LETTER FROM THE PRESIDENT

Saint Francis University’s 600-acre campus sits atop a gorgeous mountaintop in Loretto, PA. (near Pittsburgh). We’re one of the oldest Catholic universities in the country, and the oldest dedicated to Franciscan values. Our University is an inclusive learning community that welcomes all people. We are each unique, yet we share a common bond: a desire to be a better person tomorrow than we are today. Our University is ranked among the very best according to U.S. News and World Report. We provide more than 50 academic programs of study that fuel your mind and feed your soul. Saint Francis of Assisi, through his Catholic Franciscan mission, left us and abundance of clues for living a meaningful life. Through his Faith and Franciscanism, he pointed the way in arts, business, healthcare, and the environment. We are home to one of the smallest NCAA Division-I programs in the nation and recognized for academic excellence and sportsmanship! Go Red Flash!

The safety and security of every member of our SFU community is most important. The success of our faculty, staff and students relies on the continuous safety efforts by all. The University Police Department is staffed by a highly-trained force that numbers 9 sworn officers and leads our campus safety effort. SFU’s innovative approach to campus safety includes the immersion of sworn officers in the living and learning spaces of our campus as mentors and problem-solvers. We also work closely with local law enforcement agencies to jointly police neighbors adjacent to our campus where many upper class students live. On and off campus, we have 24-hour police protection; an escort service for anyone who does not wish to walk alone; student police dispatchers; a safety committee made up of faculty and staff; as well as a state of the art mass notification system (RAVE) for distribution of emails and text messaging in case of an emergency. We are very fortunate that our Police, Residence Life and Student Development Departments work hand in hand to provide the upmost protection to all that call our campus...home. While SFU takes extraordinary steps to help create a campus culture built around safety, caring and cooperation, we cannot lose sight of the simple fact that no community is immune or completely safe from predators. We encourage you to use the information contained within this report to promote your own awareness and to continue to make the SFU community a place where education and Franciscan values flourish in a caring living and learning environment.

Fr. Malachi Van Tassell, T.O.R, Ph.D.
President, Saint Francis University

PREPARATION OF THE ANNUAL SECURITY AND FIRE SAFETY REPORT

Saint Francis University Police Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act as well as the Pennsylvania Crime Reporting Act. This report includes statistics from the previous three years concerning reported crimes that occurred on campus, in specific off-campus buildings or property owned, leased or controlled by the University, and on public property adjacent to the University. The University uses material, which has been gathered from information provided by numerous departments including University Police, Campus Security Authorities, Office of Residence Life, Student Conduct and Study Abroad; along with information provided by the Loretto Borough Police Department and the Pennsylvania State Police. Each of the departments were asked to provide updated policy information and crime data. The Annual Security and Fire Safety Report also includes institutional policies regarding campus safety, such as policies concerning sexual assault and harassment, stalking, domestic and dating violence, alcohol, and other drugs for both University campuses (Loretto, PA and Ambialet, France).

Saint Francis University makes their Annual Security and Fire Safety Report available to every member of the University community by October 1st of each year and explains the process on how to access the report. The Annual Security and Fire Safety Report is available at the University Police Department or online at www.francis.edu/Campus-Safety-and-Health

The following report has been provided as an overview of security, facts and information that will be helpful to you. EMERGENCY NOTIFICATION AND EVACUATION PROCEDURES

TRAINING AND TESTING PROCEDURES

Saint Francis University is proactive in planning and preparing for emergency situations that may arise on university property and have developed Emergency Management Guidelines to provide the basic framework for those responding to an emergency situation at the University.

The Saint Francis University Police Officers have received training in incident command through the National Incident Management Systems (NIMS) and practice in Active Threat exercises annually through tabletop and function exercises. These exercises are designed to prepare university personnel to respond to various emergencies that may occur on campus, recover from emergencies as quickly as possible, and provide the appropriate support to students, faculty, staff and university operations. Along with the above annual trainings the University police department offers educational programs on active threat situations, along with other safety issues to students, faculty and staff upon request.

Each year, the University’s Emergency Notification System is tested (see details below); this testing procedure is unannounced and an evaluation and documentation of the test is maintained at the University Police Department for anyone wishing to see it. Evacuation and/or shelter-in-place exercises are conducted in residential buildings at least twice during each school year. Evacuation exercises are used to educate and train the students living in residential buildings the procedures specific to their building. During these exercises, building occupants will practice the emergency procedures, allowing them to familiarize themselves with the locations of all exits and the sound of the alarm system.

The Saint Francis University Police Department conducts a variety of testing activities throughout the year. For information regarding the testing schedule, please contact the Police Captain at 814-472-3360

EMERGENCY NOTIFICATION

Upon learning of a significant emergency or dangerous situation involving the immediate threat to the health and safety of students, faculty and staff occurring on campus, the University’s RAVE Alert Notification System will be activated unless activation will, in the professional judgment of responsible parties could compromise the efforts to assist victims, or to contain, respond to or otherwise relieve the emergency, Saint Francis University may wish to delay issuing the emergency notification. Once the condition that may have compromised efforts is no longer present, Saint Francis University will issue the emergency notification. The Saint Francis University Police will confirm the emergency situation and immediately contact the Police Captain and all other responsible administration. They will then determine the content of the notification and initiate text and email alerts to all RAVE Alert subscribers, which will include the type of emergency, locations and instructions.

The RAVE Alert mass notification is tested once each year, in order to ensure proper operation.

The RAVE Alert system is free for any student, faculty, and staff member wishing to subscribe.

Those wishing to sign up for the RAVE Alert mass notification system may do so by logging on to https://www.getrave.com/login/francis and following the directions.

The RAVE Alert system is a just one piece of a layered approach to notification at the Saint Francis University. Other notification methods such as officer presence, website alerts, social media and local television and radio broadcast may be used as an alternative depending on the circum-

EMERGENCY EVACUATION

In the event of a fire or another emergency on campus requiring building evacuations, building occupants should do the following:

- Activate the closest fire alarm pull station. Only use a fire extinguisher if the fire is small and you have been trained in proper use
- Notify any one in the immediate area of the danger
- Close your room door in order to help contain the smoke or fire
- Evacuate the building according to the buildings evacuation plan through the designated stairwells and exterior exit doors. DO NOT USE ELEVATORS
- Once outside the building proceed to the designated assembly area designated by emergency officials. At no time should you re-enter the building until the “all clear” command is given.
- Call 911 and The Saint Francis Police 814-472-3360 from a safe area in order to provide additional information regarding the situation.

The above listed steps apply to all Saint Francis University buildings, including residence halls.
SECURITY AND BUILDING ACCESS

Saint Francis University has installed and maintains all exterior lighting on campus grounds and around all buildings. While still maintaining a scenic campus setting, the university grounds crews keep all trees and shrubs trimmed to reduce safety concerns. Along with keeping the grounds pristine, the University Physical Plant also conducts an annual lighting survey on campus. This survey consists of all exterior lighting around buildings, walkways, streets, and parking lots.

During the week there are numerous Saint Francis employees who work at addressing health, safety, and maintenance issues on campus. They work along side the University Police Department and Physical Plant to correct the issues in a timely manner.

As part of their duties, Residence Life staff members conduct health and safety inspections of their assigned residence hall. They have access to an online work-order system in order to get their concerns to the physical plant. The residence life staff also works closely with University Police in situations that constitute emergency maintenance or housekeeping issues as part of a 24-hour call-out program.

