

**Community Enrichment Series  
Fall 2019**

All Saint Francis University community members are welcome to attend any of the Community Enrichment Series (CES) programs. Many professors incorporate CES programs into their courses in order to enrich the classroom experience and integrate learning in and out of the classroom.

First-year students are required to participate in the Community Enrichment Series, Core 103-104, on a Pass/Fail basis in partial fulfillment of their General Education requirement for graduation. ***In order to receive a passing grade at mid-term, students must attend a total of three programs. To receive a passing final grade, students must attend a total of six different programs by the end of the semester.***

Because a goal of the General Education Program is to encourage you to broaden your horizons and expose you to new ideas, we hope you will sample several of the categories listed below and perhaps even make one of your choices a program you would normally be least likely to attend.

**Events listed in red are offered multiple times over the course of the semester, but students may only earn one CES credit for attending these events. You may earn only ONE CES credit for Museum.**

Wednesday	10/2	8:00 pm	“Why do Catholics Teach That?”	<p>On October 2nd at 8PM in the JFK Lounge, Campus Ministry has invited Shannon Ochoa from Eden Invitation to come and give a presentation entitled "Fellow Travelers: Accompaniment Beyond the LGBT+ Paradigm", or, as she describes it:</p> <p>In our increasingly open society, what is a Christian to make of the changing attitudes towards gender, sex, and love? How do we balance truth with love, or accompaniment with our heavenly destination? Are we even going the same direction? This presentation explores a relevant, Christ-centered pastoral response to persons on the LGBT+ spectrum. Discover how to respond to those who invite you into their journey by coming out.</p> <p>For some background: Shannon co-founded Eden Invitation out of her experiences growing up, namely that of realizing her attractions for other women, the experience of shame from others, the confusion of not knowing who she really was and what was right and wrong to feel. Out of this milieu, Eden Invitation came as the fruit of a search for who she was, what the Catholic Church said she was as a human being, and how that and everything in between fit together. Insofar as I've read/listened to their materials, they do a wonderful job of providing a space for intellectually and emotionally honest dialogue, true encouragement, and support.</p>	JFK Lounge	Denise Farabaugh
