On the cover: Paige Mundy '15, Biology

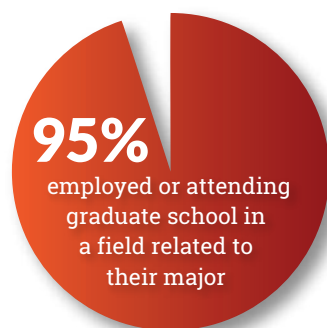

Paige is pursuing her Ph.D. as part of the Molecular, Cellular, and Integrative Physiology program at the University of California, Davis. Her research is focused on fish physiology, particularly the interactive molecular effects of emerging contaminants and salinity stress in euryhaline fish. After graduate school, she is interested in a career in policy so she can have a positive impact on watershed regulation.

She credits her personalized undergraduate experience at SFU with preparing her for graduate education. "I have found my cross-disciplinary background in marine and molecular biology allows me a unique perspective on physiology, which helps me excel in my core courses as well as implementing creative approaches to research," she shared.

Methodology

The 2015 First Destination Survey was distributed by the Career Services Office to 761 undergraduate and graduate students who graduated in December 2014 and May or Summer of 2015. Each graduate received an email with a link to the survey and a paper copy of the survey by regular mail in November of 2015. Two months later, in January 2016, each non-respondent was contacted again by email and regular mail. Faculty, staff, advisors and academic departments were then contacted to obtain any available post-graduation information for non-respondents. In addition to the mailings and faculty contact, follow-up phone calls and emails were made to non-respondents. Social media tools (LinkedIn, Facebook, and Google) were also used to retrieve graduate information.

Appendix A of the full report includes a copy of the **First Destination Survey**, the tool used to capture the information contained in this report. View the full report at www.francis.edu/career.

Career Snapshots: Class of 2015

Timothy Keith School of Business

Timothy graduated with his Bachelors of Science degree in Economics with a minor in Mathematics. He was accepted into the Ph.D. program in Economics at Iowa State University. He received full tuition remission and an annual stipend to cover his living expenses while attending the University and obtaining his Ph.D.

Teodorico (Teo) Heckman School of Health Sciences

Dr. Teodorico Heckman, PT, DPT graduated with his Bachelors of Science in Health Science in 2013, before completing the doctorate program in Physical Therapy in May 2015. During his graduate studies he completed clinical rotations at Western PA Sports Medicine & Rehabilitation in Somerset, Pa., Golden Living Nursing Center in Richland, Pa., Windber Medical Center Outpatient Clinic in Windber, Pa. and Conemaugh Health System Main Campus in Johnstown, Pa. Prior to graduation, he was offered a full-time position at CrossRoads Physical Therapy in Hollidaysburg, Pa. where he has worked as a physical therapist for the past year.

Goals of Franciscan Higher Education

Saint Francis University students go on to become doctors, biologists, chemists, engineers, nurses, lawyers, teachers, business owners, and policy makers to name a few—and we are so proud that they carry their Franciscan values with them.

- ♦ A humble and generous attitude toward learning
- ♦ Reverence for all life and the goodness of humanity
- ♦ Respect for the uniqueness of individual persons
- ♦ A global vision
- ♦ Service to the poor and needy
- ♦ A community of faith and prayer
- ♦ A spirit of simplicity and joy
- ♦ Franciscan presence