UNIVERSITY BUILDINGS AND PROGRAMS

With the exception of residence halls, Saint Francis University is open to the public during the day and evening while in session. On the days the University is officially closed, all buildings will be locked, and only those with granted access will be allowed in any university building. Students requiring housing over the break period may make their request through the Residence Life Office 814-472-3029.

Some Saint Francis sponsored programs are open to the general public, while others are reserved to students with a valid Saint Francis ID. Some events may require additional security personnel to help with staffing during the event, such as football games.

LIVING AT SAINT FRANCIS UNIVERSITY

Saint Francis University Police Department and the Office of Residence Life work in corporation with each other in order to provide resident students with a safe and secure environment. It is important that students, faculty, and staff members work together in order to enhance the quality of life, along with safety in the residence halls and off-campus properties.

To house undergraduate students during the academic year, Saint Francis University maintains some 1,280 residential beds in 10 residence halls and 11 apartment-style structures. They include singles, doubles, triples, suites, houses, and apartments.

All of the 10 residence halls on campus and one off-campus housing unit, along with two academic buildings are controlled by a card access system, which are all controlled by the Saint Francis Police Department and Information Technology Department. All residence hall entrance doors, along with numerous areas on and off-campus are monitored by video surveillance, which is overseen and controlled by the University Police Department.

As part of their daily routine, University Police officers are in all residence halls throughout their assigned shifts, in order to give an added sense of security to those residing in University housing.
RESIDENCE HALL SECURITY

When resident students arrive on campus, for the first time or returning, they are provided with information regarding campus safety and residence hall security, such as:

- Who to call if there is an emergency
- What procedures to follow in the event of a fire
- Who to contact if they become locked out of their room or residence hall
- How to mark and keep valuables safe
- Visitation, alcohol and drug policies
- General campus safety, along with numerous other topics

During the mandatory first hall meeting of the semester, conducted by the Resident Assistant, students are able to become familiar with their surroundings inside the residence hall and the unique security features allowing them to help make Saint Francis University a safe and secure environment for all.

All exterior entrance doors into the residence halls are controlled by card access readers 24-hours a day, seven days a week. Should you find a door into one of the residence halls not operating or securing properly, notify the Saint Francis University Police Department at 814-472-3360 from a non-campus phone, or by picking up the phone located in the call box outside of each residence hall. You may also notify your buildings resident assistant who will notify the proper authorities. Along with the card readers, all exterior doors of all on campus residence halls are monitored by video surveillance 24-hours a day, 7 days a week for added security for those students living in a University residence hall.

RESIDENCE LIFE STAFF

The Residence Life Staff is made up of the following:

- Thirty-seven Residence Assistants (RA’s)
- Three Residence Life Coordinators (RLC’s)
- One Graduate Assistant (GA)

All residence life staff undergo extensive training sessions throughout the academic year. These trainings include how to handle various emergency situations, de-escalation techniques, alcohol and drug, fire extinguisher, Campus Security Authority, medical, evacuation, etc. The Residence Life staff is available 24-hours a day, seven days a week. Residence Life Coordinators (RLC’s) along with completing nightly rounds also maintain scheduled day and evening office hours. Both the Resident Assistant and Residence Life Coordinator are on duty every night, including weekends and holidays during the academic semester. This allows them to assist the residence in any manner. The residence life duty schedule is posted in the residence hall they oversee.

SECURITY FEATURES FOR STUDENT ROOMS

Every room located inside the residential facilities has its own room key, which are coded with a core number, instead of a key code so if lost no one knows what room the key belongs to. The University advises to not attach room keys to your student ID card, due to if lost it would allow someone into your residence hall and your room.

All exterior doors are secured and controlled by electronic locks, accessible only by student ID cards. Each ID card is encoded specifically for that students building and will not work to gain access into any other residence hall on campus.

RESIDENCE HALL GUEST REGISTRATION PROCEDURES

Q A friend is coming to visit me, how do I sign them in?
A In order to enter a residence hall, the resident student must have there issued Saint Francis ID card. Students must register their guest with Residence Life prior to their arrival, all visitors must be accompanied by the resident while they are in the building.

Q What are the visitation hours, that my guest can visit me?
A Guest of the opposite sex may visit in residence hall rooms and public areas from 10:00a.m to 12:00a.m (midnight) on weekdays. Then on weekends the hours are extended until 2:00a.m on both Saturday and Sunday mornings.

Q Do campus visitors need to register their car, when visiting?
A Yes, all visitors must register their vehicle with University Police. This will help the University Police department locate the owner on campus if there are any issues with their car. There is not charge for a visitor to register their vehicle during their stay.

Q What happens if the person visiting me gets in trouble?
A All residents students are responsible for any policy violations, damages, or property losses attributed to their guest, while they are visiting the University.
HOUSING ASSIGNMENTS AND CHANGE REQUESTS

Unless specified, and approved in writing, the housing and food contract is for both the fall and spring semesters. Any request to break the housing contract mid-year must be received in writing prior to the last day of classes for the Fall Semester.

All traditional resident students are required to participate in a meal plan with a minimum 10 meals a week. Meal plans are also available to non-resident students. All students may sign up for or increase their meal plans at any time during the academic year, by going to the Residence Life Office located in Padua Hall 227. Students can make changes to their meal plan at the beginning of the semester before the add/drop date, that is established by the Registrar’s Office by stopping by the Residence Life Office.

The office of Residence Life is responsible for making all housing assignments and determining the occupancy and capacity of any room or unit. Attempts will be made to honor roommate request, providing both students have notified the Office of Residence Life. Such requests will be honored on a space available basis. Students who have not expressed a roommate preference will be randomly assigned. The University will not discriminate in the basis of race, color, religion or nationality in the assignment of roommates.

Room changes will not be accommodated until after the first day of classes in any semester. Until that time, all students must remain in their official room assignments. Open room changes will be permitted for a one week period and will be determined by housing administration. If a student changes room assignments without written approval, he/she will be in violation of the their housing contract and will be subject to a $25.00 fine. In order to accommodate all students applying for housing, it may be necessary to assign students to temporary housing.

Upperclassmen take part in a room draw process each Spring Semester to determine their living assignments and roommates for the following year.

If roommates are having issues with sharing a room, they should first try and resolve the issue amongst themselves. If it does not work, they will need to speak with one of the Resident Assistant’s in their assigned hall, in order to establish guidelines to make the living assignment work. If the steps set in the roommate mediation are unsuccessful, the student will have the right to meet with a Residence Life Coordinator to determine if a room change is necessary.

POLICY FOR NOTIFICATION OF MISSING STUDENT

Members of the Saint Francis University community upon learning of a missing student should immediately report it to the Saint Francis University Police Department at 814-472-3360. Once a missing persons report is filed with the university police, they will carefully investigate and record all factual information surrounding the disappearance. Special care will be applied for instances involving individuals who may be mentally or physically impaired, or others who are not able to care for themselves.

All students living in on-campus housing can confidentially identify and register one or more individuals to be contacted if the student is determined to be missing. The contact person may be anyone, including, but not limited to, the person the student has otherwise identified as an emergency contact. Students will have the opportunity to register a confidential missing student emergency contact to be notified in the event they are missing, with the University Police Department by going to Missing Student Emergency Contact Information online. Registration is voluntary, but is strongly encouraged. The information provided to the University Police is confidential and will only be used by University officials and the Saint Francis University Police Department in an emergency situation. In order to further the missing persons investigation the provided information will be disclosed to the appropriate local law enforcement personnel.

