigate in a thorough, reliable, and impartial manner
- How to uphold fairness, equity, and due process
- How to weigh evidence
- How to conduct questioning
- How to assess credibility
- Impartiality and objectivity
- Types of evidence
- Deliberation
- How to render findings and generate clear, concise, evidence-based rationales
- The definitions of all offenses
- How to apply definitions used by Saint Francis University with respect to consent (or the absence or negation of consent) consistently, impartially, and in accordance with policy
- How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes
- How to serve impartially, by avoiding prejudgment of the facts at issue, conflicts of interest, and bias
- Any technology to be used
- Issues of relevance of questions and evidence
- Issues of relevance to create an investigation report that fairly summarizes relevant evidence
- How to determine appropriate sanctions in reference to all forms of harassment and discrimination allegations

Specific training is also provided for Appeal Decision-makers, intake personnel, and Advisors. All Pool members are required to attend this annual training. Pool members are usually appointed to three-year terms. Individuals who are interested in serving in the Pool are encouraged to contact the Title IX Coordinator.

3. Counterclaims
Counterclaims by the Respondent may be made in good faith but are also sometimes made for purposes of retaliation. Saint Francis University is obligated to ensure that any process is not abused for retaliatory purposes. Saint Francis University permits the filing of counterclaims, but uses the initial assessment, described above in the Policy section, to assess whether the allegations are made in good faith. If they are, the allegations will be processed using the resolution procedures below, typically after resolution of the underlying allegation. A delay in the processing of counterclaims is permitted, accordingly. Occasionally, allegations and counterclaims can be resolved through the same investigation, at the discretion of the Title IX Coordinator. When counterclaims are not made in good faith, they will be considered retaliatory, and may constitute a violation of this Policy.

4. Advisors
a. Expectations of an Advisor
Saint Francis University generally expects an Advisor to adjust their schedule to allow them to attend Saint Francis University meetings when planned, but Saint Francis University may change scheduled meetings to accommodate an Advisor’s inability to attend, if doing so does not cause an unreasonable delay. Saint Francis University may also make reasonable provisions to allow an Advisor who cannot attend in person to attend a meeting by telephone, video conferencing, or other similar technologies as may be convenient and available. Parties whose Advisors are disruptive or who do not abide by Saint Francis University policies and procedures may face the loss of that Advisor and/or possible Policy violations. Advisors are expected to consult with their advisees without disrupting Saint Francis University meetings or interviews. Advisors do not represent parties in the process; their role is only to advise.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

b. Expectations of the Parties with Respect to Advisors
Each party may choose an Advisor who is eligible and available to accompany them throughout the process. The Advisor can be anyone, including an attorney, but should not be someone who is also a witness in the process. A party may elect to change Advisors during the process and is not obligated to use the same Advisor throughout. The parties are expected to inform the Investigators of the identity of their Advisor at least two (2) business days before the date of their first meeting with the Investigator(s) (or as soon as possible if a more expeditious meeting is necessary or desired). The parties are expected to provide timely notice to the Investigator(s) and/or the Title IX Coordinator if they change Advisors at any time.

Upon written request of a party, Saint Francis University will copy the Advisor on all communications between Saint Francis University and the party. The Advisor may be asked to sign a non-disclosure agreement (NDA) regarding private, sensitive records.

At the discretion of the Title IX Coordinator, more than one Advisor may be permitted to the parties, upon request. For equity purposes, if one party is allowed another Advisor, the other party must be allowed one as well.

c. Assistance in Securing an Advisor
Saint Francis University provides Advisors in the resolution process. Parties are not obligated to use an Advisor provided by Saint Francis University.

For representation, Respondents may wish to contact organizations such as:
- FACE (http://www.facecampusequality.org)
- SAVE (http://www.saveservices.org)

Complainants may wish to contact organizations such as:
- The Victim Rights Law Center (http://www.victimrights.org)
- The National Center for Victims of Crime (http://www.victimsofcrime.org), which maintains the Crime Victim’s Bar Association
- The times up legal defense fund: https://nwlc.org/times-up-legal-defense-fund/

5. Resolution Options
Proceedings are private. All persons present at any time during the resolution process are expected to maintain the privacy of the proceedings in accord with Saint Francis University Policy.

While there is an expectation of privacy around what is discussed during interviews, the parties have discretion to share their own experiences with others if they so choose, but are encouraged to discuss with their Advisors first before doing so.

a. Informal Resolution
Informal Resolution is applicable when the parties voluntarily agree to resolve the matter through Alternate Resolution [mediation, restorative practices, etc.], or when the Respondent accepts responsibility for violating Policy, or when the Title IX Coordinator can resolve the matter informally by providing remedies to resolve the situation.