The missing student emergency contact information can be added or updated at anytime, while enrolled as a student at Saint Francis University, by contacting the University Police Department and requesting the change.

If the Saint Francis University Police Department determines after the initial investigation that a student is missing the university will notify the student’s emergency contact person no later than 24 hours after the student is determined to be missing. If the missing student is under 18 and is not an emancipated individual, the university will notify the custodial parent or guardian within 24 hours of the determination being made that the student is missing, in addition to notifying the missing student emergency contact person that was designated by the student.

Along with following the set University policy, the University Police will also notify the appropriate local law enforcement agency with 24-hours of the determination that the student is missing.
HOUSING DURING HOLIDAYS AND BREAKS
All Saint Francis University residence halls will be closed during Thanksgiving break, Christmas break, Winter break, Spring break and Easter break. When the halls are closed, students must vacate their rooms and card access to the buildings is disabled during this time. Details of closing times and policies are posted in the halls prior to these breaks. When the halls close for breaks, a University staff member checks every room to be sure all break procedures are followed. Examples of these procedures would be unplugging certain electrically powered items, turning off lights, and locking windows. Any policy violations will be reported. During this time the Saint Francis University Police Department will continue to patrol campus and all residential housing units. As an added precaution all students should remove anything of value from their room to take home or store out of sight in their room.

UNIVERSITY-OWNED AND CONTROLLED APARTMENT HOUSING

DEFINITIONS OF CLERY REPORTABLE CRIMES

Murder/Non-Negligent Manslaughter: Defined as the willful killing of one human being by another

In Pennsylvania, with the exception of rape and involuntary deviate sexual intercourse, a person commits the crime of sexual assault when that person engages in sexual intercourse with a complainant, without their consent.

Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by sex organ or another person, with the consent of the victim.

Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her temporary or permanent mental incapacity.

Incest: Sexual intercourse between persons who are related to each other with the degrees wherein marriage is prohibited by law.

Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purpose of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

The only sites that have an organized program of study and administrative personnel on-site are the Loretto, PA and Ambialet, France campuses. All of the policies and expectations of student conduct are followed regardless of which campus location the students are attending, along with enforcing all University policies the same educational programs are available to the students. b. Under UCR Part II Crime guidelines, Other Assaults include Simple Assaults as well as Harassment incidents involving a threat to assault

Chart I: contains the statistics for those offenses reported to the Saint Francis University Police Department, the Loretto Borough, Pennsylvania State Police and other law enforcement authorities that have jurisdiction of areas where the University uses or has control over a given area, and the University personnel who have significant responsibilities for student life and campus activities.

Chart II: contains the statistics for those offenses reported to the Saint Francis University Police Department only as recorded for the Uniform Crime Report (UCR). These UCR statistics are derived, in part, from patrol areas in areas which are not adjacent to campus.

Chapter 3 of the Pennsylvania Uniform Crime Reporting Act requires the release of crime statistics and crime rates to students and employees, and it also requires that the statistics be available to applicants and new employees upon request. The crime rate is determined by a formula specified by the Uniform Crime Reporting Act and is calculated by dividing the number of reported crimes by the number of full-time equivalent students and employees, then multiplying that number by 100,000.

It is important to understand that the crime classifications for which colleges and universities must provide statistics differ under state and federal law. Statistics for certain crime classification might appear to be different. For example the federal statistics for motor vehicle theft differ from the state statistics for the same category because the federal classification includes attempted motor vehicle theft, while state law requires institutions to separately report attempted motor vehicle thefts. Saint Francis University complies with its record-keeping and reporting requirements under applicable laws, including protecting personally identifying information about the survivor.

POLICIES ON ALCOHOL AND DRUGS

SAINT FRANCIS UNIVERSITY ALCOHOL POLICY

The following sections describe Saint Francis University’s policy regarding the sale, service, distribution and consumption of alcoholic beverages on or off University property or at University sponsored events in accordance with federal, state and local laws.

Those under the minimum legal drinking age of twenty-one are not permitted to possess or consume alcohol anywhere on University property or at University sponsored events. All Saint Francis University residence halls are substance free, meaning no alcohol is permitted regardless of your age. Students who are over twenty-one and are part of the Housing Apartment Transition Program (HATP) are permitted to possess and consume alcohol in approved University housing units.

Consumption of alcoholic beverages is prohibited for all students regardless of their age in all property owned, leased or subject to the control of the University, or as part of any of its activities, including, but not limited to off-campus activities sponsored by the University or engaged in by any recognized student organization. Students found to be where alcohol is present or being consumed will be in violation of the Saint Francis University alcohol policy. Students over the age of twenty-one who live in HATP units, upon review of their status, may request an exception in accordance to the HATP alcohol policy. The sale or furnishing of alcoholic beverages of any kind, to a person under the age of twenty-one, aside from being a violation of state law is also considered to be a more serious violation of the University’s alcohol policy.

Students who are of the legal drinking age may not share or provide alcohol to any students, employees or guests who are under twenty-one years of age. Drinking games, and simulated drinking games are prohibited on University property.

The University has full discretion in determining what events will permit the possession, consumption, of alcohol by persons of the legal drinking age. For more information see the University’s Social Event Policy.

ENFORCEMENT OF STATE, LOCAL AND FEDERAL LAWS

In addition to University imposed sanctions, students and employees are subject to all legal sanctions under federal, state and local law for any offenses involving illegal drugs on University property or at University sponsored activities.

DRUG AND ALCOHOL EDUCATION PROGRAMING

Saint Francis University offers numerous programs throughout the academic year on Drug and Alcohol awareness which are open to all University students.

- **SOAR Presentations**: Every year Saint Francis University presents Summer Orientation sessions with the parents of all incoming Freshman students on the significance of alcohol use for University students. There we review University policy’s on alcohol use and talk about shared local resources both on and off campus. Parents are encouraged and given tips on how to initiate a dialog with their student about alcohol and drug use. Presented by numerous administrative members of the University.

- **What is the True Cost of Underage Drinking**: The true cost of underage drinking is much more than purchasing the alcohol, dealing with the hangover or paying for the damages you may have done. Hear straight from District Judge John Prebish Jr.; Liquor Control Enforcement representative; Associate Dean of Students, Ms. Lynne Banks; Director of Residence Life, Mr. Don Miles, and head of University Police, Captain Chris Lytle, as to what is truly at stake for you. This training is required for all freshmen and is available upon request to all University members.

- **Beer Goggles**: Students were encouraged to volunteer to perform field sobriety test, while wearing Beer Goggles. This is program was presented by the Public Health Program and was open to all University students.

- **Alcohol Jeopardy**: Students participate in a game show style event in the Residence Hall, this program is open to any group upon request. Presented by Saint Francis Drug/Alcohol Services.

- **A Community in Crisis, Opioid Addiction and Abuse**: Presented by Conemaugh Health Systems. The program focused on the opioid epidemic on both a national and local level, with the far-reaching impact on the community. This open to all students and the local residents.

DID YOU KNOW?

Here are several ways that Saint Francis University upholds legal requirements concerning alcohol:

ANTI-HAZING POLICY

Saint Francis University has a zero tolerance policy relating to hazing. Hazing is considered a violation of the University’s Anti-Hazing Policy and Student Code of Conduct and is absolutely prohibited. Hazing may also be considered a criminal offense in the Commonwealth of Pennsylvania.

Throughout the academic semesters, anti-hazing programing is offered for various groups on campus. These efforts are designed to educate the Saint Francis University community about hazing, the potential consequences or engaging in hazing and how to report incidents of suspected hazing.

Students and others are encouraged to report any and all incidents relating to hazing, that may jeopardize the health, safety and wellbeing of the members of the community, by contacting the Saint Francis Police at 814-472-3360 or the Office of Student Conduct at 814-472-3002.

HAZING IS DEFINED AS FOLLOWS:

Any act likely to cause physical or psychological harm or social ostracism to any person within the university community, when related to the admission, initiation, pledging, joining, or any other group-affiliation activity on the basis of actual or perceived membership in a protected class; Hazing is also illegal under Pennsylvania state law and prohibited by University policy.

HAZING ACCORDING TO THE COMMONWEALTH OF PENNSYLVANIA

Any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student or which willfully destroys or removes public or private property for the purpose of initiation or admission into or affiliation with, or as a condition for continued membership in, any organization operating under the sanction of or recognized as an organization by an institution of higher education. The term shall include, but not be limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or any other forced physical activity which could adversely affect the physical health and safety of the individual, and shall include any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual, or any willful destruction or removal of public or private property.

For purposes of this definition, any activity as described in this definition upon which the initiation or admission into or affiliation with or continued membership in an organization is directly or indirectly conditioned shall be presumed to be “forced” activity, the willingness of an individual to participate in such activity notwithstanding. Therefore any student who causes or participated in hazing may be subject to appropriate University discipline and/or subject to criminal prosecution.

MYTHS ABOUT HAZING..

- Hazing builds unity
- The new members want to be hazed
- I went through it, so they should do it too, it’s tradition
- I’ll never get caught or turned in
- If they agree, then we’re not hazing
- Hazing is the only method for holding new members accountable
- Hazing practices preserve the uniqueness and exclusiveness of the group
- Hazing continues because everyone in the group supports it
- Hazing only “a little bit” is not really that bad
- Enduring hazing is a sign of strength
SEXUAL ASSAULT AND HARASSMENT, DATING AND DOMESTIC VIOLENCE, AND STALKING

Equal Opportunity, Nondiscrimination, Harassment, Sexual Misconduct, Stalking and Relationship Violence

Saint Francis University, inspired by its Franciscan and Catholic identity, values equality of opportunity, human dignity, racial, cultural, and ethnic diversity, both as an educational institution and as an employer. Accordingly, the University prohibits and does not engage in discrimination or harassment on the basis of gender, gender identity, age, race, color, ethnicity, religion, sexual orientation, marital status, disability, pregnancy status, veteran status, predisposing genetic characteristic or any protected classification. Saint Francis University will not tolerate sexual violence, dating violence, domestic violence, stalking, or sexually inappropriate conduct in any form. The University is committed to this policy based upon its values and as required by Title IX of the Education Amendments Act of 1972, the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, Title VII of the Civil Rights Act of 1964, and other applicable statutes and University policies. This policy applies to all programs and activities of the University, including, but not limited to, admission and employment practices, educational policies, scholarship and loan programs and athletic or other University sponsored programs.

Saint Francis University affirms its commitment to promote the goals of fairness and equality. All policies contained herein are subject to resolution using the University’s Resolution Process, as detailed below. The Resolution Process applies regardless of the status of the parties involved, who may be members or non-members of the campus community, students, student organizations, faculty, administrators and/or staff. The University reserves the right to act on incidents occurring on campus or off-campus, when the off-campus conduct could have an on-campus impact or impact on the mission of the University.

The Title IX Coordinator oversees implementation of the University’s Affirmative Action and Equal Opportunity plan, disability compliance, and the University’s policy on equal opportunity, discrimination, harassment, sexual misconduct, stalking, and relationship violence. Reports of discrimination, harassment, sexual misconduct, stalking, relationship violence, and/or retaliation should be made to the Title IX Coordinator promptly. There is no time limitation on the filing of allegations as long as the accused individual remains subject to the University’s jurisdiction, however a delay in filing a report will weaken an investigation. Reporting is addressed more specifically below.

- Any situation where it appears that the accused individual may present a danger or threat to the health or safety of him/herself or others;
- Any situation that significantly impinges upon the rights, property or achievements of self or others or significantly breaches the peace and/or causes social disorder; and/or
- Any situation that is detrimental to the educational interests of the University.

WHAT IS CONSENT?

Consent is informed, freely given and mutually understood. Consent requires an affirmative act or statement by each participant. If coercion, intimidation, threats and or physical force are used, there is no consent. If a person is mentally or physically incapacitated or impaired so that the person cannot understand the fact, nature or extent of the sexual situation, there is not consent; this includes conditions due to alcohol or drug consumption or being asleep or unconscious. Whether one has taken advantage of a position of influence over another may be a factor in determining consent.

CONSENT UNDER TITLE 18 OF THE PENNSYLVANIA CRIMES CODE

- **General rule:** The consent of the victim to conduct charged to constitute an offense or to the result thereof is a defense if such consent negates an element of the offense or precludes the infliction of the harm or evil sought to be prevented by the law defining the offense.

- **Consent to bodily injury:** When conduct is charged to constitute an offense because it causes or threatens bodily injury, consent to such conduct or to the infliction of such injury is a defense if:
  - The conduct and the injury are reasonably foreseeable hazards of joint participation in a lawful athletic contest or competitive sort or
  - The consent establishes a justification for the conduct under Chapter 5 of this title (relating to gen-
SEXUAL ASSAULT AND HARASSMENT, DATING AND DOMESTIC VIOLENCE, AND STALKING
continued

- **Ineffective consent:** Unless otherwise provided by this title or by the law defining the offense, assent does not constitute consent if:
  - It is given by a person who is legally incapacitated to authorized the conduct charged to constitute the offense;
  - It is given by a person by reason of youth, mental disease or defect, or intoxication is manifestly unable or known by the actor to be unable to make reasonable judgement as to the nature or harmfulness of the conduct charged to constitute the offense;
  - It is given by a person whose improvident consent is sought to be prevented by the law defining the offense; or
  - It is induced by force, duress, or deception of a kind sought to be prevented by the law defining the offense.

PREVENTION AND AWARNESS PROGRAMS
Saint Francis University has a wide array of prevention and educational programs intended to work on ending sexual assaults and harassment, relationship violence, and stalking that include but are not limited to the following:

- **University Counseling Center:** offers related programs and events each school year, which are open to all current students. Along with sending educational emails to the University community on various topics.

- **Speakers from the community:** Representatives from the Women’s Help Center and Victim services periodically offer programs to the entire University community and surrounding area, on sexual assault and other related topics.

- **New Student Orientation:** All Freshman students are required to attend sessions on sexual assault and other related information. The presentations include the Todd and Amy story, Cup of Tea, along with learning how to use the colors of a traffic light to know what is and what is not consent. Along with numerous other topics. These programs are offered throughout the semester to all students and upon request.

- **Residence Life Staff:** Offers numerous hall programs throughout the year, relating to sexual assault and alcohol use. Each Resident Assistant is required to complete one alcohol education and Title IX program each semester.