It is not necessary to pursue Informal Resolution first in order to pursue Administrative Resolution, and any party participating in Informal Resolution can stop the process at any time and request the Administrative Resolution process. Further, if an Informal Resolution fails after the fact, Administrative Resolution may be pursued.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

i. Alternate Resolution
Alternate Resolution is an informal process, such as mediation or restorative practices, by which the parties mutually agree to resolve of an allegation is reached. It may be used for less serious, yet inappropriate, behaviors and is encouraged as an alternative to the Administrative Resolution process (described below) to resolve conflicts. The parties must consent to the use of Alternate Resolution.
The Title IX Coordinator determines if Alternate Resolution is appropriate, based on the willingness of the parties, the nature of the conduct at issue, and the susceptibility of the conduct to Alternate Resolution.
In an Alternate Resolution meeting, a trained administrator facilitates a dialogue with the parties to an effective resolution, if possible. Institutionally-imposed sanctions are not possible as the result of an Alternate Resolution process, though the parties may agree to accept sanctions and/or appropriate remedies.
The Title IX Coordinator maintains records of any resolution that is reached, and failure to abide by the resolution can result in appropriate enforcement actions.
Alternate Resolution is not typically the primary resolution mechanism used to address reports of violent behavior of any kind or in other cases of serious violations of policy, though it may be made available after the Administrative Resolution process is completed should the parties and the Title IX Coordinator believe it could be beneficial. The results of Alternate Resolution are not appealable.

ii. Respondent Accepts Responsibility for Alleged Violations
The Respondent may accept responsibility for all or part of the alleged policy violations at any point during the resolution process. If the Respondent accepts responsibility, the Title IX Coordinator makes a determination that the individual is in violation of Saint Francis University Policy.
The Title IX Coordinator then determines appropriate sanction(s) or responsive actions, which are promptly implemented in order to effectively stop the harassment, discrimination, and/or retaliation; prevent its recurrence; and remedy the effects of the conduct, both on the Complainant and the community.
If the Respondent accepts responsibility for all of the alleged policy violations and the Title IX Coordinator or designee has determined appropriate sanction(s) or responsive actions, which are promptly implemented, the process is over. The Complainant will be informed of this outcome.
If the Respondent accepts responsibility for some of the alleged policy violations and the Title IX Coordinator has determined appropriate sanction(s) or responsive actions, which are promptly implemented for those violations, then the remaining allegations will continue to be investigated and resolved. The Complainant will be informed of this outcome. The parties are still able to seek Alternate Resolution on the remaining allegations, subject to the stipulations above.

iii. Negotiated Resolution
The Title IX Coordinator, with the consent of the parties, may negotiate and implement any agreement to resolve the allegations that satisfies all parties and Saint Francis University.

b. Administrative Resolution
Administrative Resolution can be pursued for any behavior for which the Respondent has not accepted responsibility that constitutes conduct covered by the Equal Opportunity, Harassment, and Non-discrimination Policy at any time during the process. Administrative Resolution starts with a thorough, reliable, and impartial investigation.
If Administrative Resolution is initiated, the Title IX Coordinator will provide written notification of the investigation to the parties at an appropriate time during the investigation. Typically, notice is given [at least 48 hours] in advance of an interview. Advanced notice facilitates the parties’ ability to identify and choose an Advisor, if any, to accompany them to the interview.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

Notification will include a meaningful summary of the allegations, will be made in writing, and may be delivered by one or more of the following methods: in person, mailed to the local or permanent address of the parties as indicated in official Saint Francis University records, or emailed to the parties’ Saint Francis University-issued or designated email account.

Once mailed, emailed, and/or received in-person, notice will be presumptively delivered. The notification should include the policies allegedly violated, if known at the time. Alternatively, the policies allegedly violated can be provided at a later date, in writing, as the investigation progresses, and details become clearer.

Saint Francis University aims to complete all investigations within a sixty (60) business day time period, which can be extended as necessary for appropriate cause by the Title IX Coordinator with notice to the parties as appropriate.

Once the decision is made to commence an investigation, the Title IX Coordinator appoints Pool members to conduct the investigation (typically using a team of two Investigators), usually within two (2) days of determining that an investigation should proceed.

The Title IX Coordinator will vet the assigned Investigator(s) to ensure impartiality by ensuring there are no conflicts of interest or disqualifying bias.

The parties may, at any time during the resolution process, raise a concern regarding bias or conflict of interest, and the Title IX Coordinator will determine whether the concern is reasonable and supportable. If so, another Investigator will be assigned and the impact of the bias or conflict, if any, will be remedied. If the bias or conflict relates to the Title IX Coordinator, concerns should be raised with the University President.

Investigations are completed expeditiously, normally within 10-20 business days, though some investigations take weeks or even months, depending on the nature, extent, and complexity of the allegations, availability of witnesses, police involvement, etc.

Saint Francis University will make a good faith effort to complete investigations as promptly as circumstances permit and will communicate regularly with the parties to update them on the progress and timing of the investigation.

Saint Francis University may undertake a short delay in its investigation (several days to weeks, to allow evidence collection) when criminal charges based on the same behaviors that invoke Saint Francis University’s resolution process are being investigated by law enforcement. Saint Francis University will promptly resume its investigation and resolution process once notified by law enforcement that the initial evidence collection process is complete.

Saint Francis University action(s) are not typically altered or precluded on the grounds that civil or criminal charges involving the underlying incident(s) have been filed or that criminal charges have been dismissed or reduced.

Investigations involve interviews with all relevant parties and witnesses, obtaining available, relevant evidence, and identifying sources of expert information, as necessary.

All parties have a full and fair opportunity through the investigation process, to suggest witnesses and questions, to provide evidence, and to fully review and respond to all evidence, on the record.
6. Investigation

The Investigators typically take the following steps, if not already completed, not necessarily in this order:

- Determine the identity and contact information of the Complainant
- In coordination with campus partners (e.g., the Title IX Coordinator), initiate or assist with any necessary supportive measures
- Identify all policies implicated by the alleged misconduct
- Assist the Title IX Coordinator with conducting an initial assessment to determine if there is reasonable cause to believe the Respondent has violated policy
- If there is insufficient evidence to support reasonable cause, the process is closed with no further action
- Commence a thorough, reliable, and impartial investigation by developing a strategic investigation plan, including a witness list, evidence list, intended investigation timeframe, and order of interviews for all parties and witnesses
- Meet with the Complainant to finalize their statement, if necessary
- Prepare the initial Notice of Investigation and Allegation (NOIA) on the basis of the initial assessment. Notice may be one step or multiple steps, depending on how the investigation unfolds, and potential policy violations may be added or dropped as more is learned. Investigators will update the NOIA accordingly and provide it to the parties.
- Notice should inform the parties of their right to have the assistance of a Pool member as a process Advisor appointed by Saint Francis University, or other Advisor of their choosing, present for all meetings attended by the advisee
- When formal notice is being given, it should provide the parties with a written description of the alleged violation(s), a list of all policies allegedly violated, a description of the applicable procedures, and a statement of the potential sanctions/responsive actions that could result
- Give an instruction to the parties to preserve any evidence that is directly related to the allegations
- Provide the parties and witnesses with an opportunity to review and verify the Investigator’s summary notes from interviews and meetings with that specific party or witness
- Make good faith efforts to notify the parties of any meeting or interview involving the other party, in advance when possible
- Interview all relevant individuals and conduct follow-up interviews, as necessary
- Allow each party the opportunity to suggest questions they wish the Investigator(s) to ask of the other party and witnesses
- Complete the investigation promptly and without unreasonable deviation from the intended timeline
- Provide regular status updates to the parties throughout the investigation
- Prior to the conclusion of the investigation, summarize for the parties the list of witnesses whose information will be used to render a finding
- Write a comprehensive investigation report fully summarizing the investigation and all evidence
- Provide parties with a copy of the draft investigation report when it is completed, including all relevant evidence, analysis, credibility assessments, and recommended finding(s)
- Provide each party with a full and fair opportunity to respond to the report in writing within 7 days and incorporate that response into the report
- Investigators may choose to respond in writing in the report to the responses of the parties, and/or to share the responses between the parties for their responses, while also ensuring that they do not create a never-ending feedback loop
- Share the report with the Title IX Coordinator or legal counsel for review and feedback.

• Provide the final report to the Title IX Coordinator. Final report will include all evidence gathered, assess, and synthesize without making a finding, conclusion, determination, or recommendation.

7. Determination
Within three days of receiving the Investigator’s recommendation, the Title IX Coordinator or a trained, designated Decision-maker from the Pool, reviews the report and all responses, and then makes the final determination on the basis of the preponderance of the evidence.
If the record is incomplete, the Title IX Coordinator/Decision-maker may direct a re-opening of the investigation, or may direct or conduct any additional inquiry necessary, including informally meeting with the parties or any witnesses, if needed.
The Title IX Coordinator or Decision-maker may invite and consider impact statements from the parties if and when determining appropriate sanction(s), if any.
The Title IX Coordinator then timely provides the parties with a written Notice of Outcome to include findings, any sanction(s), and a detailed rationale, delivered simultaneously (without undue delay) to the parties.

8. Additional Details of the Investigation Process
a. Witness responsibilities
Witnesses (as distinguished from the parties) who are faculty or staff of Saint Francis University are expected to cooperate with and participate in Saint Francis University's investigation and resolution process. Failure of a witness to cooperate with and/or participate in the investigation or resolution process constitutes a violation of Policy and may be subject to discipline.

b. Remote processes
Parties and witnesses may be interviewed remotely by phone, video conferencing, or similar technologies if the Investigator(s) or Decision-maker determine that timeliness or efficiency dictates a need for remote interviewing. Witnesses may also provide written statements in lieu of interviews, or respond to questions in writing, if deemed appropriate by the Investigator(s), though this approach is not ideal. Where remote technologies are used, Saint Francis University makes reasonable efforts to ensure privacy, and that any technology does not work to the detriment of any party or subject them to unfairness.

c. Recording
No unauthorized audio or video recording of any kind is permitted during the resolution process.