FACTS ABOUT SEXUAL ASSAULT..
- 1 in 5 women (20%) will be sexually assaulted while at college, while only 4% of college men will be sexually assaulted
- Most college victims are assaulted by someone they know
- 42% of college women who are raped tell no one about the assault
- It is estimated that only 5% of sexual assaults on college campuses are reported, making sexual assault the most underreported crime.

TIPS FOR PREVENTING SEXUAL MISCONDUCT:

- **Be true to yourself:** Don’t feel obligated to do anything you don’t want to
- **Have a code word:** Think of a word that only you and your close friends know, so if you start to feel uncomfortable you can easily let them know its time to go
- **Trust your instincts:** If you feel unsafe or uncomfortable for any reason, don’t shrug them off, go with your instincts and get out and go somewhere safe
- **Think of an escape route:** Always ask yourself how would I get out of the room if I had to?
- **Be a good friend:** Never let a friend unattended in a strange or unsafe situation

Bystander Intervention:
Everyone has a role to play in preventing sexual assault. There are many different ways you can step in and make a difference if you see someone at risk. This approach to preventing sexual assault is referred to as “Bystander Intervention”. Bystander intervention involves safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening and identifying safe and effective intervention options, and taking action to intervene. There are programs offered throughout the year open to all students, all employees are required to complete numerous online trainings relating to sexual misconduct and bystander intervention.

IF YOU EXPERIENCE SEXUAL MISCONDUCT
Regardless of when or where the incident occurred, it is never too late to speak with a support resource about your options.

The University encourages all individuals to seek assistance from a medical provider and/or law enforcement immediately after an incident of sexual misconduct. This is the best option to ensure preservation of evidence and to begin a timely investigative and remedial response. The University will assist any University community member to get to a safe place and will provide transportation to the hospital, coordination with law enforcement, and information about the University’s resources and complaint processes.

There is a limited window of time (typically 72 to 96 hours) following an incident of sexual misconduct to preserve physical and other forms of evidence. Taking the step to gather evidence immediately does not commit an individual to any course of action. The decision to seek medical attention and gather any evidence will remain confidential and preserve the full range of options to seek resolution through the University’s resolution process and/or criminal action.

SEXUAL MISCONDUCT INFORMATION

Q If I call campus police, does it mean I have to press charges?

A No. You as the victim have the right not to press charges. However, in the event of a safety concern to the victim and/or the campus community, the Saint Francis Police have the obligation to investigate the incident and report any report of sexual misconduct and report it to the University’s Title IX Office.

Q Can I file an anonymous sexual misconduct report?

A An individual may report the incident without disclosing his/her name, identifying the responding party(s), or requesting any action. Depending on the level of information available about the incident or the individuals involved, anonymous reporting may impact the University’s ability to respond or pursue appropriate action.

Anonymous reports may be made by telephone at 1-888-297-9325 or online at www.ethicspoint.com, which will be forwarded to the University’s Title IX Coordinator.

REPORTING AN INCIDENT OF SEXUAL MISCONDUCT
Choosing to make a report, and deciding how to proceed, can be a process that unfolds over time.

Reporting means providing information to Saint Francis University that an incident of sexual misconduct has occurred. Upon receiving a report, the University’s Title IX team will lead a prompt and equitable response in order to support the individuals involved and to protect the University community. We recognize that the decision whether or not to report sexual misconduct is difficult. There are confidential support resources on campus and in the community available to individuals not ready or wishing to make a report to the University.

Saint Francis University is committed to providing a variety of welcoming and accessible ways for community members to voice concerns about and report instances of alleged sexual harassment. Reporting an issue is the best way for the community to help you receive the resources, support, and accommodations available at Saint Francis. Not only does reporting help you, communication about issues related to sexual harassment and misconduct can help prevent sexual misconduct and sexual violence. The information community members report can illuminate patterns of behavior, immediate threats to the safety of the community, and systemic issues.

PRESERVING PHYSICAL EVIDENCE

In the aftermath of a sexual trauma, although it may not be foremost on your mind, the preservation of evidence is strongly encouraged. Even if you do not think you want to pursue a criminal or civil proceeding, preserving evidence keeps your options open in case you change your mind. To preserve evidence, do not shower, douche, or change your clothes or bedding before you seek medical attention. Also, if oral contact took place, do not brush your teeth, smoke, or eat. Optimaly, evidence collection should occur within 72 hours of the assault, and there are medical facilities that can assist you:

- Conemaugh Memorial Medical Center
  Emergency Room
  1086 Franklin Street
  Johnstown, PA 15905
  814-534-9000

Conemaugh Memorial Medical Center is staffed with sexual assault nurse examiners (SANE), registered nurses who have completed specialized education and clinical preparation in the medical forensic care of the patient who has experienced sexual assault or abuse.

- UPMC Altoona
  Emergency Room
  620 Howard Ave.
  Altoona, PA 16601
  1-800-946-1902

- Chan Soon-Shiong Medical Center at Windber
  Emergency Room
  600 Somerset Ave.
  Windber, PA 15963
  814-467-3000

Hospital Emergency rooms are the best equipped to collect physical evidence of a sexual assault. Your best source of immediate medical help is the nearest hospital emergency room. All hospitals are required by law to report to the police any injury that is the result of a crime. This does not obligate you to file formal charges. Completing a forensic exam does not require a victim to talk to police of prosecute the offender.

DISCIPLINARY PROCESS FOR SEXUAL ASSAULT, RELATIONSHIP VIOLANCE, AND STALKING

INVESTIGATION
If a reporting party wishes to pursue a formal resolution or if the University, based on the alleged policy violation, wishes to pursue a formal resolution, then the Title IX Coordinator appoints trained investigators to conduct the investigation. The evidence gathering typically takes 3-10 days, but may take longer should initial reports fail to provide direct first-hand information. The University may undertake a short delay in order to allow for evidence collection, when criminal charges on the basis of the same behaviors that invoke this process are being investigated. The University’s resolution will not be altered or precluded on the grounds that civil or criminal charges involving the same incident have been filed or that charges have been dismissed or reduced.

All investigations will be thorough, reliable and impartial, and will entail interviews with all relevant parties and witnesses, obtaining available evidence and identifying sources of expert information, if necessary. At any point during the investigation, if it is determined there is no reasonable cause to believe that University policy has been violated, the Title IX Coordinator has authority to terminate the investigation and end the resolution proceedings. During the investigation interview(s), the responding party will be given a full and complete opportunity to know and respond to all allegations, including the details of evidence other witnesses have given. The investigator(s) will render a written report that details the findings of the investigation on each alleged policy violation, using the “more likely than not” standard of evidence. Investigators typically share the preliminary findings of this report, or a summary, with the parties before finalizing the findings.

Note: A prompt and equitable investigation is required to occur within a 60 calendar day timeframe for the entire investigation process.