d. Evidence
Any evidence that is relevant and credible may be considered, including an individual’s prior misconduct history as well as evidence indicating a pattern of misconduct. The process should exclude irrelevant or immaterial evidence and may disregard evidence lacking in credibility or that is improperly prejudicial.

e. Sexual history/patterns
Unless the Title IX Coordinator determines it is appropriate, the investigation and the finding do not consider: (1) incidents not directly related to the possible violation, unless they evidence a pattern; (2) the sexual history of the parties (though there may be a limited exception made with regard to the sexual history between the parties); or (3) the character of the parties.

f. Previous allegations/violations
While previous conduct violations by the Respondent are not generally admissible as information supporting the current allegation, the Investigator(s) may supply the Title IX Coordinator with information about previous good faith allegations and/or findings, when that information suggests potential pattern and/or predatory conduct. Saint Francis University uses a progressive discipline system. Previous disciplinary action of any kind involving the Respondent may be considered in determining the appropriate sanction(s).
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

g. Character witnesses
Neither the Title IX Coordinator nor the Investigator(s) will meet with character witnesses, but the Investigator(s) may accept up to two (2) letters supporting the character of each of the parties. Such letters must be provided to the Investigator(s) prior to the report being finalized; otherwise, the parties have waived their right to provide such letters.

h. Notification of outcome
If the Respondent admits to the violation(s), or is found in violation, the Title IX Coordinator [in consultation with other administrators as appropriate] determines sanction(s) and/or responsive actions, which are promptly implemented in order to effectively to stop the harassment, discrimination, and/or retaliation; prevent its recurrence; and remedy the effects of the discriminatory conduct, both on the Complainant and the community. The Title IX Coordinator informs the parties of the determination within two to three business days of the resolution, ideally simultaneously, but without significant time delay between notifications. Notifications are made in writing and may be delivered by one or more of the following methods: in person; mailed to the local or permanent address of the parties as indicated in official Saint Francis University records; or emailed to the parties’ Saint Francis University-issued or designated email account. Once mailed, emailed, and/or received in-person, notice is presumptively delivered.

The Notification of Outcome specifies the finding for each alleged policy violation, any sanction(s) that may result which Saint Francis University is permitted to share pursuant to state or federal law, and the rationale supporting the essential findings to the extent Saint Francis University is permitted to share under state or federal law. The notice will detail when the determination is considered final and will detail any changes that are made prior to finalization.

Unless based on an acceptance of violation by the Respondent, the determination may be appealed by either party. The Notification of Outcome also includes the grounds on which the parties may appeal and the steps the parties may take to request an appeal of the findings. More information about the appeal procedures can be found in section 11 below.

9. Sanctions
Factors considered when determining any sanction(s)/responsive action(s) may include, but are not limited to:

- The nature, severity of, and circumstances surrounding the violation
- An individual’s disciplinary history
- Previous allegations or allegations involving similar conduct
- The need for sanctions/responsive actions to bring an end to the discrimination, harassment, and/or retaliation
- The need for sanctions/responsive actions to prevent the future recurrence of discrimination, harassment, and/or retaliation
- The need to remedy the effects of the discrimination, harassment, and/or retaliation on the Complainant and the community
- The impact on the parties
- Any other information deemed relevant by the Title IX Coordinator

The sanction(s) will be implemented as soon as is feasible. The sanctions described in this policy are not exclusive of, and may be in addition to, other actions taken, or sanctions imposed by outside authorities.

a. Student Sanctions
The following are the sanctions that may be imposed upon students or student organizations singly or in combination:

- Warning: A formal statement that the behavior was unacceptable and a warning that further infractions of any Saint Francis University policy, procedure, or directive will result in more severe sanctions/responsive actions.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

- **Probation:** A written reprimand for violation of Saint Francis University Policy, providing for more severe disciplinary sanctions in the event that the student or organization is found in violation of any Saint Francis University policy, procedure or directive within a specified period of time. Terms of the probation will be articulated and may include denial of specified social privileges, exclusion from co-curricular activities, exclusion from designated areas of campus, no-contact orders, and/or other measures deemed appropriate.
- **Suspension:** Termination of student status for a definite period of time not to exceed two years, and/or until specific criteria are met. Students who return from suspension are automatically placed on probation through the remainder of their tenure as a student at Saint Francis University.
- **Expulsion:** Permanent termination of student status, revocation of rights to be on campus for any reason or attend Saint Francis University-sponsored events.
- **Withholding Diploma and/or Official Transcripts:** Saint Francis University may withhold a student’s diploma and/or official transcripts for a specified period of time, and/or deny a student participation in commencement activities, if the student has an allegation pending, or as a sanction if the student is found responsible for an alleged violation.
- **Revocation of Degree:** Saint Francis University reserves the right to revoke a degree previously awarded from Saint Francis University for fraud, misrepresentation, or other violation of Saint Francis University policies, procedures, or directives in obtaining the degree, or for other serious violations committed by a student prior to graduation.
- **Organizational Sanctions:** Deactivation, loss of recognition, loss of some or all privileges (including Saint Francis University registration), for a specified period of time.
- **Other Actions:** In addition to or in place of the above sanctions, Saint Francis University may assign any other sanctions as deemed appropriate.

b. **Employee Sanctions**
Responsive actions for an employee who has engaged in harassment, discrimination, and/or retaliation include:
- **Warning – Verbal or Written**
- **Performance Improvement/Management Process**
- **Required Counseling**
- **Required Training or Education**
- **Probation**
- **Loss of Annual Pay Increase**
- **Loss of Oversight or Supervisory Responsibility**
- **Demotion**
- **Suspension with pay**
- **Suspension without pay**
- **Termination**
- **Other Actions:** In addition to, or in place of the above sanctions, Saint Francis University may assign any other sanctions as deemed appropriate.

10. **Withdrawal or Resignation While Charges Are Pending**
Students: Saint Francis University does not permit a student to withdraw if that student has an allegation pending for violation of the policy on Equal Opportunity, Harassment, and Non-discrimination. Saint Francis University may place a hold, bar access to an official transcript, and/or prohibit graduation as necessary to permit the resolution process to be completed.

Employees: Should an employee resign with unresolved allegations pending, the records of the Title IX Coordinator will reflect that status, and any Saint Francis University responses to future inquiries regarding employment references for that individual will include the former employee’s unresolved status.

11. Appeals
All requests for appeal consideration must be submitted in writing to the Title IX Coordinator within three (3) business days of the delivery of the written finding of the Title IX Coordinator or Decision-maker. Any party may appeal the findings only under the grounds described below.

An Appeal Decision-maker chosen from the Pool will be designated by the Title IX Coordinator from those who have not been involved in the process previously. Any party may appeal, but appeals are limited to the following grounds:

- A procedural error or omission occurred that significantly impacted the outcome of the hearing (e.g., substantiated bias, material deviation from established procedures, failure to correctly apply the evidentiary standard).
- To consider new evidence, unknown or unavailable during the investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.
- The sanctions imposed fall outside the range of sanctions Saint Francis University has designated for this offense and the cumulative record of the Respondent.

When any party requests an appeal, the Title IX Coordinator will share the appeal request with the other party(ies) or other appropriate persons such as the Investigator(s), who may file a response within three (3) business days. The other party may also bring their own appeal on separate grounds. If new grounds are raised, the original appealing party will be permitted to submit a written response to these new grounds within three (3) business days. These responses or appeal requests will be shared with each party. The Appeal Decision-maker will review the appeal request(s) within five (5) business days of completing the pre-appeal exchange of materials. If grounds are not sufficient for an appeal, or the appeal is not timely, the Appeal Decision-maker dismisses the appeal.

When the Appeal Decision-maker finds that at least one of the grounds is met by at least one party, additional principles governing the review of appeals include the following:

- Decisions by the Appeal Decision-maker are to be deferential to the original decision, making changes to the finding only when there is clear error and to the sanction(s)/responsive action(s) only if there is compelling justification to do so.
- Appeals are not intended to be full re-hearings (de novo) of the allegation(s). In most cases, appeals are confined to a review of the written documentation or record of the investigation and pertinent documentation regarding the grounds for appeal.
- An appeal is not an opportunity for the Appeal Decision-maker to substitute their judgment for that of the original Investigator(s) or Title IX Coordinator/Decision-maker merely because they disagree with the finding and/or sanction(s).
- Appeals granted based on new evidence should normally be remanded to the Investigator(s) for reconsideration. Other appeals should be remanded at the discretion of the Appeal Decision-maker.
- Sanctions imposed as the result of Administrative Resolution are implemented immediately unless the Title IX Coordinator stays their implementation in extraordinary circumstances, pending the outcome of the appeal. 
  o for students: Graduation, study abroad, internships/externships, etc., do NOT in and of themselves constitute exigent circumstances, and students may not be able to participate in those activities during their appeal.
Violence Against Women (VAWA)
SEXUAL MISCONDUCT POLICIES, SERVICES, RESOURCES, AND PROTOCOLS

• All parties will be informed in writing within seven (7) business days of the outcome of the appeal without significant time delay between notifications, and in accordance with the standards for Notice of Outcome as defined above.
• Once an appeal is decided, the outcome is final; further appeals are not permitted, even if a decision or sanction is changed on remand.
• In rare cases when a procedural or substantive error cannot be cured by the original Investigator(s) and/or Title IX Coordinator/Decision-maker (as in cases of bias), the Appeal Decision-maker may recommend a new investigation and/or Administrative Resolution process, including a new resolution administrator.
• The results of a new Administrative Resolution process can be appealed once, on any of the three applicable grounds for appeals.
• In cases in which the appeal results in Respondent’s reinstatement to Saint Francis University or resumption of privileges, all reasonable attempts will be made to restore the Respondent to their prior status, recognizing that some opportunities lost may be irreparable in the short term.