SANCTIONS INVOLVING STUDENT MISCONDUCT
The following are the usual sanctions that may be imposed upon students or organizations singly or in combination:

- **Warning:** A formal statement that the behavior was unacceptable and a warning that further infractions of any University policy, procedure or directive will result in more severe sanctions/responsive actions.
- **Probation:** A written reprimand for violation of the Code of Student Conduct, providing for more severe disciplinary sanctions in the event that the student or organization is found in violation of any University policy, procedure or directive within a specified period of time. Terms of the probation will be specified and may include denial of specified social privileges, exclusion from curricular activities, non-contact orders and/or other measures deemed appropriate.
- **Suspension:** Termination of student status for a definite period of time not to exceed two years, and/or until specific criteria are met. Students who return from suspension are automatically placed on probation through the remainder of their tenure at University.
- **Expulsion:** Permanent termination of student status, revocation of rights to be on campus for any reason or attend University-sponsored events.
- **Withholding Diploma:** The University may withhold a student’s diploma for a specified period of time and/or deny a student participation in commencement activities if the student has a complaint pending, or as a sanction if the student is found responsible for an alleged violation.
- **Revocation of Degree:** The University reserves the right to revoke a degree awarded from University for fraud, misrepresentation or other violation of University policies, procedures or directives in obtaining the degree, or for other serious violations committed by a student prior to graduation.
- **Organizational Sanctions:** Deactivation, de-recognition, loss of all privileges (including University registration), for a specified period of time.

SANCTIONS INVOLVING EMPLOYEE MISCONDUCT
Responsive actions for an employee who has engaged in harassment, discrimination and/or retaliation include:

- **Warning**
- **Mandatory training**
- **Required counseling**
- **Demotion**
- **Suspension with pay**
- **Suspension without pay**
- **Termination**

INTERIM SUSPENSION OR LEAVE
Where the report of sexual and/or gender-based harassment, discrimination and violence, including sexual violence, stalking, and relationship violence, poses a substantial and immediate threat of harm to the safety or well-being of an individual, members of the campus community, or the performance of normal University functions, the University may place a student or student organization on interim suspension. Employees may be placed on administrative leave or suspended depending on their employment classification.

Pending resolution of the report, the individual or organization may be denied access to campus, campus facilities and/or all other University activities or privileges for which the student or employee might otherwise be eligible, as the University determines appropriate. When interim suspension or leave is imposed, the University will make reasonable efforts to complete the investigation and resolution within an expedited time frame.

STANDARD OF EVIDENCE
All matters brought before the Title IX Officer will be judged using the preponderance of the evidence standard, which means, it is more likely than not that the University Policy was violated.
SEEKING PROTECTIVE MEASURES

Depending on the circumstances, you may have the option, along other remedies, to obtain no-contact orders, seek a room or class changes, file an applicable complaint, and pursue criminal complaints. For more information or assistance in any of the above options, you can contact the Office of Student Conduct (814-472-3002); and/or the Title IX Office at (814-472-3352).

INTERIM REMEDIES

Interim Actions/Remedies are temporary actions taken by the University to foster a more stable and safe environment during a period of ongoing exploring of options, investigation and or adjudication. Interim actions/remedies, in and of themselves, are not a resolution to a report.

Upon receipt of a report of sexual and/or gender-based harassment, discrimination and violence, including sexual violence, stalking, and relationship violence, Saint Francis University will impose reasonable and appropriate actions/remedies designed to protect the parties and the integrity of any investigation. In imposing these actions/remedies, the University will make reasonable efforts to communicate with the parties to ensure that all safety, emotional and physical well-being concerns are being addressed. Interim actions/remedies are available, as appropriate, regardless of whether a reporting party seeks an investigation or resolution.

Interim actions/remedies may be requested by the parties or imposed by the University on its own initiative. For example, a reporting party or a responding party may request a no contact notice or other protection, or the University may choose to impose interim actions/remedies at its discretion to ensure the safety of all parties, the broader University community and or the integrity of the process.

All individuals are encouraged to report concerns about the failure of another individual to abide by any restrictions imposed by interim actions/remedies. The University will take immediate and responsive action to enforce a previously implemented action/remedy. Failure of the parties to comply with interim actions/remedies may result in discipline or another individual to abide by any restrictions imposed by interim actions/remedies. The University will take immediate and responsive action to enforce a previously implemented action/remedy. Failure of the parties to comply with interim actions/remedies may result in discipline.

nary action, even if the initial report of sexual misconduct is later not proven.

The University supports the right of students and employees to seek a protection order from a civil or criminal court. The University honors any existing protection orders provided to University Police by members of the University community.

RANGE OF ACTIONS/REMEDIES

Interim actions/remedies will be implemented at the discretion of the University. Potential actions/remedies, which may be applied to the Reporting Party and or the Responding Party, include:

RETRACTION

Retaliation is defined as any adverse or harassing action taken against a reporting party, witness, or support person engaged in a formal resolution procedure. It is a violation of University policy to retaliate in any way against a student or employee because he/she raised allegations of sexual harassment, sexual violence, sexual misconduct, relationship violence, domestic violence, dating violence, and/or stalking. The University recognizes that retaliation can take many forms, may be committed by or against an individual or group.
DISCIPLINARY PROCESS continued

WRITTEN NOTIFICATION

Saint Francis University provides support for victims of sexual assault. Regardless if the victim is a student or employee, the University is obligated to change a victim’s academic schedule and on-campus living situation if changes are requested, appropriate to the situation and if reasonably available. Whether or not legal charges are filed, students accused of sexual misconduct are subject to disciplinary actions from the University as outlined in the Student Code of Conduct and Title IX investigation procedures. Both the alleged victim and the accused are entitled to have others present during the disciplinary proceedings, and both will be informed of the outcome.

APPEAL PROCESS

All requests for appeal considerations must be submitted in writing to the administrator designated in the letter of finding within three (3) business days of the delivery of the written finding of the Incident Review. The administrator will determine if any of the criteria below for appeal are met. If so, the administrator will forward the appeal to the appropriate appeals officer for consideration. If not, the administrator will deny the appeal and inform the parties accordingly in writing within two business days of that decision.

Either party may initiate an appeal, but appeals are limited to the following:

- A procedural error or omission occurred that significantly impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures, etc.).
- To consider new evidence, unknown or unavailable during the original hearing or investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.
- The sanctions imposed fall outside the range of sanctions the University has designated for this offense and/or the cumulative conduct record of the responding party.

In cases involving a student as responding party, appeals are heard by the Vice President for Student Development, in consultation as appropriate. Appeals involving an employee as the responding party are heard by the Vice President for Finance and Administration, in consultation as appropriate. Appeals where the responding party is a faculty member are heard by the Provost, in consultation as appropriate.

The original finding and sanction/responsive actions will stand if the appeal is not timely or is not based on the grounds listed above, and such a decision is final. When any party requests an appeal, the other party (parties) will be notified and joined in the appeal. The party requesting appeal must show that the grounds for an appeal request have been met, and the other party or parties may show the grounds have not been met, or that additional grounds are met. The original finding and sanction are presumed to have been decided reasonably and appropriately.

Where the appeals officer finds that at least one of the grounds is met, and proceeds, additional principles governing the hearing of appeals include the following:

- Decisions by the appeals officer are to be deferential to the original decision, making changes to the finding only where there is clear error and to the sanction/responsive action only if there is a compelling justification to do so.
- Appeals are not intended to be full rehearings of the grievance. In most cases, appeals are confined to a review of the written documentation or record of the original hearing, and pertinent documentation regarding the grounds for appeal. Appeals granted based on new evidence should normally be remanded to the original investigator(s). Other appeals may be remanded or decided at the discretion of the appeals officer.
- Sanctions imposed are implemented immediately unless an appropriate administrator stays their implementation in extraordinary circumstances, pending the outcome of the appeal.
- An appropriate administrator will normally, after conferring with appeals officer, render a written decision on the appeal to all parties within three (3) business days from hearing of the appeal.
- All parties should be informed of whether the grounds for an appeal are accepted and the results of the appeal decision.
- Once an appeal is decided, the outcome is final: further appeals are not permitted.
- All parties will be informed in writing within three (3) business days of the outcome of the appeal, without significant time delay between notifications.