12. Long-Term Remedies/Actions
Following the conclusion of the resolution process, and in addition to any sanctions implemented, the Title IX Coordinator may implement long-term remedies or actions with respect to the parties and/or the campus community to stop the harassment, discrimination, and/or retaliation; remedy its effects; and prevent its reoccurrence.
These remedies/actions may include, but are not limited to:
• Referral to counseling and health services
• Referral to the Employee Assistance Program
• Education to the community
• Permanent alteration of housing assignments
• Permanent alteration of work arrangements for employees
• Provision of campus safety escorts
• Climate surveys
• Policy modification
• Provision of transportation accommodations
• Implementation of long-term contact limitations between the parties
• Implementation of adjustments to academic deadlines, course schedules, etc.
At the discretion of the Title IX Coordinator, long-term remedies may also be provided to the Complainant, even if no policy violation is found.
When no policy violation is found, the Title IX Coordinator will address any remedial requirements owed by Saint Francis University to the Respondent.

13. Failure to Complete Sanctions/Comply with Interim and Long-term Remedies/Responsive Actions
All Respondents are expected to comply with conduct sanctions, responsive actions, and corrective actions within the timeframe specified by the Title IX Coordinator.
Failure to abide by the sanction(s)/action(s) imposed by the date specified, whether by refusal, neglect, or any other reason, may result in additional sanction(s)/responsive/corrective action(s), including suspension, expulsion, and/or termination from Saint Francis University and may be noted on a student’s official transcript.
A suspension will only be lifted when compliance is achieved to the satisfaction of the Title IX Coordinator.

Sex Offender Registry and Access to Related Information
The Adam Walsh Child Protection and Safety Act of 2006 provides for the registration and tracking of sex offenders. Institutions of higher education are required to issue a statement advising the campus community of where to find law enforcement agency information provided by a state concerning registered sex offenders. The law also requires sex offenders already require to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student.

In the Commonwealth of Pennsylvania, information regarding registered sex offenders who are subject to community notification may be obtained from a community member’s respective local municipal police agency and/or the Pennsylvania State Police.

2021 Annual Security and Fire Safety Report – University Police Department – Saint Francis University
Fire Safety Report

Fire Safety Information
Fire education programs are provided to all Residence Life Staff members and other groups on campus upon request. The Residence Life Staff and Occupational Therapy students are trained on the proper use of fire extinguishers. This training is offered all members of the Saint Francis community upon request.

Students should immediately report any fires regardless of the size by activating one of the pull stations and after evacuating the building to a safe area, by contacting the University Police at 814-472-3360. Along with reporting all active fires, students should also report all finding of an extinguished fire to the University Police at 814-472-3360. Students are strongly encouraged to report any problems with the fire protection systems (fire extinguishers, pulls stations, fire doors or horns/strobes) to their Resident Assistant assigned to their building, Residence Life Office at 814-472-3029 or the University Police Department at 814-472-3360.

Residence Hall Fire Safety
All 10 residence halls on campus and 11 off campus apartment-style buildings, which are part of the University’s Housing Apartment Transition Program (HATP) are nonsmoking environments. Every building which houses University students are equipped with both smoke detectors and fire extinguishers.
Other fire safety features in University residential units include:

- Fire Extinguishers (Residence Halls and HATP units)
- Smoke/Heat Detectors (on campus buildings)
- Smoke (all HATP units)
- CO2 Detectors (HATP units that require one)
- Sprinkler Systems (almost all, on campus residential buildings)

On Campus Residential Housing Fire & Safety
All residence halls at Saint Francis are equipped with fire protection systems. Each residence hall has pull stations, smoke/heat detectors, horns or strobes, evacuation plans and fire extinguishers. While Christian, Saint Joan, Amici, Giles, Saint Louis, Saint Elizabeth, Saint Agnes, Saint Clare and Saint Francis Halls are also equipped with a sprinkler system. If a fire alarm is activated, it will automatically notify the on duty officer with the location of the alarm, along with notifying the Cambria County 911 Center which will dispatch all appropriate personnel. All of the University owned or operated apartment-style living units are outfitted with both smoke detectors and fire extinguishers.

Students are required to read and comply with the Student Code of Conduct, Student Handbook and/or the housing contract., which includes health and safety inspections and all other set guidelines and rules for residential buildings. Throughout each semester periodic room inspections are performed, which include but are not limited to, a visual inspection of electrical cords/power strips, damages, etc. In addition, each room is examined for the presence of items, which were outlined in the housing contract as prohibited items, they include:

- Toaster ovens
- Space heaters
- Smoking of any kind
- Halogen lamps
- Open coiled appliances
- Internal combustion engines
- Harmful/explosive chemicals
- Candles
Fire Safety Report

Fire Drill and Evacuation Procedures
Periodic fire drills will be conducted, in accordance with Pennsylvania state law, all must participate completely during any emergency drill. The following evacuation procedures must be followed at Saint Francis University. Students must evacuate the building when an alarm sounds.

Before leaving, students should do the following:

- If in a room, feel the door, if feels hot, the hallway may be filled with deadly gases. Do not open the door, but go to the window and wait for rescue. If the door is cool, close the windows before slowly opening the door.
- Do not stop to dress, but take a pair of shoes, a jacket or blanket. Upon leaving the room, leave the lights on and the door closed. Take your room key. Knock on the other students’ doors on each side of the hall to be sure that others are aware of the fire before evacuating.

If it is not possible to leave the room:

- Open the windows if there is smoke in the room; if there is not smoke, leave the window closed to prevent outside smoke from being drawn into the room.
- Seal cracks around the door with towels (damp if possible)
- If trapped, attract attention by hanging an object from the window (the brighter the color the better) and wait by the window for help. If outside smoke is drawn in, close the windows, leaving the object hanging. Don’t panic, help will come quickly.
- If smoke is severe, place a wet cloth over your mouth and nose. Remember, there is usually less smoke near the floor.

When evacuating:

- Walk at a brisk pace, do not run
- Follow the proposed corridor instructions for the proper exit route and assembly point
- Move in a single file along the wall toward the exit
- Use only the marked exits. Remain silent so that you can hear instructions
- If the exit lights are out, do not panic. Proceed cautiously to find the nearest exit route or, if necessary, return to your room
- Remain outside until you are instructed to return to the building by a University official. In the event that reentry to the hall is not possible, everyone will be instructed to go to another assembly point for more information.

Furniture
All furniture and mattresses supplied by the University meet the requirements of Cal Tech 133 and Cal Tech 117. These measurements are standards used throughout the combustibility requirements of residential furnishings.

Disabled Persons
Any person(s) with disabilities who require assistance evacuating a building should notify the Saint Francis University Police Department, along with the Residence Life Office and the Director of Student Accessibility so that an evacuation assistance plan can be established, amongst University departments and the Loretto Fire Department.
Fire Safety Report

Fire Extinguishers
There is a fire extinguisher located in all hallways and common areas throughout all of the residential buildings, which are owned and/or operated by Saint Francis University. The extinguishers are to be used by emergency responders and trained University personnel only. Do not attempt to fight a fire with a fire extinguisher unless you have been properly trained on the proper use of the equipment. If you discover a small fire and the alarm fails to sound, go to the nearest pull station to activate the alarm manually and evacuate the building.

Fire extinguishers are inspected annually by a third party vendor to make sure they are functioning correctly. They are then maintained by the University Police Department monthly to assure proper locations and charge.

Plans for Future Improvements in Fire Safety
Saint Francis University continually evaluates their fire protection systems in residential facilities. Upgrades to the system occur through replacements or building renovations.

Current planning and education include:

- Adding sprinkler systems to the remainder of the residence halls
- Establishing a Fire Safety Program for University students, faculty and staff members to learn proper fire safety

FIRE SAFETY TIPS

- If you suspect a fire, pull the nearest fire alarm in the hallway or near an exit door
- When you hear the building’s fire alarm sounding, evacuate the building immediately
- Evacuate any building on campus by following the posted EXIT signs. Do not attempt to use elevators during emergencies unless you are directed by emergency response personnel.
- If you are disabled, call the University Police, Residence Life Office and the Director of Student Accessibility so that an evacuation assistance plan can be established.

Saint Francis University Shuttle Service
Whether you are in need of a ride to local shopping destinations or local transportation depots, we’re happy to help! The Center for Student Engagement coordinates the Transportation Services program at Saint Francis University. Various services are offered to SFU students, including regularly scheduled shuttles to area transportation depots, weeknight shopping, non-emergency medical transportation, and much more!

Students can arrange for shuttle service to area transportation hubs for bus, train, or airports to get back and forth from home during breaks or on weekends. Shuttles regularly services both the Johnstown/Cambria County Airport and the Altoona-Blair County Airport for flights, along with the Altoona Transportation Center for Amtrak train and Greyhound bus. Shuttles are also offered to the Pittsburgh International Airport. Low standard rates are charged for students who utilize regularly-scheduled shuttles. Students who desire a more customized service outside the regular schedule are subject to a premium rate.

Visit the Center for Student Engagement (located on the upper floor of the JFK Center), call for additional information at 814-472-3305, or email your questions/concerns to studentlife@francis.edu.

Shuttle Policies
The following policies are set-forth by the Center for Student Engagement and are intended to help maintain an efficient, safe, and reliable service for students