RIGHTS OF A SURVIVOR

- You have the right to receive medical care and mental health treatment or participate in legal procedures, only after giving your informed consent.
- You have the right not to be asked questions about prior sexual experiences
- You have the right to keep your name from the media
- You have the right to be protected from future assaults
- You have the right not to report the incident to the police
- You have the right to as much credibility as victim or any other crimes
- You have the right to be treated with dignity and respect

RECORDS

In implementing this policy, records of all reports, resolutions, and hearings will be kept by the Title IX Coordinator indefinitely in the Title IX Coordinator database.

Complete information on the Title IX process can be found online at www.francis.edu/Titleix-Clergy-Information/
FIRE SAFETY INFORMATION

Fire education programs are provided to all Residence Life Staff members and other groups on campus upon request. The Residence Life Staff and Occupational Therapy students are trained on the proper use of fire extinguishers. This training is offered all members of the Saint Francis community upon request.

Students should immediately report any fires regardless of the size by activating one of the pull stations and after evacuating the building to a safe area, by contacting the University Police at 814-472-3360. Along with reporting all active fires, students should also report all finding of an extinguished fire to the University Police at 814-472-3360. Students are strongly encouraged to report any problems with the fire protection systems (fire extinguishers, pulls stations, fire doors or horns/strobes) to their Resident Assistant assigned to their building, Residence Life Office at 814-472-3029 or the University Police Department at 814-472-3360.

RESIDENCE HALL FIRE SAFETY

All 10 residence halls on campus and 11 off campus apartment-style buildings, which are part of the University’s Housing Apartment Transition Program (HATP) are nonsmoking environments. Every building which houses University students are equipped with both smoke detectors and fire extinguishers.

Other fire safety features in University residential units include:

- Fire Extinguishers (Residence Halls and HATP units)
- Smoke/Heat Detectors (on campus buildings)
- Smoke (all HATP units)
- CO2 Detectors (HATP units that require one)
- Sprinkler Systems (almost all, on campus residential buildings)

ON CAMPUS RESIDENTIAL HOUSING FIRE SAFETY SYSTEMS

All residence halls at Saint Francis are equipped with fire protection systems. Each residence hall has pull stations, smoke/heat detectors, horns or strobes, evacuation plans and fire extinguishers. While Christian, Saint Joan, Amici, Giles, Saint Louis, Saint Elizabeth, Saint Agnes, Saint Clare and Saint Francis Halls are also equipped with a sprinkler system. If a fire alarm is activated, it will automatically notify the on duty officer with the location of the alarm, along with notifying the Cambria County 911 Center which will dispatch all appropriate personnel.

All of the University owned or operated apartment-style living units are outfitted with both smoke detectors and fire extinguishers.

FIRE DRILLS AND EVACUATION PROCEDURES

Periodic fire drills will be conducted, in accordance with Pennsylvania state law, all must participate completely during any emergency drill. The following evacuation procedures must be followed at Saint Francis University. Students must evacuate the building when an alarm sounds. Before leaving, students should do the following:

- If in a room, feel the door, if feels hot, the hallway may be filled with deadly gases. Do not open the door, but go to the window and wait for rescue. If the door is cool, close the windows before slowly opening the door.
- Do not stop to dress, but take a pair of shoes, a jacket or blanket. Upon leaving the room, leave the lights on and the door closed.
- Take your room key. Knock on the other students doors on each side of the hall to be sure that others are aware of the fire before evacuating.
- If it is not possible to leave the room:
  - Open the windows if there is smoke in the room; if there is not smoke, leave the window closed to prevent outside smoke from being drawn into the room.
  - Seal cracks around the door with towels (damp if possible)
  - If trapped, attract attention by hanging an object from the window (the brighter the color the better) and wait by the window for help. If outside smoke is drawn in, close the windows, leaving the object hanging. Don’t panic, help will come quickly.
- If smoke is severe, place a wet cloth over your mouth and nose. Remember, there is usually less smoke near the floor.
- When evacuating:
  - Walk at a brisk pace, do not run
  - Follow the proposed corridor instructions for the proper exit route and assembly point
  - Move in a single file along the wall toward the exit
  - Use only the marked exits. Remain silent so that you can hear instructions
  - If the exit lights are out, do not panic. Proceed cautiously to find the nearest exit route or, if necessary, return to your room
  - Remain outside until you are instructed to return to the building by a University official. In the event that reentry to the hall is not possible, everyone will be instructed to go to another assembly point for more information.
Students are required to read and comply with the Student Code of Conduct, Student Handbook and/or the housing contract, which includes health and safety inspections and all other set guidelines and rules for residential buildings. Through each semester periodic room inspections are performed, which include but are not limited to, a visual inspection of electrical cords/power strips, damages, etc. In addition each room is examined for the presence of items, which were outlined in the housing contract as prohibited items, they include:

- Toaster ovens
- Space heaters
- Smoking of any kind
- Halogen lamps
- Open coiled appliances
- Internal combustion engines
- Harmful/explosive chemicals
- Candles

FURNITURE
All furniture and mattresses supplied by the University meet the requirements of Cal Tech 133 and Cal Tech 117. These measurements are standards used throughout the combustibility requirements of residential furnishings.

DISABLED PERSONS
Any person(s) with disabilities who require assistance evacuating a building should notify the Saint Francis University Police Department, along with the Residence Life Office and the Director of Student Accessibility so that an evacuation assistance plan can be established, amongst University departments and the Loretto Fire Department.

FIRE EXTINGUISHERS
There is a fire extinguisher located in all hallways and common areas throughout all of the residential buildings, which are owned and/or operated by Saint Francis University. The extinguishers are to be used by emergency responders and trained University personnel only. Do not attempt to fight a fire with a fire extinguisher unless you have been properly trained on the proper use of the equipment. If you discover a small fire and the alarm fails to sound, go to the nearest pull station to activate the alarm manually and evacuate the building.

Fire extinguishers are inspected annually by a third party vendor to make sure they are functioning correctly. They are then maintained by the University Police Department monthly to assure proper locations and charge.

FIRE SAFETY TIPS
- If you suspect a fire, pull the nearest fire alarm in the hallway or near an exit door
- When you hear the building’s fire alarm sounding, evacuate the building immediately
- Evacuate any building on campus by following the posted EXIT signs. Do not attempt to use elevators during emergencies unless you are directed by emergency response personnel.
- If you are disabled, call the University Police, Residence Life Office and the Director of Student Accessibility so that an evacuation assistance plan can be established.

PLANS FOR FUTURE IMPROVEMENTS IN FIRE SAFETY
Saint Francis University continually evaluates their fire protection systems in residential facilities. Upgrades to the system occur through replacements or building renovations. Current planning and education include:

- Adding sprinkler systems to the remainder of the residence halls
- Establishing a Fire Safety Program for University students, faculty and staff members to learn proper fire safety

SAINT FRANCIS UNIVERSITY SHUTTLE SERVICES

Whether you are in need of a ride to local shopping destinations or local transportation depots, we’re happy to help! The Center for Student Engagement coordinates the Transportation Services program at Saint Francis University. Various services are offered to SFU students, including regularly scheduled shuttles to area transportation depots, weekend shopping, non-emergency medical transportation, and much more!