- Transportation/shuttle services are available only to full-time SFU students. The service is available to and from the Saint Francis University campus only.
- Anyone utilizing the shuttle service must register to reserve a seat by completing a shuttle reservation form at the Center for Student Engagement office at least four business days prior to the scheduled shuttle. At the time of reservation, students will need to provide personal contact information and transportation information including time of departure and/or arrival time.
- There is a limited amount of space for seating; therefore, luggage is limited to one piece of luggage and one carry-on or backpack per person.
- The Center for Student Engagement is NOT responsible for booking/coordinating other travel arrangements such as bus, train, or flights, OR any lodging accommodations.
- The scheduled shuttle services will be the only shuttles provided by Saint Francis University. For individual requests that fall outside of our schedule, students will be assessed a premium rate.
- ALL shuttles are subject to change or cancellation per weather/road conditions and availability of authorized drivers. The Center for Student Engagement coordinates all transportation services with the Department of University Police and strictly follows their recommendation regarding the release of any shuttles.
- It is the students’ responsibility to check their email for shuttle instructions and confirmation. Transportation requests made after deadlines may not be able to be accommodated.
- On the day of travel, please arrive at the JFK Center Front Lobby at least 10 minutes prior to shuttle departure time. When departing campus, the van will not be able to hold the departure time for those who are not ready to leave at the scheduled time. The departure time from campus is set to accommodate other travelers and cannot be delayed for any reason. If a student misses the shuttle, it will be the student’s responsibility to locate and obtain alternate transportation to and from campus. Saint Francis University or the Center for Student Engagement will not be responsible for any additional costs incurred if a student misses the train/bus/flight for any reason. This would include inclement weather and traffic delays.

All transportation services are contingent upon the availability of university authorized vehicles and drivers.

Transportation and Parking

Walking Safely
Safety is a shared responsibility for all road users, including drivers and pedestrians. The following are some tips to improve road safety for everyone.

Safety Tips for Pedestrians
Be safe and be seen: make yourself visible to drivers

- Wear bright/light colored clothing and reflective materials.
- Carry a flashlight when walking at night.
- Cross in a well-lit area at night.
- Stand clear of buses, hedges, parked cars or other obstacles before crossing so drivers can see you.

Be smart and alert: avoid dangerous behaviors

- Always walk on the sidewalk; if there is no sidewalk, walk facing traffic.
- Stay sober; walking while impaired increases your chance of being struck.
- Don't assume vehicles will stop; make eye contact with drivers, don't just look at the vehicle. If a driver is on a cell phone, they may not be paying enough attention to drive safely.
- Don't rely solely on pedestrian signals: look before you cross the road.
- Be alert to engine noise or backup lights on cars when in parking lots and near on-street parking spaces.

Be careful at crossings: look before you step

- Cross streets at marked crosswalks or intersections, if possible.
- Look left, right, and left again before crossing a street.
- Watch for turning vehicles; make sure the driver sees you and will stop for you.
- Look across ALL lanes you must cross and visually clear each lane before proceeding. Just because one motorist stops, do not presume drivers in other lanes can see you and will stop for you.
- Don't wear headphones or talk on a cell phone while crossing.

Remember always be alert while walking on campus and crossing the street, especially at night.
Tips for a Safer Campus

When Walking or Running:

- Carry a whistle or personal alarm that would make a loud sound to get the attention of others in the area
- Always go with someone
- Stay away from isolated areas on and around campus
- Stay in well-lit, well-traveled areas. Walk in the middle of the sidewalk between curbs and buildings, staying away from low laying trees and bushes
- Hold your purse, backpack and briefcase tightly and close to your body
- Keep your wallet in a front pocket, which is safer than your back pocket

If You’re Being Followed:

- Cross the street or change directions
- Keep looking back, so the person(s) know you can’t be surprised
- Go to a well-lit area. Enter a building anywhere or anywhere else there are people
- Notice and remember as much as possible about the person, so you can give a good description
- When arriving at a safe location, immediately contact the Saint Francis University Police Department and report the incident

Where You Live:

- Keep your door locked both day and night
- Don’t let strangers’ in
- Never prop doors open, especially fire doors, even for a short period of time

Protect Personal and University Property:

- Lock your door every time you leave
- Engrave expensive items and valuables with a unique marking
- Don’t attach your Saint Francis ID card or any other identification to your key chain
- Don’t leave your belongings (books, laptops, gym bags, backpacks, coats, purses, etc.) unattended in the library, hallway, classroom, study area, etc.
- Don’t tell anyone if you have a large amount of cash or other valuables in your room or on your person.

BUILDING AT NIGHT:

- If you work late, keep your office door locked
- Call the Saint Francis Police to be escorted to or from your campus destination
- Lock all doors behind you when entering or exiting at night

PROTECT YOUR CAR:

- Always lock your car and take the keys with you
- Always keep your valuables out of sight or lock them in the trunk
- Park in well-lit areas
Tips for a Safer Campus

IF DRIVING:

- Have your keys ready when walking to your vehicle
- Always check your back seat before getting into your car
- Keep doors locked while driving
- Don’t offer a ride to anyone you do not know

BE AWARE:

- Attend safety workshops and seminars held by the University Police Department, Residence Life or other groups on campus.
- Always report suspicious activity
- Get to know your neighbors and pay attention to who is coming and going from the hallway or the buildings
- If you see a suspicious person or vehicle on campus never approach them, stay at a safe distance and gather as much information about the person(s) or vehicle. If possible contact University Police immediately to report the incident.

Never hesitate to contact the Saint Francis University Police Department at 814-472-3360, when you have any safety concerns.

  - Attempt to incapacitate the suspect
  - Act with physical aggression
  - Improvise weapons