Students can arrange for shuttle service to area transportation hubs for bus, train, or airports to get back and forth from home during breaks or on weekends. Shuttles regularly services both the Johnstown/Cambria County Airport and the Altoona-Blair County Airport for flights, along with the Altoona Transportation Center for Amtrak train and Greyhound bus. Shuttles are also offered to the Pittsburgh International Airport. Low standard rates are charged for students who utilize regularly-scheduled shuttles. Students who desire a more customized service outside the regular schedule are subject to a premium rate.

Visit the Center for Student Engagement (located on the upper floor of the JFK Center), call for additional information at 814-472-3305, or email your questions/concerns to studentlife@francis.edu.

SHUTTLE POLICIES

The following policies are set-forth by the Center for Student Engagement and are intended to help maintain an efficient, safe, and reliable service for students

- Transportation/shuttle services are available only to full-time SFU students. The service is available to and from the Saint Francis University campus only.

- Anyone utilizing the shuttle service must register to reserve a seat by completing a shuttle reservation form at the Center for Student Engagement office at least four business days prior to the scheduled shuttle. At the time of reservation, students will need to provide personal contact information and transportation information including time of departure and/or arrival time.

- There is a limited amount of space for seating; therefore, luggage is limited to one piece of luggage and one carry-on or backpack per person.

- The Center for Student Engagement is NOT responsible for book-

ing/coordinating other travel arrangements such as bus, train, or flights, OR any lodging accommodations.

- The scheduled shuttle services will be the only shuttles provided by Saint Francis University. For individual requests that fall outside of our schedule, students will be assessed a premium rate.

- ALL shuttles are subject to change or cancellation per weather/road conditions and availability of authorized drivers. The Center for Student Engagement coordinates all transportation services with the Department of University Police and strictly follows their recommendation regarding the release of any shuttles.

- It is the students’ responsibility to check their email for shuttle instructions and confirmation. Transportation requests made after deadlines may not be able to be accommodated.

- On the day of travel, please arrive at the JFK Center Front Lobby at least 10 minutes prior to shuttle departure time. When departing campus, the van will not be able to hold the departure time for those who are not ready to leave at the scheduled time. The departure time from campus is set to accommodate other travelers and cannot be delayed for any reason. If a student misses the shuttle, it will be the student’s responsibility to locate and obtain alternate transportation to and from campus. Saint Francis University or the Center for Student Engagement will not be responsible for any additional costs incurred if a student misses the train/bus/flight for any reason. This would include inclement weather and traffic delays.

All transportation services are contingent upon the availability of university authorized vehicles and drivers.

Non-Emergency Medical Transports

Students who schedule doctor, dentist or eye appointments can request a shuttle transport to Ebensburg, Altoona or Johnstown for a small fee. Request your transportation needs immediately after you’ve scheduled your appointment to arrange a vehicle and driver. All non-emergency medical appointment transports will use the Standard Service rates. Contact the Center for Student Engagement to arrange for your non-emergency medical transport by dialing 814-472-3005 or by emailing us at studentlife@francis.edu.

Enterprise CarShare Program

We’ve partnered with Enterprise Rent-A-Car and their exciting CarShare program that provides students access to safe, reliable Enterprise vehicles for a low hourly rate. Cars are available 24/7, and the hourly fees include fuel and physical damage/liability protection. So, now you can go “where you want, when you want” cheaply and independently!

PEDESTRAIN SAFETY TIPS

BE ALERT WHILE YOU WALK ON CAMPUS

WALKING SAFETY

Safety is a shared responsibility for all road users, including drivers and pedestrians. The following are some tips to improve road safety for everyone.

SAFETY TIPS FOR PEDESTRIANS

Be safe and be seen: make yourself visible to drivers

- Wear bright/light colored clothing and reflective materials.
- Carry a flashlight when walking at night.
- Cross in a well-lit area at night.
- Stand clear of buses, hedges, parked cars or other obstacles before crossing so drivers can see you.

Be smart and alert: avoid dangerous behaviors

- Always walk on the sidewalk; if there is no sidewalk, walk facing traffic.
- Stay sober; walking while impaired increases your chance of being struck.
- Don’t assume vehicles will stop; make eye contact with drivers, don’t just look at the vehicle. If a driver is on a cell phone, they may not be paying enough attention to drive safely.
- Don’t rely solely on pedestrian signals; look before you cross the road.
- Be alert to engine noise or backup lights on cars when in parking lots and near on-street parking spaces.

Be careful at crossings: look before you step

- Cross streets at marked crosswalks or intersections, if possible.
- Look left, right, and left again before crossing a street.
- Watch for turning vehicles; make sure the driver sees you and will stop for you.
- Look across ALL lanes you must cross and visually clear each lane before proceeding. Just because one motorist stops, do not presume drivers in other lanes can see you and will stop for you.
- Don’t wear headphones or talk on a cell phone while crossing.

Remember always be alert while walking on campus and crossing the street, especially at night.
TIPS FOR A SAFER CAMPUS

WHEN WALKING OR RUNNING:
- Carry a whistle or personal alarm that would make a loud sound to get the attention of others in the area
- Always go with someone
- Stay away from isolated areas on and around campus
- Stay in well-lit, well-traveled areas. Walk in the middle of the sidewalk between curbs and buildings, staying away from low laying trees and bushes
- Hold your purse, backpack and briefcase tightly and close to your body
- Keep your wallet in a front pocket, which is safer than your back pocket

IF YOU'RE BEING FOLLOWED:
- Cross the street or change directions
- Keep looking back, so the person(s) know you can’t be surprised
- Go to a well-lit area. Enter a building anywhere or anywhere else there are people
- Notice and remember as much as possible about the person, so you can give a good description
- When arriving at a safe location, immediately contact the Saint Francis University Police Department and report the incident

WHERE YOU LIVE:
- Keep your door locked both day and night
- Don’t let strangers in
- Never prop doors open, especially fire doors, even for a short period of time

PROTECT PERSONAL AND UNIVERSITY PROPERTY:
- Lock your door every time you leave
- Engrave expensive items and valuables with an unique marking
- Don’t attach your Saint Francis ID card or any other identification to your key chain
- Don’t leave your belongings (books, laptops, gym bags, backpacks, coats, purses, etc.) unattended in the library, hallway, classroom, study area, etc.
- Don’t tell anyone if you have a large amount of cash or other valuables in your room or on your person.

AVOID WORKING OR STUDYING ALONE IN A BUILDING AT NIGHT:
- If you work late, keep your office door locked
- Call the Saint Francis Police to be escorted to or from your campus destination
- Lock all doors behind you when entering or exiting at night

PROTECT YOUR CAR:
- Always lock your car and take the keys with you
- Always keep your valuables out of sight or lock them in the trunk
- Park in well-lit areas

IF DRIVING:
- Have your keys ready when walking to your vehicle
- Always check your back seat before getting into your car
- Keep doors locked while driving
- Don’t offer a ride to anyone you do not know

BE AWARE:
- Attend safety workshops and seminars held by the University Police Department, Residence Life or other groups on campus.
- Always report suspicious activity
- Get to know your neighbors and pay attention to who is coming and going from the hallway or the buildings
- If you see a suspicious person or vehicle on campus never approach them, stay at a safe distance and gather as much information about the person(s) or vehicle. If possible contact University Police immediately to report the incident.
- Never hesitate to contact the Saint Francis University Police Department at 814-472-3360, when you have any safety concerns.
